New Insignia is an exceptional car. As the bold successor to the car that attracted more than 40 industry awards – including the prestigious European Car of the Year title – the latest model raises the Insignia driving experience to a whole new level. And there’s plenty of driver-focused technology too. Digital radio and Bluetooth® technology are standard across the range and a sophisticated interface transforms the way you interact with the vehicle. Touch-pad-controlled, fully customisable infotainment options provide a seamless link to your business and leisure worlds, creating a truly interactive travelling environment. With advanced driver assistance systems, premium interiors and refined ride and responsiveness, New Insignia represents a persuasive restatement of the car’s established values.

Fresh design cues signpost the new model’s individuality. There are three distinct body styles, each providing a stylish interpretation of Insignia’s inherent functionality. And powerful new tax efficient engines – including a choice of cutting edge diesel units that deliver class-leading CO₂ emissions as low as 99g/km. Blending power with poise, dynamic handling with genuine road presence. New Insignia encapsulates the style and substance at the heart of our brand.

Company car drivers can experience New Insignia for themselves via our 3 Day Test Drive programme. Please see back cover for more details.
Insignia drivers expect quality and attention to detail. The new car’s interior comfortably exceeds these high expectations. The new facia trims and seats are carefully tailored and textured in a choice of hand-picked materials. With its seamless connectivity and premium, user-friendly design, New Insignia’s instrumentation delivers outstanding convenience and efficiency; the controls themselves are now smarter and easier to use. Better still, you can now operate portable multimedia devices from the leather-covered steering wheel and monitor safety functions via the new optional digital instrument cluster. You can even specify a keyless entry and start system available as an option on all models. When it comes to comfort, multi-adjustable ergonomic front seat options provide unparalleled levels of support.

**Ergonomic sports front seats.** Ideal for drivers covering long distances, the optional ergonomic front seats* adjust to suit your body shape and preferred posture by allowing you to fine tune the lumbar support via a four-way adjustment control. You can even extend the seat cushion forward for additional thigh support. Together, these features give your upper body and legs greater support where it’s needed most. The seats themselves have won the coveted AGR** seal of approval for helping to prevent the back pain and tension suffered by some car occupants.

*SRi models feature an ergonomic sports driver’s seat as standard.
**Aktion Gesunder Rücken e.V (AGR) is an independent panel of ergonomics experts and doctors based in Germany.
TECHNOLOGY IN A FINER FORM

It’s our most sophisticated infotainment system ever. New Insignia models feature improved infotainment systems as standard right across the range, with Bluetooth® and digital radio on each and every model.

Upgrade to one of two optional IntelliLink units – the RF700 or the RF900 with sat nav – both of which effortlessly connect to your preferred choice of digital media. Using the 8-inch colour touch-screen, it’s easy to contact clients and colleagues, friends and family – and access all the information you need, on demand. It’s also possible to re-configure the optional displays with a choice of 60 personal favourites. This allows you to prioritise icons and select key information on the centre console display – just as you would on a home computer screen. That’s everything from your favourite bands to your most listened-to radio stations.

The built-in smartphone link also works with popular apps like Stitcher® and TuneIn®. This means the IntelliLink technology will effectively communicate with your phone and display the apps on the centrally mounted touch-screen.

As you would expect of such advanced systems, they also offer video playback and audio streaming via Bluetooth-enabled devices. The advanced RF900 sat nav unit with IntelliLink technology is standard on New Insignia Tech Line models.

**Digital instrument cluster.** With New Insignia, key information is no longer confined to the centre console display. You can read off infotainment, phone and – on models equipped with the RF900 unit – sat nav menus located within the digital instrument cluster. The controls themselves are conveniently mounted on the steering wheel. Optional at extra cost on models specified with RF700 and RF900 infotainment systems.

**RF900 with sat nav.** For effortless, hands-free operation, upgrade to RF900, with touch-screen and IntelliLink technology. This advanced, interactive sat nav unit understands voice commands for destination input and also comes with a touch-pad feature together with Pan-European sat nav menus. Standard on Tech Line models.

**Touch-pad infotainment control.** This new feature works just like the touch-pad on a laptop, providing instant access to menus and applications. It’s standard with RF900 and optional with RF700.

**BOSE® sound system.** Featuring up to nine speakers, the optional BOSE® sound system delivers unprecedented performance, immersing you and your passengers in high quality surround sound.

*You may incur additional costs from your operator for these services and as such we recommend that you check the data costs on your tariff.*
**POWER WITHOUT COMPROMISE**

Supreme efficiency, maximum performance. Appealing to the heart as well as the head, New Insignia engines provide conclusive proof that you can enjoy a dynamic driving experience without sacrificing fuel efficiency and tax performance. Our new 120PS and 140PS 2.0CDTi ecoFLEX turbo diesel engines epitomise this belief. With class-leading CO2 emissions of just 99g/km* for hatchback models – and a Benefit-in-Kind rate of just 14% – these outstanding units deliver rapid acceleration.

