# All-new Mokka

# Confidently British

At Vauxhall, we believe great cars are for everyone. We're part of the fabric of British life – finding smart ways to make life better for the nation's drivers. It's a journey of progress that unites us all. And to us, the future has never looked more exciting. Take a look at the all-new Mokka to see what we mean.

## How to use this brochure

This brochure showcases some of the highlights of all-new Mokka. Please note that some of the vehicles shown include options available at extra cost and not all of the features described are available on every model. You can click through to the all-new Mokka Price and Specification Guide for all the latest details.

# Unbox yourself

**It's time to break free of convention.**

To reshape your expectations.

To step up to a new kind of SUV.

This is all-new Mokka: the bold new face of Vauxhall, featuring our unmistakable Vizor grille and a stylish interior that's light on buttons and dials, yet fully loaded with tech thanks to the all-new Pure Panel display. Combining a high ride and commanding view with a more engaging drive than ever before, the new Mokka is now available for the first time in both 100% electric form and with petrol or diesel engines.

This is the future of the SUV. Unboxed.

# The shape of things to come

With its revolutionary design, the new Mokka looks like no other compact SUV. The unique vizzor front grille sweeps around the LED headlights to give a muscular yet beautifully proportioned shape. Distinctive alloy wheels complete this dynamic new look.

Follow this flowing shape to the rear and you'll notice enhanced LED tail lights that look good from any angle.

Thanks to a choice of roof and body colourways and, on SRi Premium models, window accent colours, you can create your very own Mokka.

# Your personal space

All-new Mokka's interior breaks the mould with a new level of style. The SRi Premium model, for example, brings subtle red accents from the exterior through to the interior design. But it's not just about the looks, it's about the way it feels. With features available such as electronic climate control and a leather interior with heated front seats and a driver massage facility, there's no doubt you'll arrive feeling relaxed and refreshed.

**All detail. No distraction.**

Pure Panel technology makes driving more intuitive, featuring a flowing design that presents you with the information you need. With an infotainment touchscreen measuring up to 10 inches, as well as another 12-inch screen right in front of you, you can stay focused on the road ahead.

And with smartphone projection, you're connected to the people who matter most.

# A different kind of drive

The all-new Mokka gives you sharp, agile handling, with all the presence of an SUV. On auto and electric models, you can even choose from three different driving modes.

Select a petrol or diesel engine and there's exceptional efficiency and power on demand – with sound enhancement on SRi Premium models. Go 100% electric and you get up to a 209-mile range and rapid charging to get you back on the road fast, so there's absolutely no compromise.

**Automatic transmission**

City driving is smoother than ever, thanks to Mokka's new 8-speed auto transmission with three different driving modes: Sport, Normal and Eco.

**The power to impress**

New Mokka is made to perform. With a brand-new engine range that delivers our most dynamic driving experience yet. And it does all this while keeping emissions and running costs low.

VX\_COR\_30358

**Petrol and diesel**

Our efficient petrol and diesel engines are big on performance but light on your pocket.

# Feel electric

Mokka-e is here to change the game, combining that iconic SUV driving experience with a 100% electric powertrain. One that's fun to drive and easy to own. One that's accessible to everyone. One that makes life a little simpler - and a lot more exciting.

VX\_MOK\_32770

# Driving electric

## Dynamic driving experience

The all-electric Mokka-e delivers instant power and torque when you need it, gliding from 0–60mph in just 9.2 seconds. What's more, you get a choice of driving modes, depending on your mood and the driving conditions. Sport mode takes the fun ever further, while Eco mode will help to boost your range.

The electric range shown was achieved using the new WLTP test procedure. Figures are intended for comparability purposes only. The electric range you achieve under real life driving conditions will depend upon a number of factors, including the accessories fitted after registration, variations in driving styles, weather conditions and vehicle load. Please note, EV range assumes that vehicle has been pre-conditioned prior to journey.

Up to  
**209**  
miles  
on a full-charge

### LEV services

Driving an all-electric Mokka-e is easy and worry-free. To make the most of your 209-mile range, we've included special LEV connected services that make life with your Mokka-e even easier – all controlled remotely from your smartphone. All the key info flashes up on a simple and easy-to-read display, so it really couldn't be simpler.

### Range management

You can get more from each charge with a few simple tips. A gentler driving style and reduced vehicle load will increase your range, as will avoiding difficult road conditions and the need for climate control. Using braking mode more often will also help increase your range.

### Get warmed up

Set the climate control system to warm the car up whilst still on charge to maximise your range.

### Plan ahead

Arrange your charging cycles to suit the most cost-effective energy tariffs. And map your journey to include all the charging stops you need via the sat nav system.

### Keep up to date

Get all the latest charging information, keep an eye on your range and check out your stats so you can see how efficiently you are driving.

## All-new Mokka

### Charging options

You can charge your all-electric Mokka-e anywhere, whether it's at a specifically designed wallbox, at a public charging station or at home. When you're out and about, a rapid charger will give you another 130 miles in just half an hour, while a home wallbox (7kW) will give you a full charge in 7.5 hours.

### Low running costs

With Mokka-e, not only will you save on energy and running costs, you'll save on servicing costs too. What's more, fully electric cars are currently also exempt from vehicle excise duty and, of course, the congestion charge.

### Government grants

The government has made grants available for electric vehicles. For Mokka-e, the government grant is up to £2,500. Providing you meet a few more criteria, you can also qualify for up to £350 towards the installation of an authorised home charging unit. Ask your Retailer for more info about the Vauxhall home charging offer.

