Vauxhall Pure Technology

We believe technology works best when it works for everyone. When it's not just as smart as can be, but also as easy as can be. We call it Vauxhall Pure Technology. Now everyone can feel the instant excitement of electric. Everyone can keep themselves and their loved ones safe. And everyone can stay connected to the things that matter most, simply and easily. That's Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

Vauxhall PureSense

Vauxhall PureSense gives you heightened awareness on the road, with smart driver assistance technology that makes every journey safer and more enjoyable. And the best bit? You don't have to do a thing. PureSense is always on, continually working away in the background, scanning the road ahead, keeping you safe and allowing you to just enjoy the drive.

Vauxhall PureConnect

We live in a connected world. Friends and relatives are only a button away. We play music on demand. Information is instant. At Vauxhall we've brought your connected world inside the car - we call it PureConnect. Easy to use and always on, PureConnect seamlessly connects you to the things that matter through the smooth, flowing 7 or 10 inch display.

Vauxhall PureEnergy

At Vauxhall, we're on a mission to open up electric driving to everyone. To deliver instant, exhilarating performance with low emissions. To change the way we move, for the better. And with innovative plug-in HYBRID-e/electric models available across the Vauxhall range, there's an all-electric Corsa that will fit seamlessly into your life. One that's more exciting than ever, while keeping costs as low as possible. Thanks to PureEnergy from Vauxhall.

Choose Your Trim Level

Design

First in the line-up is the wonderfully well-equipped Design.

VX_COR_33355

GS Line

For even more style, opt for GS Line. Sporty from the inside out. Relax in the sports-style front seats and feel the power with the sport switch. Relax a little more with a host of premium features including rear parking sensors and climate control.

Also available as a 100% electric model.

VX_COR_e_33642

Anniversary Edition

Sporty from the inside out. The Anniversary Edition looks the part with dark-tinted rear windows and sporty gloss black 17-inch alloys. In addition, this model features an exclusive metallic red paint and Chequered cloth sports-style seats, plus a host of advanced tech and smart safety features.

Only available to order on-line as a 100% electric model.

VX_COR_e_33639

Ultimate

Ultimate is the top of the range Corsa available, with top of the range equipment on the inside and out. It looks the business with all the exterior equipment including, dark-tinted rear windows and IntelliLux adaptive LED[®] Matrix headlights.

Also available as a 100% electric model.

VX_COR_e_33641

Corsa-e Range Highlights

GS Line

Standard features include:

PureSense

- LED headlights
- LED daytime running lights
- LED front fog lights
- High beam assist
- Electronic parking brake
- Lane departure warning with lane keep assist
- Speed sign recognition
- Driver drowsiness alert
- Forward collision alert
- Automatic emergency braking with pedestrian detection
- Cruise control with intelligent speed limiter
- Six airbags
- Rear parking distance sensors

PureConnect

- Multimedia Navi infotainment system
 - Satellite navigation
 - 7-inch colour touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - Apple CarPlay/Android Auto™
 - USB connection
- 7-inch digital colour instrument cluster
- Six speakers
- Vauxhall Connect

Comfort and Convenience

- Electronic climate control
- Flat-bottomed leather-covered steering wheel
- Sports-style front seats
- 60/40 split-folding rear seats
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Front centre armrest with storage
- Rain-sensitive windscreen wipers
- Automatic lighting control
- Automatic anti-dazzle rear-view mirror
- Keyless start
- Remote control security alarm system

Styling

- 17-inch bi-colour alloy wheels with grey inserts
- Dark tinted rear windows
- Black roof and A-pillars
- Black headliner
- High gloss black B-pillars
- Alloy-effect sports pedals

Anniversary Edition

Features over GS Line models:

PureSense

- Front and rear parking distance sensors
- Panoramic rear-view camera
- Side blind spot alert

Comfort and Convenience

- Heated steering wheel
- Heated front seats
- Electrically folding door mirrors

Styling

- 17-inch gloss black alloy wheels with grey inserts
- Black front Griffin logo and bar
- Black rear Griffin logo and tailgate lettering
- Exclusive Record Red paint colour
- Unique Corsa 40 interior numbered plate
- Chequered cloth seating with Red stitching
- Black interior facia insert

