

ASTRA

YOUR LIFE YOUR WAY.

Company car drivers can experience Astra through our free 3 Day Test Drive programme. Please see back cover for more details or visit vauxhall3dtd.co.uk

3 FREE 3 DAY TEST DRIVE

With a billion things going on in your life, we think you deserve a car you really love to drive. Whether you're busy at work or day-to-day jobs, doing the school run or getting away from it all, you want a car that handles life brilliantly. Say hello to Astra.

We built it not just to drive, but for something more important: to give you the most of every moment. Showing off state-of-the-art engineering across a range of powerful engines with impressive efficiency, its road handling and drivability just have to be experienced. So let's get going shall we?

There's so much to say we couldn't possibly cover everything in this brochure. So, if you'd like all the detail you'll need a copy of our comprehensive Astra Price and Specification Guide. It contains everything you'll need to know about the entire range and it's only a click away. Check out vauxhall.co.uk/goastra

A red car is shown from the side, parked on a paved road. The background features a blue sky with scattered white clouds and a distant horizon line with some greenery. A large black diagonal shape is overlaid on the right side of the image, containing white text.

IT'S LOOKING GOOD.

We designed Astra to show off its cutting edge, lightweight build and drop a few hints at all the clever technology inside too.

Those flowing lines and sculpted body, along with the rising curve of its floating roof all come together to give it serious presence, whichever way you look at it.

It's all made to bring out its strong yet sporty character, for a drive as pleasing as it is awesome to look at.

YOUR PERFECT PARTNER.

It gives you space when you need it, it's flexible and thinks about nearly everything. Have you considered getting hooked up with the Astra Sports Tourer?

LET'S LIGHTEN UP.

Smart LED daytime running lights, sharp lines and streamlined curves – the Astra design has plenty of bright ideas available across the range to catch the eye.

VX_AST_23671.tif

*Not available on certain models.

**Optional at extra cost on certain models.

1. **IntelliLux LED Matrix headlights**.** Cutting-edge LED headlights – the first time this technology has featured in any car in this class.
2. **Elegant floating roof line with chrome highlights*.** Astra gets an uplifting and streamlined roof design that looks great anywhere.
3. **LED daytime driving lights and tail lights**.** Sharp light design with LED technology so it's easier to be seen.

NICE VIEW IN HERE.

Sit inside and take a look around. We think you'll love the quieter, calmer and larger sense of space. Not to mention all the creature comforts inside the Astra.

Such as a driver's ergonomic active seat with wellness functions* that can be ventilated and even give you a massage**. Heated seats for four† and a heated steering wheel for those chilly mornings**.

In fact, there's an Astra to suit all kinds of life, whether it's family, work or play. It's up to you.

*Ergonomic active front seats are certified by the German AGR (Campaign for Healthier Backs), a European centre of excellence for ergonomic design.

**Optional at extra cost on certain models.

†Not available on certain models.

IT'S A LIGHTWEIGHT ENGINE

THAT'S NO LIGHTWEIGHT.

Made for the twists, turns and quirks of UK roads, we've powered up Astra with a series of lightweight engines.

Our petrol and diesel engines are more efficient in every way. They deliver smooth, ample power in combination with Astra's lightweight body for an agile and responsive drive.

This is especially true of the ecoTEC engines. All turbocharged, strong and powerful, they deliver exceptional fuel economy and emissions levels for maximum efficiency with an equally impressive dynamic driving experience.

If you'd like to see why Astra makes such good business sense for company car drivers, visit vauxhall.co.uk/FleetAstra

- // Cutting-edge engineering delivers agility and performance
- // Lightweight design ensures improved economy*
- // A range of ecoTEC engines give you unrivalled efficiency
- // Experience Astra agility. Up to 200PS and a chassis to handle it

Cheers for gears

Five or six gears, automatic or manual, with Start/Stop engine systems or without – all Astra transmissions are smooth and precise.

VX_AST_23440.tif

Switch to sporty

You can change Astra's steering feel and throttle response to sporty at the touch of a button**.

VX_INS_26511.tif

Clean yet mean

Astra ecoTEC engines are uncompromisingly powerful yet super efficient**.

*Official Government Test Environmental Data. Fuel consumption figures mpg (litres/100km) and CO₂ emissions (g/km). Astra Range: Urban: 33.2 (8.5) – 55.4 (5.1), Extra-urban: 51.4 (5.5) – 80.7 (3.5), Combined: 42.8 (6.6) – 68.9 (4.1). CO₂ emissions: 151 – 107.

Fuel consumption information is official government environmental data, tested in accordance with the relevant EU directive. Official EU-regulated test data are provided for comparison purposes and actual performance will depend on driving style, road conditions and other non-technical factors. All figures quoted correct at time of going to press (May 2018). For further details please refer to the Price and Specification Guide. Download at vauxhall.co.uk/astra

**Availability is model dependent. For full details please see the Astra Price and Specification Guide from vauxhall.co.uk/goastra

NO APOLOGIES FOR GETTING AHEAD OF OURSELVES HERE.

Where Astra leads, we think others are bound to follow.

Take a look inside and maybe you'll see why. Everywhere you look and feel, you'll find premium-class materials and more than a few great ideas that come as standard.

We've built them into the Astra range to make driving easier, safer and more fun than ever. It's future thinking we're proud to lead.

WE'VE THOUGHT ABOUT STUFF SO YOU DON'T HAVE TO...

