NEW CORSA COMPANY CAR DRIVER/FLEET INFORMATION

DESIGN, TECH LINE AND TECH LINE GT. HIGH SPEC, LOW P11D

Specifically developed for businesses and company car drivers alike, our Design, Tech Line and Tech Line GT models are seriously fit for Fleet.

Design models (Insignia, Astra and New Corsa) all feature very low P11D values, generous standard specification with a choice of high tech ecoFLEX engines for great fuel economy and low emissions including the new 'whisper diesel' 1.6CDTi (from 97g/km and 7.3mpg combined).

For even more standard specification, step up to our Tech Line range (Insignia, Astra, Mokka, Zafira Tourer and Meriva) again you are guaranteed low P11D values, plus great standard kit including Sat Nav (in lieu of parking sensors and Winter Pack on Meriva), Bluetooth®, USB connection, aux-in socket and digital radio (excluding Meriva).

For maximum impact, take a look at the Astra Tech Line GT with its dynamic sports styling.

With Design, Tech Line or Tech Line GT you can take for granted low Whole s Costs and low company car driver taxation.

COMPANY CAR DRIVER FREE* 3 DAY TEST DRIVE

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

BENEFIT IN KIND COMPANY CAR TAXATION†

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20% for Basic Rate, 40% for Higher Rate) to calculate your annual benefit in kind tax liability.

Example:

New Corsa Design 1.3CDTi 95PS Start/Stop ecoFLEX 5-door hatchback
(CO₂ emissions 89g/km)

On-the-road RRP	£14585.00
Deduct: Vehicle Excise Duty	(£0.00)
New vehicle first registration fee	(£55.00)
Effective list price	£14530.00
Add: Optional two-coat metallic paint	£545.00
List price for tax purposes (P11D value)	£15075.00

Car benefit charge	
2015-16 tax year (16%)	£2412.00
Benefit in kind tax liability (2015-16 tax year)	
Basic Rate (20%) tax payer	£482.40
Higher Rate (40%) tax payer	£964.80

† = Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.

To calculate your own personal liability a car tax calculator is available at: <https://www.vauxhallfleet.co.uk/toolbox>

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants; congestion charges; parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

Vauxhall OnStar

Once only the preserve of premium brands, our people-friendly personal connectivity and service assistant is now available across the Vauxhall car range. Vauxhall OnStar is a new, one-of-a-kind system that gives you in-car access to a host of innovations at the touch of a button. 24/7, 365 days a year you are connected to a qualified advisor – not to a machine. In the event of a crash, OnStar even automatically calls for help. Vauxhall OnStar also transforms your Vauxhall into a Wi-Fi Hotspot and turns your smartphone into a remote control for your car*. Find out more about the full range of OnStar services at www.vauxhall.co.uk/onstar.html Vauxhall OnStar – Your personal connectivity and service assistant.

* Some features may not be available in your region, for your carline, or trim level. Please check www.vauxhall.co.uk/onstar.html for a current overview of potential restrictions.

INTELLILINK

IntelliLink is Vauxhall's next-generation in-car infotainment system. It features a 7-inch colour touch-screen that enables access to, and operation of, a wide range of functions including music, video, phone, navigation and internet services.

The system isn't equipped with a CD or DVD player. Instead, it's designed to support the latest media sources including Bluetooth® and USB devices,

together with smartphones and their applications. All of these features are accessed through the touch-screen's Home menu.

Since many of these features are accessed via smartphone, the IntelliLink unit is designed to allow application updates as and when they become available, thus enabling it to make use of the latest smartphone developments as they happen.

Music can be played either through the radio or from personal music players via USB connection, aux-in or Bluetooth® audio streaming. When played via USB, IntelliLink's built-in Gracenote® link provides song information and album artwork. Films and slide shows can also be viewed via the USB connection, but this facility is disabled when the car is moving.

IntelliLink is able to pair with up to four Bluetooth® phones simultaneously, with each phone's address book downloaded to the audio unit so that the car effectively becomes the phone. Phone priority can then be set through the touch-screen display.

The smartphone link provides access to approved applications* such as Stitcher™, BringGo navigation and TuneIn Radio. Together, these give access to satellite navigation and a wide range of internet radio stations.

*Access to specific applications depends on the type of phone.

DIGITAL RADIO

Now widely available in the UK, digital audio broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle.

You'll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn't be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists' names and song titles on the car's graphic display, while they're played.

BLUETOOTH® CONNECTIVITY

All models include built-in Bluetooth®, allowing transfer of phonebook contents, call history and caller ID. On models fitted with IntelliLink simply tap the touch-screen to accept an incoming call and hear your caller through the stereo speakers. To make an outgoing call, choose a name from the phonebook via the touch-screen display, then carry on your conversation hands-free. The unit features an in-built microphone to pick up your voice. You can even stream music directly from your compatible mobile phone.

USB CONNECTION

Fitted as standard to all models, the USB connection provides iPod/iPhone control and read-out of iPod/iPhone functions through the audio system display. Traditional aux-in sockets only allow control of the volume through the car's audio system. The USB connection also means that the iPod/iPhone will charge whilst it is connected. If you prefer to store your music on a memory stick this is no problem, you simply plug it in and play.

AUX-IN SOCKET

The aux-in socket allows you to connect your portable MP3 music player directly into the car's audio system. All you need is your music player and a suitable connecting lead and you can listen to all your favourite tunes through your car's speaker system. Using your MP3 music player in the car couldn't be easier – use it to select the music, as you would normally do, while controlling the volume via the car's regular volume controls.

START/STOP TECHNOLOGY

New Corsa's Start/Stop system offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal. System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima

- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Please note: For Sting, Sting R and Energy models fitted with optional air conditioning 15kg must be added to gross vehicle weight. Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 75kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

NEW CORSA ADDITIONAL INFORMATION

ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include the recommended cost of number plates and delivery to a Vauxhall Retailer of £700.00 (including £116.67 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00*.

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. General Motors UK Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grammes (g) per kilometre (km) travelled and divided into 13 charging bands shown in the table below.

From 1 April 2010 the Government introduced a new 'first year rate' of Vehicle Excise Duty payable on all new cars. In subsequent years the amount of Vehicle Excise Duty payable will revert to the standard rate.

Vehicle Excise Duty*

	CO ₂ emissions (g/km)	First year rate	Standard rate
Band A	up to 100	£0.00	£0.00
Band B	101-110	£0.00	£20.00
Band C	111-120	£0.00	£30.00
Band D	121-130	£0.00	£110.00
Band E	131-140	£130.00	£130.00
Band F	141-150	£145.00	£145.00
Band G	151-165	£180.00	£180.00
Band H	166-175	£295.00	£205.00
Band I	176-185	£350.00	£225.00
Band J	186-200	£490.00	£265.00
Band K	201-225	£640.00	£290.00
Band L	226-255	£870.00	£490.00
Band M	over 255	£1100.00	£505.00