*Provisional data.
†Taxation information for guidance only. Please take professional advice on your own tax position.
- Body style and engine combination not available.
- Please note: vehicles fitted with optional alloy wheels may have an increase in fuel consumption and CO2 emissions, with subsequent increases in Benefit-in-Kind rates.
and serious amounts of torque, yet boast a combined fuel consumption figure of over 76mpg*. From a business perspective, New Insignia engines combine highly competitive Whole Life Costs – comprising excellent mpg figures, lower CO₂ emissions, keen P11D values and low Benefit-in-Kind tax rates – with an impressive mileage range of almost 1200 miles. Choice is a key factor, with everything from an exceptional new 1.6 litre SIDI petrol unit producing 170PS and 260Nm of torque to a range of refined and revised turbo diesels. All models combine flexible performance with outstanding economy and plenty of power in reserve; many models feature our proven Start/Stop system which can help save fuel when you’re stuck in traffic. Efficient six-speed transmissions are standard across the range with a choice of manual and automatic units available.
INTELLIGENCE ON BOARD

Technology that looks out for you. Modern driving conditions place unique demands on the driver. With this in mind, New Insignia offers a comprehensive array of assistive technology options – designed to keep you fully in control, whatever the situation. Adaptive cruise control with speed limiter function helps maintain a set distance to the car ahead – and can even stop and assist you in pulling away in bumper-to-bumper traffic on automatic models.

In addition to the highly praised front camera system and intelligent Bi-Xenon Adaptive Forward Lighting Plus, New Insignia breaks fresh ground with three additional radar-based systems: lane change alert, side blind spot alert and rear cross traffic alert. All three systems are available as part of the optional Park and Go Technology Pack.

Rear cross traffic alert. As you reverse the car – say in a busy car park or similar, tricky parking situation – this system detects vehicles approaching from the rear and side of your New Insignia. The car’s speakers then emit an audible warning signal on the relevant side of the car while an icon appears on one side of the centre console display.

Side blind spot alert. This system helps prevent a potential collision with a vehicle in the lane either side of the car by continuously monitoring both blind spots. If a vehicle enters one of those blind spots, a warning light flashes in the relevant door mirror. If you indicate to change lanes, a warning sound alerts you to the potential danger.

Lane change alert. This new feature monitors the lanes either side of your vehicle. If you indicate to change lanes, a symbol flashes in the appropriate door mirror to warn of any fast-approaching vehicles you may not have seen.
The line-up has been carefully tuned to the needs of the individual, with models reflecting every aspect of the vehicle’s character, from affordable luxury to sheer, sports-biased performance. A key element is choice. The new model comes in hatchback, saloon and Sports Tourer body styles, with most variants available in up to eight different trim levels. The range includes our ultra tax-efficient Tech Line model – specifically tailored to the needs of the business user – with a unique specification that features IntelliLink RF900 technology complete with Bluetooth®, sat nav, touch-pad and touch-screen as standard.

Rear design cues. Viewed from the rear, LED technology complements the front lighting, while the reversing lights are discreetly mounted in a broad chrome signature bar that bisects the dark-style tail light clusters, creating an imposing, wraparound ‘wing’ motif.

A distinctive image. Bold design cues underline New Insignia’s fresh identity. The effect begins with imposing eagle-eye style headlights, complete with imbedded chrome accents and crisp, LED daytime running lights. New-style front fog lights emphasise the poise and width of the car.
Company car drivers can experience New Insignia Tech Line for themselves via our free 3 Day Test Drive programme. Please see back cover for more details.
NEW INSIGNIA MODEL LINE-UP

The choice starts here. With eight trim levels available there’s a New Insignia model to suit all drivers... and all budgets. For more details on model availability please refer to the New Insignia Price and Specification Guide available to download at www.vauxhall.co.uk
**Design**
Standard features include:
- DMB digital radio
- Bluetooth® connectivity
- USB connection and aux-in socket
- CD/MP3 CD player/stereo radio
- LED daytime running lights
- 16-inch alloy wheels (excluding 2.0CDTi (163PS) models)
- 17-inch 7-spoke alloy wheels (2.0CDTi (163PS) models only)
- Leather-covered steering wheel
- Cruise control
- Trip computer
- Electric four-way lumbar adjustment on driver’s seat
- Electric height-adjustable driver’s seat
- Remote control security alarm
- Remote control central deadlocking
- Six airbags
- Electronic Stability Programme
- Electronic climate control
- Electric parking brake
- Automatic lighting control
- Electrically operated front windows
- Electrically adjustable/heated door mirrors
- Reach- and rake-adjustable steering wheel

**Energy**
Additional feature over and above Design:
- 18-inch 10-twinspoke alloy wheels

**Limited Edition**
Features over and above Design include:
- 19-inch atomic alloy wheels
- VXR Styling Pack comprising: Body-colour front lower spoiler, side sills, rear lip spoiler (not available on Sports Tourer) and rear lower skirt
- VX-Line leather-covered electrically heated sports steering wheel
- VX-Line leather-covered gear knob (manual models only)
- Electrically heated front seats
- Front and rear parking distance sensors
- Front fog lights
- High-pressure headlight washers
- Visible single exhaust tailpipe (excluding 2.0i Turbo/2.0CDTi BiTurbo)