Here's a not-so bright idea for driving at night. Smart headlights that automatically adjust the shape of your high beam headlights to avoid dazzling other drivers. It's called IntelliLux LED Matrix headlight* technology and means you'll never have to switch between high and low beam again. It also gives you more time to react to potential hazards, making for safer driving*.

New Astra

How IntelliLux LED Matrix works*

IntelliLux LED Matrix headlights are made up of 16 separate LED elements. In a millisecond, each individual LED can detect and react to the presence of moving vehicles to automatically and continuously adjust the profile of the beam. This makes sure that your high beam is always glare-free, whilst wide and long enough for maximum visibility.

This means that you're always using the safest lighting in any situation. In particular, driving at night is safer for other people and more relaxed for you. And the outstanding reliability and longevity of IntelliLux LED Matrix headlights gives you maximum use whenever you need to light your way.

With standard halogen headlights, you have to switch between low and high beam to avoid dazzling drivers in oncoming cars.

Even more bright ideas

- // The IntelliLux LED Matrix system* also includes a few other smart lighting options:
- // Cornering lights to light the area you're turning into for greater safety
- // Country lights adjust automatically for better visibility on dark roads
- // Town lights perfectly complement urban conditions that are better lit
- // Motorway mode guarantees safe, glare-free travelling at high speeds

With IntelliLux LED Matrix headlights, your high beam automatically dips around other vehicles so you enjoy a wider, perfectly lit field of view.

*Optional at extra cost on certain models.

JUST LOOKING OUT FOR YOU.

Built for the fast-moving demands of the 21st century, the seventh generation Astra is made for people who love to get behind the wheel, but want the benefits of smart sensing technology.

VX_AST_23705.tif

1.

VX_AST_27490.tif

2.

VX_AST_23694.tif

3.

Keeping an ever-watchful, never-tiring electronic eye on the road ahead, Astra's front camera system* supports your own road sense to help prevent scrapes, keep track of speed limits and make life safer for you and your passengers.

- 1. Forward collision alert.** Gives you an audible and visible signal if you approach slower vehicles too fast from behind. The system will also help avoid low-speed rear-end collisions by automatically braking if it senses a potential impact.
- 2. Lane departure warning with lane assist.** Warning signals protect against unintentional gradual drifting – and the steering wheel even nudges gently if you move out of your lane without signalling. The real genius? It won't sound an alarm when you don't need one. For example, if you need to swerve hard to avoid an obstacle.

- 3. Traffic sign recognition.** This advanced sign-detection system picks up and displays speed limits and other important traffic signs and even recognises temporary electronic signage.

*Optional at extra cost on certain models.

SIT DOWN, STRETCH OUT...

Inside Astra you'll find it more comfortable than ever before. You'll notice higher quality materials, sophisticated colour choices and those little touches that make Astra a very nice place to be indeed.

...AND RELAX.

Astra is all about setting new standards for comfort and technology. Why? Simply to make life on the road easier, fun and more enjoyable for you.

Seat ergonomics and plenty of adjustable settings help you find the perfect driving position (however long your journey) and you can upgrade to ergonomic active front seats* if you like**.

You can even take things a step further with an electrically adjustable leather front driver's ergonomic active seat with wellness functions** that not only memorises your personal settings but has integral massaging and ventilation to keep you relaxed and cool.

Heated front and outer rear seats† are a cosy treat in the chilly months, and the advanced Electronic Climate Control (ECC)**, lets you set different temperatures for areas of the car – handy when you're travelling with friends and family.

1. Power tilt and slide sunroof**

Open up a window on the world at the touch of a button.

2. Electronic climate control**

Sophisticated interior temperature control for you and your passengers.

3. Driver's ergonomic active seat with wellness functions**

This category-first driver's front seat option features electric adjustment and is ergonomically certified to help promote a healthy back. It massages, ventilates and memorises personal settings to keep you cool and relaxed.

3.

*Ergonomic active front seats are certified by the German AGR (Campaign for Healthier Backs), a European centre of excellence for ergonomic design.

**Optional at extra cost on certain models.

†Not available on certain models.

VX_AST_23678.tif

VX_AST_28627.tif

TAKE A LOAD OFF.

Remember what we said about the Astra Sports Tourer thinking about everything? Imagine you've got a few bags to throw in the back. No need to put them down - just swipe your foot under the rear bumper, and hey presto, the Power tailgate* opens (and closes) itself.

And what about space? The large luggage area is made for easy loading, with a nice flat floor (with storage space underneath) and foldable seats for even more leeway.

How do you want to split it?

Every Astra Sports Tourer features a 60/40 split-fold arrangement giving you up to an impressive 1,630 litres of space with the rear seats folded down, and 540 litres with five on board. On certain models, the rather clever FlexFold facility has a remote electric seat release making the whole operation even easier with the rear seats split 40/20/40 for even greater flexibility. The centre section creates a useful opening for longer loads while keeping two full-size rear seats. Simple.

*Optional at extra cost on certain models.

LET'S STAY IN TOUCH.

Wherever you go, IntelliLink keeps you in touch and entertained.

Now there's no excuse not to call home. Smartphone or tablet, Android or Apple iOS, once it's connected to your device, IntelliLink lets you project selected apps to the large colour touchscreen display to give you music, phone and sat nav on the go*.

Bluetooth® connectivity, USB facility and crystal clear digital radio, all come as standard too.