Ultimate

Features over GS Line models:

PureSense

- IntelliLux adaptive LED® Matrix headlights with LED tail lights
- Adaptive cruise control
- Enhanced automatic emergency braking
- Lane positioning assistant
- Front and rear parking distance sensors
- Panoramic rear-view camera
- Side blind spot alert

PureConnect

- Multimedia Navi Pro infotainment system
 - 10-inch colour touchscreen

Comfort and Convenience

- Heated steering wheel
- Heated front seats
- Electrically folding door mirrors
- Alcantara seat trim
- Keyless entry

Styling

- Chrome-effect lower side window trim

Please note: Ultimate models do not feature alloy-effect sports pedals or sports-style front seats.

Corsa Range Highlights

Design

Standard features include:

PureSense

WLTP Combined CO₂ (g/km) figures are based on a configured vehicle as per pack code for UK with no options fitted.

[#]Provisional fuel consumption and CO₂ figures are determined according to the WLTP test cycle. CO₂ figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO₂ figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO₂ emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £700.00 (inc. £116.67 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

PureSense

Model specific features are outlined in the separate tabular information

1. Automatic emergency braking with pedestrian detection

Front camera system monitors the traffic situation in front of the vehicle using the front camera to detect mobile and fixed cars as well as adult pedestrians. The system first warns you through a series of visual and audible alerts and should you not react quickly enough, will automatically brake the vehicle to avoid or mitigate the impact of front-end collisions.*

*Cycles, motorcycles, animals and other objects are not detected.

2. Front camera with radar system – Standard on Ultimate models only

Adds radar-based technology to the standard front camera system features, enabling you to avoid or mitigate the impact of front-end collisions by detecting fixed and mobile objects, such as cycles and pedestrians. The system will even bring the vehicle to a complete standstill when driving under 30mph in traffic.

3. Lane departure warning with lane keep assist

If the driver has not actively steered or signalled, the lane departure warning system warns when the car moves outside of lane markings at speeds above 37mph.

4. Adaptive cruise control

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.

5. Cruise control with intelligent speed limiter

Adaptive cruise control uses the radar system to adjust the vehicle's speed to maintain a safe distance from the vehicle ahead, up to the speed limit set.

5. Cruise control with intelligent speed limiter

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

Model specific features are outlined in the separate tabular information

1. Speed sign recognition

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

2. Side blind spot alert

This system is radar-based and uses ultrasonic rear bumper sensors to detect a vehicle in your blind spot.

3. Lane positioning assist

This works as a semi-automatic system that helps you integrate into a motorway lane, follow a particular lane, or follow a vehicle ahead. Engaged at the touch of a button. Available on automatic models only.

4. Front and rear parking distance sensors

Invaluable for reversing into and leaving a tight parking spot. As well as the more usual audible warning, the distance to an obstacle is displayed within the driver information screen.

5. Panoramic rear-view camera

Provides an overhead view of the area around the vehicle and displays rear cross traffic that may be approaching.

6. Keyless entry and start

Simply get in and start the engine without having to find the keys.

Model specific features are outlined in the separate tabular information

1. IntelliLux adaptive LED® Matrix headlights

Automatically adapt the headlights according to the type of road or driving conditions. There are seven variations to ensure the correct lighting pattern for driving in a city street or country lane, parking or negotiating a tight bend.

2. Cornering and curve light

Illuminates the road in the direction of travel on slow corners to give greater visibility and illuminate obstacles and parking spaces. It's active at up to 25mph when the indicator has been activated.

3. Eco LED headlights with high beam assist

All Corsa models are fitted with the LED headlights as standard. Brighter than their halogen counterparts, and as they also consume less wattage, they are more efficient too, up to 81% per light compared to halogen headlamps in fact.

4. Town light

Whenever street lighting is recognised at speeds under 34mph, the system switches to an optimal town headlight setting that improves lateral vision without dazzling.

5. Country light

Provides a wider spread and brighter light than the normal low beam. As speeds increase, so does the lighting's performance. It automatically adjusts when oncoming traffic is detected.

6. Static curve light

Recognises when the vehicle is on a motorway and responds by adapting the headlights. Illuminating a greater distance ahead without dazzling, it decreases the right headlight beam intensity and length to minimise glare from the crash barriers while increasing both on the left.

