How to use this brochure

This brochure showcases some of the highlights of Astra. You can also click through to our detailed Price and Specification Guide should you require further details. Please note that some of the vehicles shown feature options available at extra cost.

YOUR LIFE YOUR WAY

With a billion things going on in your life, we think you deserve a car you really love to drive. Whether you're busy at work or day-to-day jobs, doing the school run or getting away from it all, you want a car that handles life brilliantly. Say hello to Astra.

IT'S LOOKING GOOD

We designed Astra to show off its cutting edge, lightweight build and drop a few hints at all the clever technology inside too.

It's all made to bring out its strong yet sporty character, for a drive as pleasing as it is awesome to look at.

YOUR PERFECT PARTNER

It gives you space when you need it, it's flexible and thinks about nearly everything. Have you considered getting hooked up with the Astra Sports Tourer?

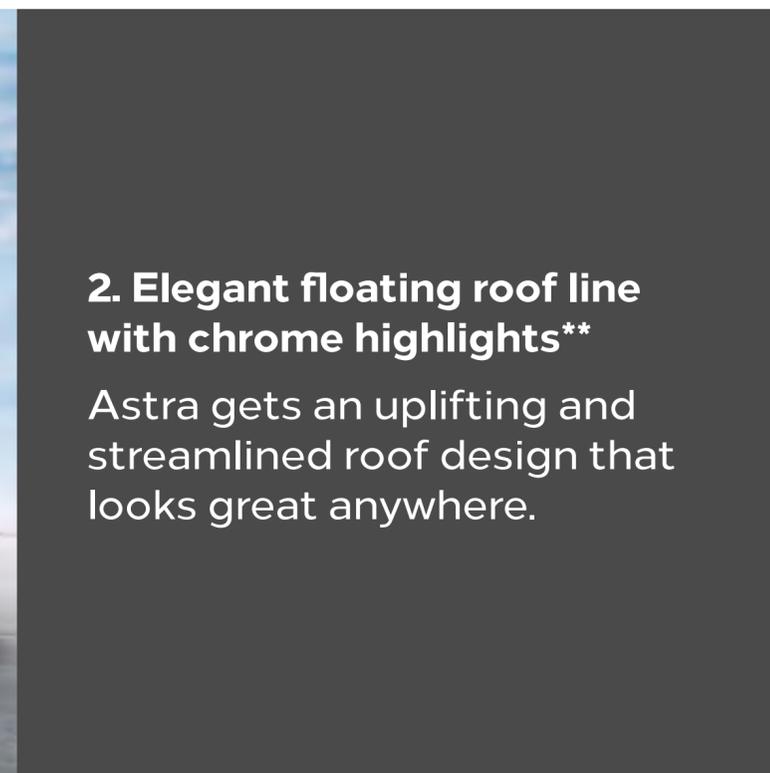

LET'S LIGHTEN UP

Smart LED daytime running lights, sharp lines and stylish streamlined curves – the Astra design has plenty of bright ideas available across the range to catch the eye.

1. IntelliLux LED Matrix headlights*

Cutting-edge LED headlights – the first time this technology has featured in any car in this class.

2. Elegant floating roof line with chrome highlights**

Astra gets an uplifting and streamlined roof design that looks great anywhere.

3. LED daytime driving lights and tail lights

Sharp light design with LED technology so it's easier to be seen.

*Optional at extra cost on certain models.

**Not available on certain models.

NICE VIEW IN HERE

Sit inside and take a look around. We think you'll love the quieter, calmer and larger sense of space. Not to mention all the creature comforts inside the Astra.

Such as a driver's ergonomic active seat with wellness functions* that can be ventilated and even give you a massage.** Heated seats for four and a heated steering wheel for those chilly mornings.†

In fact, there's an Astra to suit all kinds of life, whether it's family, work or play. It's up to you.

*Ergonomic active front seats are certified by the German AGR (Campaign for Healthier Backs), a European centre of excellence for ergonomic design.

**Optional at extra cost on certain models.

†Not available on certain models.

