SAFE AS.

TECH TO TAKE CARE OF YOU

We take your safety seriously. Which is why there's plenty of tech available across the Corsa range to keep you safe on the road.

VX_COR_22153

LET THERE BE LIGHT

Night driving? Bad weather? Poor visibility? Whatever it is, our lighting systems will make sure you're always seen, and always safe.

Bi-xenon headlights with cornering lights* offer better visibility at night and on sharp turns. LED daytime running lights improve visibility during the day and make your car easier to see.

*Optional at extra cost on certain models.

IT'S GONNA BE A SMOOTH RIDE

The electronic stability programme ESP[®]Plus keeps you firmly in control on slippery, slick or dirty roads.

Corsa's advanced suspension gives you a phenomenal level of handling while reducing noise, vibration and harshness on those bumpy city streets.

THIS IS YOUR JAM.

PLAY IT YOUR WAY WITH BLUETOOTH®, USB AND INTELLILINK INFOTAINMENT

Whether you're riding solo or with your mates, there's nothing quite like a long drive blasting your favourite tunes. And in the Corsa, all the songs you love, and so much more are just a button or voice command away. How handy is that? It'll have you thinking – what can't it do?

Every Corsa is kitted out with a USB connection and Bluetooth®* connectivity as standard – perfect for connecting all your devices.

And on most models†, you'll get the IntelliLink infotainment system** which uses Apple CarPlay™ or Android Auto™ to wirelessly connect and project your phone onto the high-resolution 7-inch touchscreen display.

That means you can play songs, use apps and make calls on the go – without having to take your eyes off the road or hands off the wheel.

Upgrade to the Navi 4.0 IntelliLink† and you'll get an integrated sat nav system too.

VX_COR_28534

*The majority of phones, MP3 players and tablets can be connected by either Bluetooth®, USB connection or aux-in. Please note you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your device.

**Compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems. Apple CarPlay™ is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc., also registered in the U.S. and other countries.

†Optional at extra cost on certain models.

WARM UP AND COOL OFF.

CORSA CLIMATE CONTROL

Warm up in winter and cool down in summer (yes... all two days of it), with Corsa's range of weather-ready features.

- // You'll be 'just right', whatever the weather with manual air conditioning* or electronic climate control*
- // Kiss goodbye to early morning ice scraping with the heated windscreen
- // Stay cosy and sit comfortably on even the coldest days with heated front seats and heated steering wheel*

*Optional at extra cost on certain models.