7. Manoeuvring mode

Manoeuvring mode provides extra light around the vehicle and is designed for parking and reversing.

Motorway light

Recognises whether the vehicle is on a motorway and responds by adapting the headlights for optimum night-time motorway driving (not illustrated).

PureConnect

Model specific features are outlined in the following pages

1. Central display

The touchscreen infotainment comes as standard, with the availability of a digital instrumentation display, that puts important info directly into the driver's eyeline. It all works together to seamlessly connect driver, to car.

2. 3.5-inch information cluster

Our traditional 3.5-inch instrumentation clearly displays all the important figures; including speed, fuel levels and more.

3. 7-inch digital instrument cluster

- High-resolution colour display
- Easy to read and detailed information
- Ability to show map directions in driver's eyeline in combination with the Multimedia Navi Pro infotainment system

4. Smartphone projection*

The app wall on the 10-inch infotainment touchscreen provides direct access to the main domains. These include radio, navigation and smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback.

*Multimedia Navi Pro illustrated.

Standard Features

Multimedia

Onboard features:

- 7-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 25 station presets
- Six speakers
- 20 watts per channel output

Media connections:

- USB connection with iPod control
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)

Smartphone interface:

- Apple CarPlay
- Android Auto™
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

Additional features:

- Steering wheel-mounted audio controls
- Flexible roof-mounted aerial

Multimedia Navi with 7-inch touchscreen

Features as Multimedia, with the addition of navigation features:

Onboard features:

- 7-inch colour touchscreen

Navigation features:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Multimedia Navi Pro with 10-inch touchscreen

Onboard features:

- 10-inch colour touchscreen

Navigation features:

- Satellite navigation system
- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB

Please note, Apple CarPlay screen illustrated on 10-inch colour touchscreen.

Standard Features – The following features are standard across the entire Corsa range.
Specific features by model are outlined in the separate tabular information.

Driver Information

Instrumentation

- Speedometer and rev counter
- Fuel gauge with low fuel level warning light
- Water temperature gauge with warning light
- Shift-up indication light (manual models only)
– indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in instrument cluster)

- Service-due indicator
- Deflation detection system

Multi-function trip computer

(displayed on driver information display)

Vauxhall Connect

Standard Features – Vauxhall Connect* is the new way to stay connected while on the road. Smart technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip. Activating Vauxhall Connected Services is easy, just visit Vauxhall Connect Store or download MyVauxhall app.

Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)
- Vehicle status and information**
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall SOS

In the event of a breakdown or accident, you can count on Vauxhall Connect as your car has its own SIM card installed. If something happens that means there may have been an accident – say, the airbags are inflated or the pre-tensioners on the seatbelts are activated – an automatic message will go off to the emergency services, with details of your location. Vauxhall Connect SOS can be activated manually too – just press the button and you'll be put straight through to the emergency services on the system's integrated phone. So, if you have an accident, or see one, it only takes a few seconds to call for help.

Got a problem with your car but don't need the emergency services? Just press the Vauxhall Connect Assistance button and you'll be connected to our control centre over the system's integrated phone.

Convenience

- E-remote control (Corsa-e only)**
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

E-remote

Check and manage your electric/hybrid vehicle range remotely and in real time using your smartphone. With MyVauxhall you can check the charge and range of your vehicle at any time, and if you're plugged into a charging point, you're even able to control charging when you're far away. To offer peace of mind, you can be alerted when the battery is full or the charging is interrupted.

The remote pre-conditioning feature allows you to warm or cool the vehicle to an optimal temperature before starting your journey. With your comfort in mind, this feature allows you to maximise range if your vehicle is on charge, by taking energy from the source, rather than the battery.

This service is supplied free of charge by Vauxhall for the life of the vehicle.

Drive Smart

- Live navigation[†] (subscription included for three years) with on-line traffic, fuel prices and parking information, Points Of Interest (POI) search and weather
- Trip and drive management**
- Timestamping of trips, trip details, last vehicle position, guide-to-car and more

Live Navigation Plus[†]

Vauxhall's fully integrated navigation system helps you stay informed, providing real-time information from the leading European GPS provider, TomTom®. It can be operated using natural voice recognition, meaning your eyes need never leave the road.