**SRi**
Features over and above Design include:
- 17-inch 7-spoke alloy wheels
- Lowered and uprated sports suspension
- Sports pedals
- Leather-covered sports steering wheel
- Driver’s ergonomic sports seat with extendable seat cushion
- Visible dual branch exhaust tailpipes (2.0i Turbo/2.0CDTi BiTurbo)
- Front fog lights
- Electrically operated rear windows
- Dark-tinted rear glass
- FlexRide (2.0i Turbo/2.0CDTi BiTurbo)

**Sri VX-Line**
Features over and above SRi include:
- 19-inch atomic alloy wheels
- VXR Styling Pack comprising: Body-colour front lower spoiler, side sills, rear lip spoiler (not available on Sports Tourer) and rear lower skirt
- VX-Line leather-covered electrically heated sports steering wheel
- VX-Line leather-covered gear knob (manual models only)
- Visible single exhaust tailpipe (excluding 2.0i Turbo/2.0CDTi BiTurbo)

**SE**
Features over and above Design include:
- 17-inch 7-spoke alloy wheels
- Rear seat centre head restraint
- Electrically operated rear windows
- Rain-sensitive windscreen wipers
- Automatic lighting control with tunnel detection
- Anti-dazzle rear-view mirror
- Chrome-effect side window surround

**Tech Line**
Features over and above Design include:
- Satellite navigation system with touch-screen and touch-pad control
- IntelliLink
- 17-inch 7-spoke alloy wheels
- Automatic lighting control with tunnel detection
- Rain-sensitive windscreen wipers
- Electrically operated rear windows
- Chrome-effect side window surround

**Elite**
Features over and above SE include:
- Dual-zone electronic climate control
- 18-inch 5-twinblade alloy wheels
- Front and rear parking distance sensors
- Front fog lights
- Intelligent AFL with high-pressure headlight washers
- Leather trim with heated front seats
- Eight-way electrically adjustable driver’s seat with memory
- Electric height and lumbar adjustment for front passenger’s seat
- FlexRide (2.0i Turbo/2.0CDTi BiTurbo)
- Visible dual branch exhaust tailpipes (2.0i Turbo/2.0CDTi BiTurbo)
- Electrically foldable door mirrors
- Dark-tinted rear glass (Sports Tourer models only)
**WHEELS AND TYRES**

**STANDARD WHEELS AND TYRES**

**DESIGN**
- 16-inch alloy wheels
- 215/60 R 16 tyres.

**DESIGN***/**SRi/SE/TECH LINE*
- 17-inch 7-spoke alloy wheels
- 225/55 R 17 tyres.

**ENERGY**
- 18-inch 10-twin spoke alloy wheels
- 245/45 R 18 tyres.

**LIMITED EDITION/SRi VX-LINE**
- 19-inch atomic alloy wheels
- 245/40 R 19 tyres.

**ELITE**
- 18-inch 5-twinblade alloy wheels
- 245/45 R 18 tyres.

**Rounding off.** A distinctive set of alloy wheels provide the perfect finish to any model and New Insignia doesn’t disappoint. There’s a choice of designs for almost every model including 20-inch options on some variants.

**Please note:** An emergency tyre inflation kit is standard on all New Insignia models in lieu of a spare wheel. A full-size 17-inch steel spare wheel and tyre is available on most models as an extra-cost option.

*Not available on 2.0CDTi (163PS) models.
**2.0CDTi (163PS) models only.
†Optional at extra cost.
‡2.0CDTi (120PS/140PS) ecoFLEX Start/Stop models are supplied with all-weather tyres.
#Available as part of Plus Pack.

**Vauxhall Lifetime Warranty**

We’re so confident in Vauxhall quality and reliability that we are now able to offer a lifetime warranty. Available to the first owner of all new Vauxhall passenger cars, it’s valid for the lifetime of the vehicle up to a maximum of 100,000 miles†. In addition, our warranty also includes Vauxhall Assistance for 12 months from first registration and six years body panel anti-perforation warranty. Full details of Vauxhall’s warranties including terms, conditions and exclusions can be obtained through any authorised Vauxhall retailer or go to: www.vauxhall.co.uk/warranty

![LIFETIME WARRANTY 100,000 MILE](https://www.vauxhall.co.uk/warranty)

---

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the E150 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity i.e. passport) where the driving licence is not a photocopy (in case) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

†Vauxhall Lifetime Warranty covers lifetime ownership of first car owner, 100,000 mile limit, annual check required. The warranty excludes wear and tear and serviceable items and the vehicle must be serviced in accordance with the manufacturer’s servicing schedule to continue the lifetime warranty. Terms and conditions apply. Offer available to all Vauxhall passenger cars (this offer does not apply to car-derived vans) from 1st August 2010.