IT'S A LIGHTWEIGHT, THAT'S NO LIGHTWEIGHT

Made for the twists, turns and quirks of UK roads, we've powered up Astra with a series of powerful, lighter engines.

Fuel economy[#] and CO₂^{*} results for the Astra. Combined mpg (l/100km): 37.2 (7.6) – 60.1 (4.7). CO₂ emissions: 141 – 105 g/km

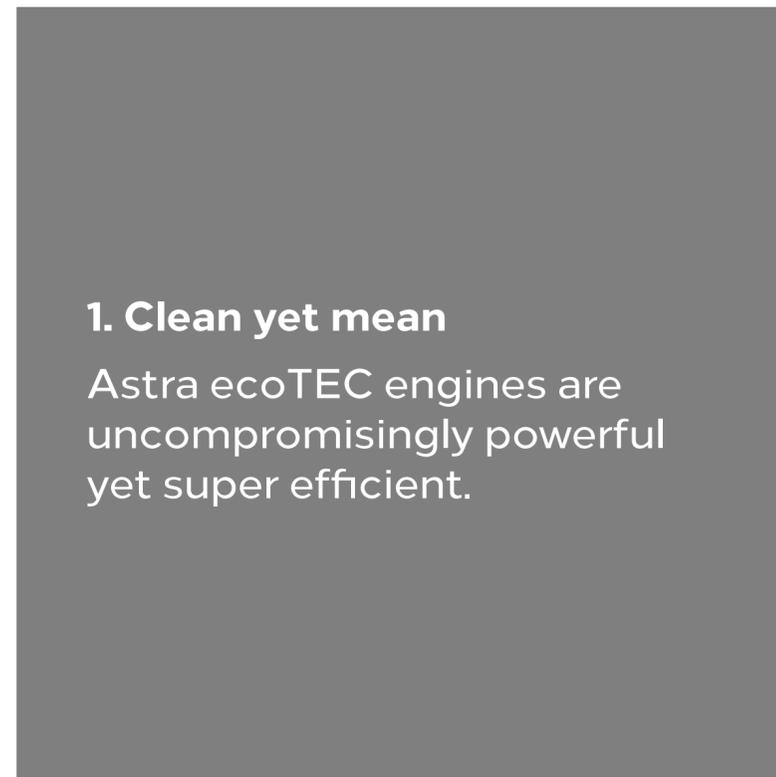

[#]Fuel consumption figures are determined according to the WLTP test cycle. ^{*}CO₂ emissions figures are determined according to the WLTP test cycle however, a Government formula is then applied to translate these figures back to what they would have been under the outgoing NEDC test cycle, which WLTP replaces. The correct tax treatment is then applied. Figures are intended for comparability purposes only. The fuel consumption you achieve under real life driving conditions and CO₂ produced will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Only compare fuel consumption and CO₂ with other vehicles tested using the same technical procedures. For more information contact your local Vauxhall Retailer.

Our petrol and diesel engines are more efficient in every way. They deliver smooth, ample power in combination with Astra's lightweight body for an agile and responsive drive.

This is especially true of the ecoTEC engines. All turbocharged, strong and powerful, they deliver exceptional fuel economy and emissions levels for maximum efficiency with an equally impressive dynamic driving experience.

- Cutting-edge engineering delivers agility and performance
- Lightweight design ensures improved economy
- A range of ecoTEC engines give you unrivalled efficiency
- Experience Astra agility. Up to 150PS and a chassis to handle it

If you'd like to see why Astra makes such good business sense for company car drivers, visit vauxhall.co.uk/FleetAstra