Vauxhall Live Navigation Plus is included free of charge for three years and can then be renewed at a cost.

- TomTom® services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for addresses and points of interest
- Road safety alerts

PureEnergy

Model specific features are outlined in the following pages

1. 8-speed automatic transmission

The sophisticated 8-speed automatic transmission on petrol models has a number of features to help improve both efficiency and improve driving dynamics:

- Reduced internal friction to improve efficiency
- A torque converter design that has been specifically engineered to improve gear shift smoothness and reduce idling vibration
- Quickshift technology that offers one of the fastest shifting on the market
- Manual shifting mode available with shift paddles

Three driving modes

- Normal. For a balanced drive that offers the perfect combination of performance and fuel efficiency
- Sport. That improves steering feel, sharpens the throttle response, and raises the transmission shift points for a more dynamic driving experience
- Eco. For maximum fuel economy using shorter shifting points and a slower throttle response

2. Paddle shift

Corsa petrol automatic customers can also experience a more involving driving experience by using the paddle shift levers integrated into the steering wheel; a feature normally found on larger executive sports models.

3/4/5. Electric information displays

All electric-specific data is displayed in the infotainment system and can be accessed using the special 'EV' button on the infotainment system. The EV app includes the following submenus: • Flow • Statistics • E-save

6. Electric vehicle services

Electric vehicle services, such as thermal preconditioning and battery charging functions, are available not just with the MyVauxhall app, but also through the infotainment system in certain cases.

Corsa-e Specifications

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

Drivetrain	Corsa-e
CO ₂ emissions	0g/km
Maximum power	100kW (136PS)
Maximum torque	260Nm (192lb. ft.)
Acceleration 0-60mph	7.6 sec
Maximum speed	93mph
Transmission	Automatic electric drive with fixed gear ratio
Kerbweight	1530kg
Service interval	Initial inspection at 8,000 miles/1 year (whichever comes sooner). Thereafter 16,000 miles/2 years (whichever comes sooner)

VX_COR_e_33607

VX_COR_e_33359

Corsa-e Specifications

Charging

Corsa-e is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard as shown below. Additional charging accessories are available at extra cost, see Accessories page for more details or consult your local Retailer.

	11kW on-board charger
Mode 3, 3-phase 22kW cable	Standard
Mode 2, emergency charging cable	Optional accessory £584

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Corsa-e) or by using the Multimedia Navi Pro infotainment system (standard on Ultimate).

Charging		
Supply	Socket	Charge Time (0-100%)
AC current - Domestic 3 pin socket (2.3kW)	Type 2	21h 45m
AC current - Home wallbox or public charger (7kW)	Type 2	7h 30m
AC current - Public charger (11kW)	Type 2	5h
DC current - Rapid charger (100kW)	CCS	30m (0-80%)

Battery	
Battery capacity	50kWh
AC on-board charger speed	11kW
EV range (WLTP high)*	222 miles
Energy consumption (Combined low/high)	16.5-16.8kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity

The Corsa-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*WLTP preliminary.

Comfort and Convenience

Model specific features are outlined in the separate tabular information

1. Cool and in control

Air-con is standard on Corsa's models with most featuring single zone electronic climate control too. Filters help to keep allergy-causing pollens and bad smells out. A multizone sun sensor adjusts to sunlight intensity and keeps the entire cabin at a steady temperature, whatever the weather outside. It's safer, too: controlled particle air recirculation prevents windows from fogging up for improved visibility.

2. Heated front seats

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a driving experience to look forward to.

3. Storage solutions

There's space for everything inside Corsa, with storage spots right where you need them, and a bigger boot for your luggage, shopping bags... and the rest.

4. Heated steering wheel

Within a minute, the steering wheel will warm hands, however chilly it is outside, making driving not just more comfortable but safer too, thanks to the better control it offers.

5. Massage driver's seat

A seat that keeps you cool, comfortable and massages you while you drive.

– 1.2 (100PS) Turbo/1.2 (130PS) Turbo 44 litres

Start/Stop technology

Corsa's Start/Stop system offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Effective 8 August 2022

1.2 (130PS) Turbo automatic	1650	1200 (580)

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other cars tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. *Correct at time of publication.

