

New Grandland

Expect great things from the new Grandland

Our brilliant SUV has been given a bold new exterior look that reflects our all-new design language.

The interior has not been overlooked. As sophisticated as ever, it now features a new fully digital colour display with a combined screen size of up to 22 inches.

The engine line-up delivers advanced Plug-in HYBRID-e technology that delivers up to 225PS of electrified power with the ability to go emission-free for up to 39 miles.

A host of innovative driver assistance features, including a new night vision option, mean driving a Grandland has never been safer or more satisfying.

The new Vauxhall Grandland. Now more cutting-edge than ever.

Exterior Styling

Big, bold looks

New Grandland looks simply brilliant.
From every angle.

First, you'll notice the new Vauxhall vizor,
giving the Grandland a much more
commanding road presence. Then there's
the new body-colour detailing for Ultimate
models which gives an all-round sleeker look.

Or make a statement and choose the sportier
GS Line (pictured) for contrasting gloss black
styling, complete with matching black alloy
wheels and Vauxhall badging.

PureSense

Made to make your life easier

New Grandland is packed with innovative features that make your driving experience safer and stress-free.

Highlights include:

- Night Vision Technology
- IntelliLux Adaptive LED® Pixel Headlights
- Highway Integration Assist
- Front Camera System
- Automatic Emergency Braking
- 360° Panoramic Parking Camera
- Advanced Park Assist
- Side Blind Zone Alert

PureConnect

It's seriously smart...

Inside, the star of the show is the new fully digital Pure Panel display, that puts a 10-inch infotainment touchscreen and a 12-inch digital cluster right in front of you. This gives you easy access to everything you need, from your phone contacts to your driving speed, all without distracting you from the road ahead. And on most models, you'll get an integrated sat nav just a touch away.

Comfort and Convenience ...and stylish too

The new Grandland is quite simply a joy to be in. Not only because of its head-turning good looks and premium touches, but because of its outstanding comfort features. On Ultimate models both driver and passenger are spoilt with ergonomic active sports front seats that are heated for extra comfort. And speaking of seats, they come finished in a new Alcantara trim.

Then there's great features like dual-zone electronic climate control and heated steering wheel. And how about a heated windscreen to match?

Driving Dynamics

Ready for action

New Grandland Plug-in HYBRID-e provides the best of both worlds. With up to 225PS combined power and a 39-mile pure electric range that will cover your daily commute plus a 1.6 180PS Turbo petrol engine for longer journeys. This is met with a sophisticated 8-speed automatic transmission with three driving modes: Pure electric, Hybrid and Sport mode. You can also opt for efficient petrol or diesel engines too.