1. Clean yet mean

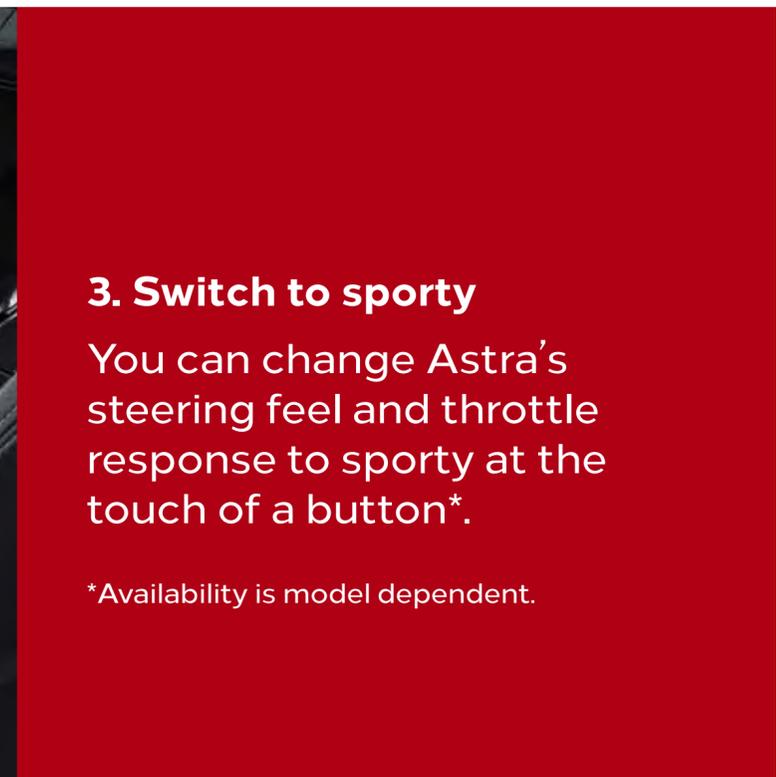

Astra ecoTEC engines are uncompromisingly powerful yet super efficient.

2

2. Cheers for gears

Five or six gears, automatic or manual, with Start/Stop engine systems or without – all Astra transmissions are smooth and precise.

3

3. Switch to sporty

You can change Astra's steering feel and throttle response to sporty at the touch of a button*.

*Availability is model dependent.

ALWAYS AHEAD

Where Astra leads, we think others are bound to follow. Take a look inside and maybe you'll see why. Everywhere you look and feel, you'll find premium-class materials and more than a few great ideas that come as standard.

- 1. IntelliLux LED Matrix headlights*:** This super smart LED headlight system automatically adjusts your high beam to dip around other vehicles for a wider, perfectly lit view ahead for safer night driving.
- 2. Driving Assistance Pack*:** This front camera safety system gives you intelligent assistance like lane departure warning, traffic sign recognition, following distance indication and forward collision alert with automatic city emergency braking.
- 3. IntelliLink infotainment:** Standard on all Astra models, you can stay updated and entertained every journey with seamless Bluetooth® integration for Apple and Android devices**.
- 4. Luxurious seating:** Relax in stress-relieving comfort with in-seat ventilation and massage therapy to keep you alert and refreshed on the road*.

*Optional at extra cost on certain models.

**Compatibility and certain functions might be a bit different depending on the type of smartphone and operating system you're using.

WE'VE THOUGHT ABOUT STUFF SO YOU DON'T HAVE TO...

Here's a (not-so) bright idea for driving at night. Smart headlights that automatically adjust the shape of your high beam headlights to avoid dazzling other drivers. It's called IntelliLux LED Matrix headlight technology* and means you'll never have to switch between high and low beam again. It also gives you more time to react to potential hazards, making for safer driving.

New Astra

For more detail on the Astra's LED Matrix headlights, please click through to the Astra Price and Specification Guide, [vauxhall.co.uk/goastra](https://www.vauxhall.co.uk/goastra)
*Optional at extra cost on certain models.

HOW INTELLILUX LED MATRIX WORKS

IntelliLux LED Matrix headlights* are made up of 16 separate LED elements. In a millisecond, each individual LED can detect and react to the presence of moving vehicles to automatically and continuously adjust the profile of the beam. This makes sure that your high beam is always glare-free, whilst wide and long enough for maximum visibility.

This means that you're always using the safest lighting in any situation. In particular, driving at night is safer for other people and more relaxed for you. And the outstanding reliability and longevity of IntelliLux LED Matrix headlights gives you maximum use whenever you need to light your way.

*Optional at extra cost on certain models.