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Dimensions and Capacities All measurements in mm (inches) unless stated otherwise.

Company Car Driver and Fleet Information

Benefit in kind company car taxation*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO₂ emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%** for Basic Rate, 40%** for Higher Rate) to calculate your annual benefit in kind tax liability.

Generic example:

ELECTRIC vehicle: 0g/km CO₂

On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty	£0.00
New vehicle first registration fee	-£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2022-23 tax year (2%)	£557.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£111.40
Higher Rate (40%) tax payer	£222.80

*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position.
 **Excludes residents of Scotland.

BiK for Scottish Residents

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

The BiK rates for Scotland are:

- Over £12,570 - £14,732 Starter Rate 19%
- Over £14,732 - £25,688 Basic Rate 20%
- Over £25,688 - £43,662 Intermediate Rate 21%
- Over £43,662 - £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

CO ₂ emissions (g/km)	Percentage of cars price to be taxed 2022-23 tax year
Up to 50	14%
51 - 54	15%
55 - 59	16%
60 - 64	17%
65 - 69	18%
70 - 74	19%
75 - 79	20%
80 - 84	21%
85 - 89	22%
90 - 94	23%
95 - 99	24%
100 - 104	25%
105 - 109	26%
110 - 114	27%
115 - 119	28%
120 - 124	29%
125 - 129	30%
130 - 134	31%
135 - 139	32%
140 - 144	33%
145 - 149	34%
150 - 154	35%
155 - 159	36%
160 - 164	37%
165 - 169	37%
170+	37%

CO ₂ emissions (g/km)	Electric range (miles)	Percentage of cars price to be taxed 2022-23 tax year
0	-	2%
1 - 50	130+	2%
1 - 50	70 - 129	5%
1 - 50	40 - 69	8%
1 - 50	30 - 39	12%
1 - 50	<30	14%

Further Information

On-the-road prices

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £700.00 (including £116.67 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00.*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to electric models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Free2Move Lease

Whether you're a big company or a small business looking for vehicle financing, Free2Move Lease, our business finance specialists, can deliver exactly what you need.

Free2Move Lease is one of the UK's largest leasing companies and is also a member of the British Vehicle Rental and Leasing Association (BVRLA).

With over 60,000 vehicles in the Free2Move Lease portfolio, Free2Move Lease is able to offer competitive vehicle solutions. In addition, Free2Move Lease also offer innovative connected management of servicing and maintenance.

For further information, please contact your local Vauxhall Retailer or visit vauxhall.co.uk/offers-finance/business-leasing.html

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO₂) emissions produced by the vehicle. CO₂ emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table opposite.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. From 1 April 2017 the breakpoints for each of these bands have been revised. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £335 is payable for the first five years of standard rate payments.

Vehicle Excise Duty*

Band	CO ₂ emissions in grams per kilometre	First year rate Petrol	Standard rate Petrol	Standard rate Electric
A	0	£0	£0	£0
B	1 – 50	£10	£165	–
C	51 – 75	£25	£165	–
D	76 – 90	£120	£165	–
E	91 – 100	£150	£165	–
F	101 – 110	£170	£165	–
G	111 – 130	£190	£165	–
H	131 – 150	£230	£165	–
I	151 – 170	£585	£165	–
J	171 – 190	£945	£165	–
K	191 – 225	£1,420	£165	–
L	226 – 255	£2,015	£165	–
M	Over 255	£2,365	£165	–

*Correct at time of issue.

Further Information

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on Corsa-e models the cover is extended* to 8 years or 100,000 miles, whichever comes first. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free** phone call away, 24 hours a day, 365 days a year!

Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

Vauxhall Care

This all-inclusive service package is available on Vauxhalls under 10 months old (from date of first registration).

This package offers complete peace of mind for the first 3 years of your Vauxhall's life with fixed monthly payments for the plan duration.

- **3 years' Vauxhall servicing** – covers first, second and third annual services. Including a brake-fluid change in the second service
- **2 years' Vauxhall Roadside Assistance** – first year from us
- **First years' MOT[†]** – free of charge by your local Vauxhall Retailer