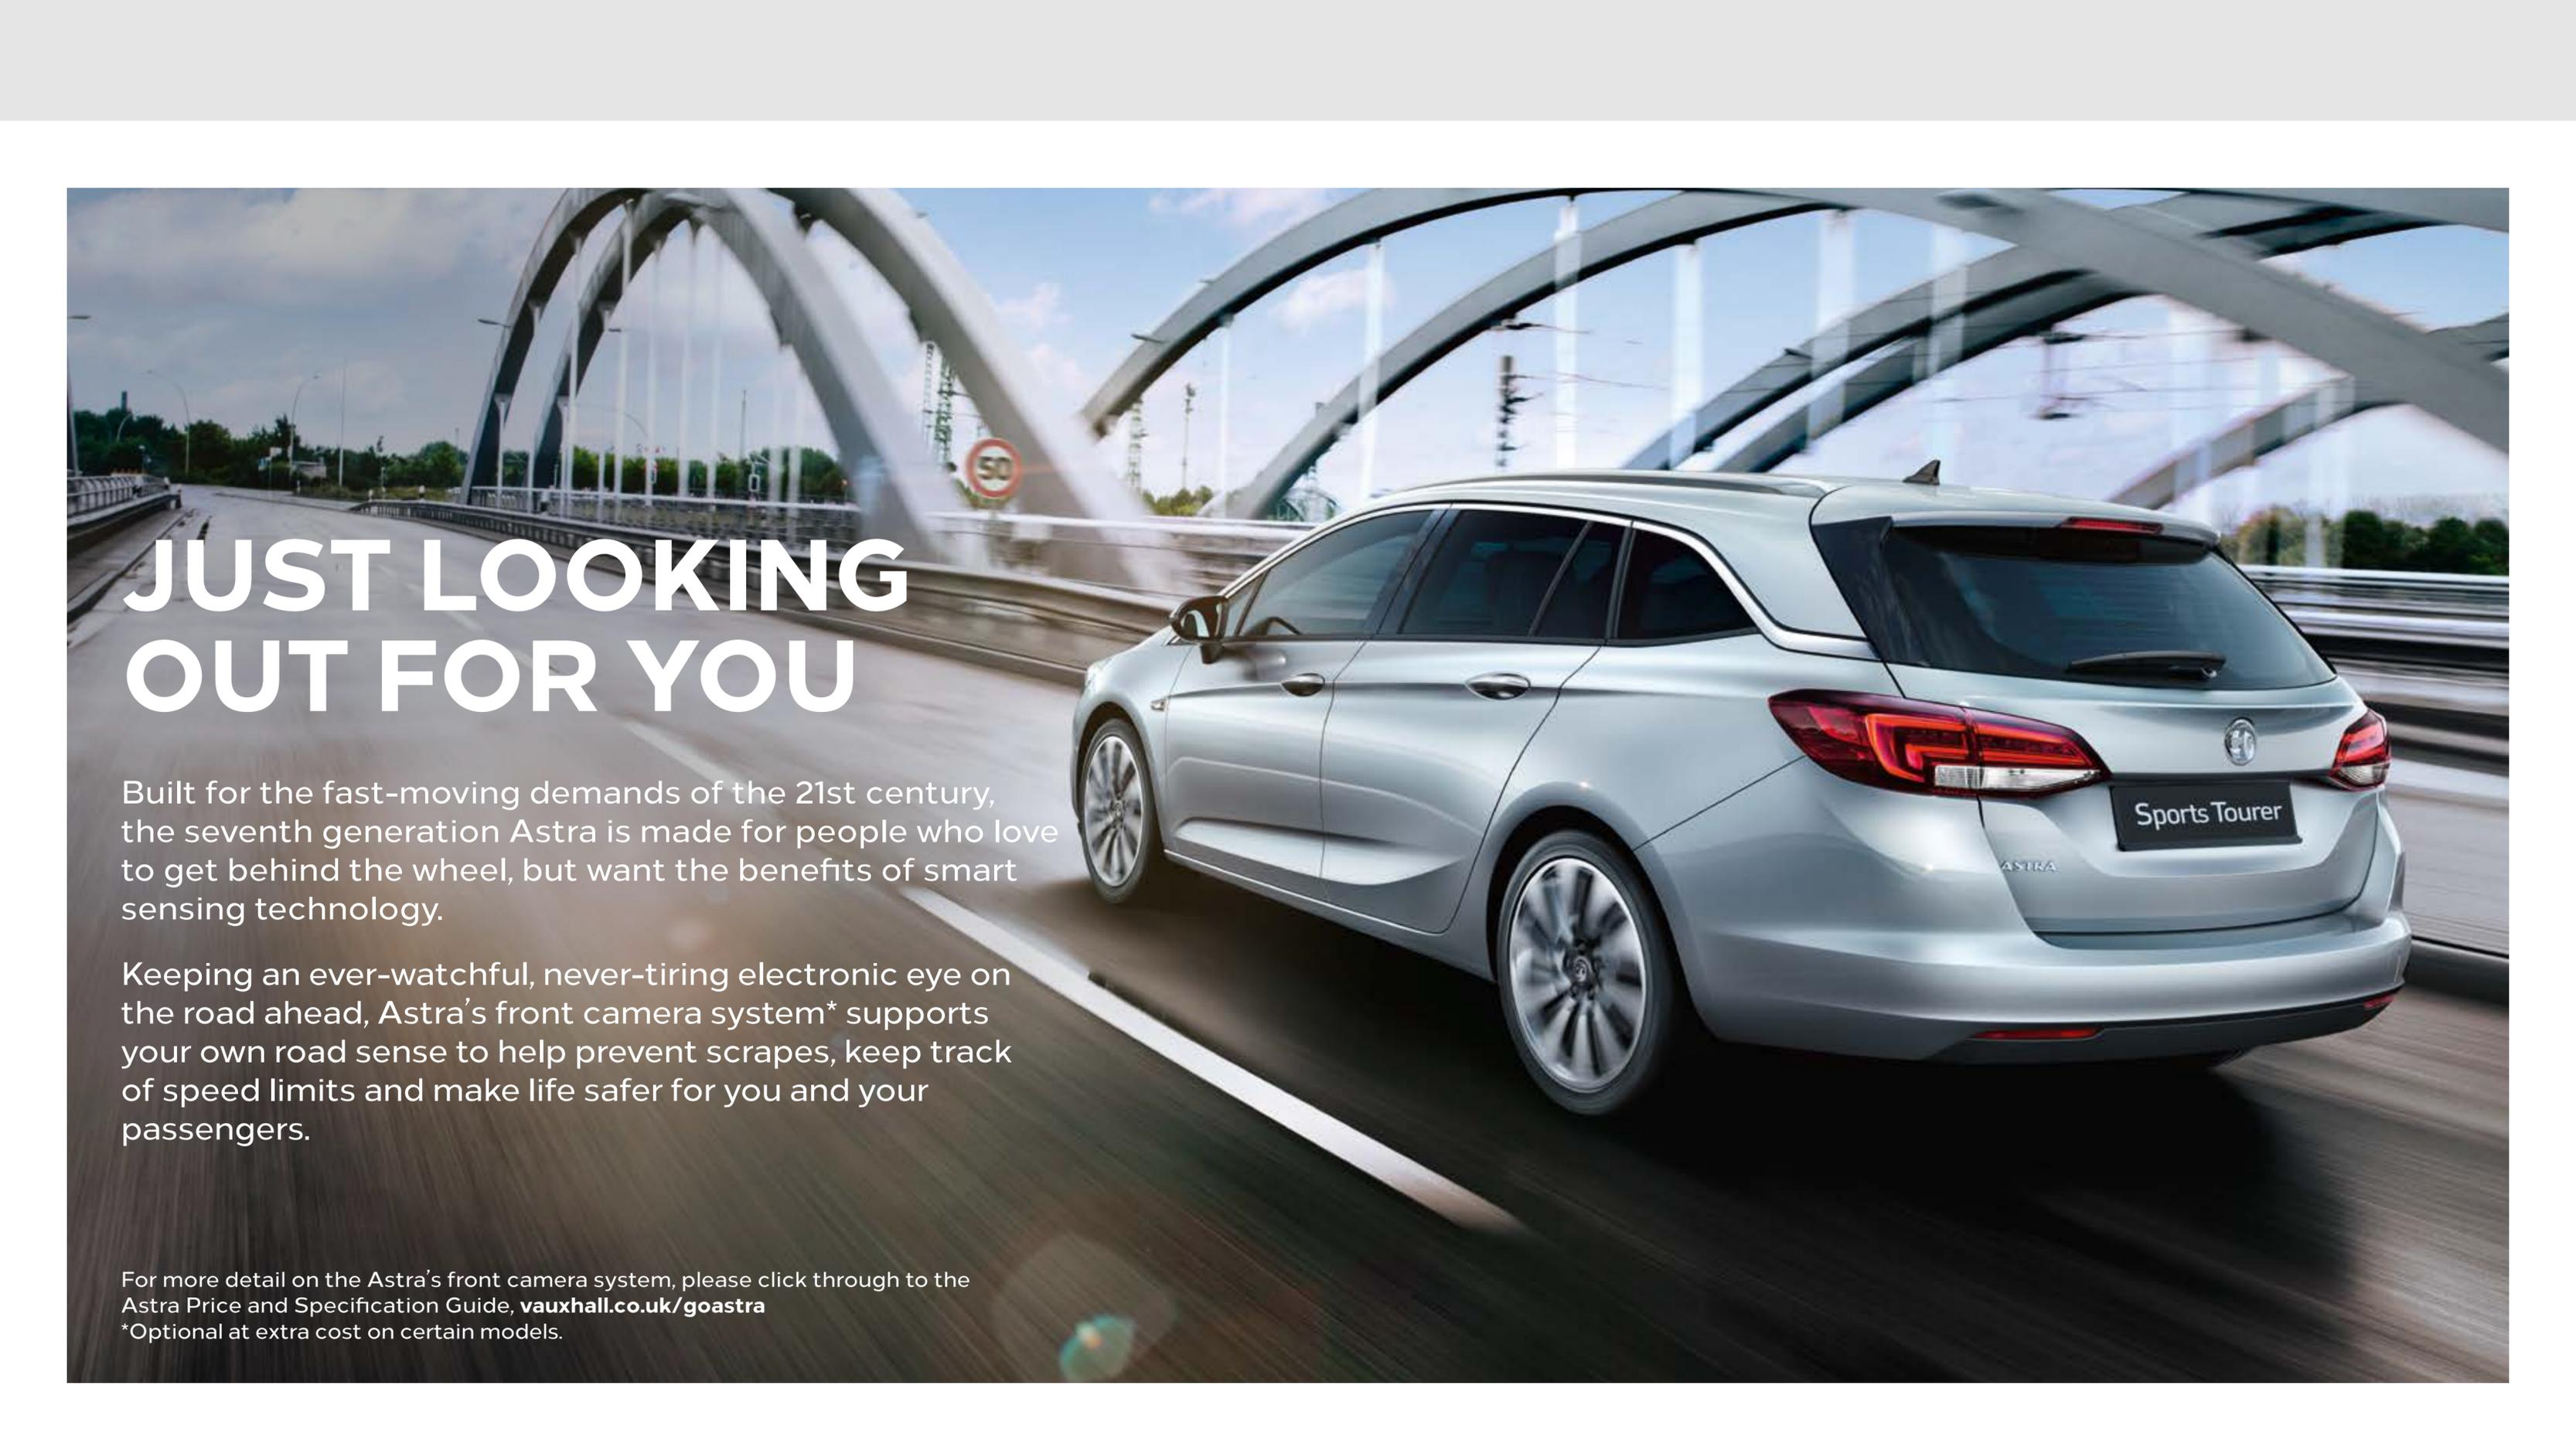

Standard halogen headlights

With standard halogen headlights, you have to switch between low and high beam to avoid dazzling drivers in oncoming cars.

IntelliLux LED Matrix headlights

With IntelliLux LED Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

JUST LOOKING OUT FOR YOU

Built for the fast-moving demands of the 21st century, the seventh generation Astra is made for people who love to get behind the wheel, but want the benefits of smart sensing technology.

Keeping an ever-watchful, never-tiring electronic eye on the road ahead, Astra's front camera system* supports your own road sense to help prevent scrapes, keep track of speed limits and make life safer for you and your passengers.

For more detail on the Astra's front camera system, please click through to the Astra Price and Specification Guide, vauxhall.co.uk/goastra

*Optional at extra cost on certain models.

1

1. Forward collision alert*

Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by automatically braking if it senses a potential impact.

2. Lane departure warning with lane assist*

Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.

2

3

3. Traffic sign recognition*

This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

*Optional at extra cost on certain models

SIT DOWN, STRETCH OUT...

Inside Astra you'll find it more comfortable than ever before. You'll notice higher quality materials, sophisticated colour choices and those little touches that make Astra a very nice place to be indeed.

...AND RELAX

Astra is all about setting new standards for comfort and technology. Why? Simply to make life on the road easier, fun and more enjoyable for you.

- 1. Power tilt and slide sunroof*:** Open up a window on the world at the touch of a button.
- 2. Electronic climate control*:** Sophisticated interior temperature control for you and your passengers.
- 3. Driver's ergonomic active seat with wellness functions*:** This category-first driver's front seat option features electric adjustment and is ergonomically certified** to help promote a healthy back. It massages, ventilates and memorises personal settings to keep you cool and relaxed.
- 4. Winter pack*:** Stay warm and cosy whatever the weather with heated front seats and a heated steering wheel.

*Optional at extra cost on certain models.

**Ergonomic active front seats are certified by the German AGR (Campaign for Healthier Backs), a European centre of excellence for ergonomic design.

TAKE A LOAD OFF

Imagine you've got a few bags to throw in the back. No need to put them down – just swipe your foot under the rear bumper, and hey presto, the optional power tailgate* opens (and closes) itself.

How do you want to split it?

Every Astra Sports Tourer features a 60/40 split-fold arrangement giving you up to an impressive 1,630 litres of space with the rear seats folded down, and 540 litres with five on board. The rather clever FlexFold facility has a remote electric seat release making the whole operation even easier. Simple.

*Optional at extra cost on certain models.

LET'S STAY IN TOUCH

Now there's no excuse not to call home. Smartphone or tablet, Android or Apple iOS, once it's connected to your device, IntelliLink lets you project selected apps to the large colour touchscreen display to give you music, phone and sat nav on the go*. Bluetooth® connectivity, USB facility and crystal clear digital radio, all come as standard too.

androidauto

*Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

R4.0 IntelliLink

Please refer to the latest Astra Price and Specification Guide for details of colour availability by model and price, by clicking through to vauxhall.co.uk/goastra. The colours reproduced may vary slightly from the actual paint colour. As a result they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint sample.

WHATEVER YOU WANT, YOU'VE GOT IT MADE

There's only one thing more satisfying than a new car that does everything just as you always wanted – customising it with accessories until it matches your personal needs exactly – like a new car always should.

1. & 2. FlexConnect® system*: A flexible system of holders that attach to the headrests of the front seats for gripping tablets, shopping bags, jackets and drinks.

3. Roof base carrier and Thule® attachments: Ideal for carrying big boxes, camping gear and sports equipment like surfboards, skis, bikes and kites.

4. Tailored carpet mats: Protect your interior with a set of four high-quality velour carpet mats, styled with the Astra logo.

Discover more accessories online at vauxhall.co.uk/accessories

*Requires FlexConnect® bracket.

1. Reversible hard cargo tray

A tough, anti-slip tray that's rubberised one side and carpeted the other. Perfect for protecting your loads and keeping your boot clean and tidy whatever you throw in.

2. Stainless steel sports pedal kit

For added grip with a stylish sheen.

3. Branded Vauxhall illuminated sill plates

Protect the sill paint, and give your admirers a tempting glimpse of the premium interior.