\*You can obtain 0-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. Rapid charging stations are widely available across the UK at various locations and their power rating varies, typically from 50kW and sometimes up to 350kW. The charging time may vary according to the type and power of the charging station, the outside temperature at the charging point and the battery temperature.

# Comfort is key

Mokka's interior is designed to keep you feeling good.

The seats have been completely redesigned for improved support and comfort, while climate control maintains the ideal cabin temperature all year round.

**Heated steering wheel and front seats\***

Driver and front passenger seats heat in three stages for a more efficient alternative to climate control – and a more comfortable all-round driving experience. Within a minute, the steering wheel will warm your hands, however chilly it is outside. This makes driving not just more comfortable but safer too, as you'll have better control of the wheel.

**Versatility and storage**

There's space for everything inside New Mokka, with storage spots in all the right places, and a 60/40 fully folding rear seat.

**Puddle lights**

When you leave the car, an LED light under the door mirror lights up the pathway. The mirrors fold in electrically when parking\* and the headlights and taillights illuminate the way to the front door.

**Air-con and ECC**

Get the temperature just right, whatever the weather, with manual air conditioning\* or electronic climate control\*.

**Massage driver's seat\***

A seat that keeps you comfortable and massages you while you drive. Sound good? Well, it feels pretty good too.

\*Standard on certain models.

# Infotainment...

All-new Mokka offers a choice of infotainment systems to keep you entertained and connected. All models get the latest DAB digital radio technology, plus full Bluetooth® and USB connectivity. Not to mention smartphone projection systems compatible with Apple CarPlay and Android Auto™.

## Multimedia systems

A multimedia infotainment system comes as standard in every model, featuring up to a 10-inch colour touchscreen and full smartphone integration.\* Most models are equipped with satellite navigation which includes live navigational assistance through the Vauxhall Connect system.

## Smartphone projection

Mokka features Bluetooth® connectivity and a USB connection. You can also connect your smartphone using Apple CarPlay or Android Auto™ and project the screen onto the Multimedia display. So you've got simple access to your phone, music and apps, complete with voice control.

\*Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries.

# ...and connectivity

VX\_MOK\_31213

## Vauxhall Connect\*

Help when you need it, 24/7, 365 days a year. That's what you get with Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with someone who can help, with just the touch of a button. There's also a host of remote convenience functions simply accessed through the MyVauxhall App. For instance, you can lock and unlock the car remotely, wherever you are – handy if you forgot to lock the door or need to give someone access. And if you can't remember where you parked, finding your car is easy with the option to remotely activate the horn and lights. So you can style out those embarrassing moments, effortlessly.

## It's got your back. And front. And side.

Glare-free LED<sup>®</sup> Matrix headlights\* aren't the only feature that lead the way. The front camera system acts as a second pair of eyes to keep you safe. Adaptive cruise control frees you from the monotony of motorway driving. When you're parking, the rear-view camera\* takes away the guesswork, and advanced park assist\* even takes the wheel – steering you into tricky spaces with total precision.

\*Standard on certain models.

# LED headlights

All Mokka models are fitted with LED headlights as standard. Not only are they brighter, they're much more efficient too – by up to 81% compared to halogen headlights. So you get significant energy savings and lower CO<sub>2</sub> emissions.

IntelliLux LED<sup>®</sup> Matrix headlights with advanced forward lighting\* are as smart as they sound. They work by automatically adapting your headlights according to the type of road or driving conditions. Whether you're on the motorway, on a city street, rounding a bend or parking up, they've got you covered.

\*Optional at extra cost on certain models.

# Front camera features

**Forward collision alert**  
Slow or stationary car upfront? Forward collision spots it and lets you know immediately, giving you plenty of warning time to hit the brakes.

**Automatic emergency braking with pedestrian detection**  
This clever system helps to avoid low-speed rear-end collisions by automatically braking if it senses a potential impact. It will also brake to protect pedestrians who've walked in your path.

**Lane departure warning**  
Our lane departure warning system gives a gentle nudge to the steering wheel (and a audio alert) should you start drifting out of lane.

**Speed sign recognition**  
This advanced sign-detection system picks up and displays speed limits and other important traffic signs – even temporary ones.

# Driver assistance features

## Advanced park assist\*

Trying to get into a tricky space? Just switch to advanced park assist and watch Mokka find you a space, alert you and steer you in. Now that's a smart move.

## Driver drowsiness alert

Our seriously smart driver drowsiness system uses sensors to keep an eye out and warn you if you show signs of tiredness. So you'll know when it's time to stop for that all-important break.

## Panoramic rear view camera\*

The rear-view camera makes it easy to avoid pedestrians, bumps and scratches when you back in and out of tight spaces.

## Keyless entry and start\*

Keyless entry is activated as you approach. The doors unlock automatically and the engine is turned on via the start button. No ignition hunting. No fuss.

\*Standard on certain models.

# SUV simplicity

We want to make buying your new Mokka as stress-free as possible. With an easy-to-understand line-up, with no complicated options or add-ons to choose from, we've made it even simpler to choose a Mokka that suits you perfectly.

# Simply electric

There are four new all-electric Mokka-e models to choose from. All exceptionally well-equipped and each with their own individual style, they are 100% electric and 100% SUV.

# Yours. Truly

The exterior colour is a big part of your Mokka's personality. So we've made it easy to choose a colour that reflects yours. Bold and beautiful. Stylish and cool. It's all up to you.

# Looking good

## Body styling kit

Ramp up your Mokka's good looks even further with dynamic looking roof and bonnet decals in black or white. Then why not add some rugged-looking side steps and chrome tyre valve caps to complete the look? You can add a bigger pop of colour to the following accessories too:

- Exterior door mirror covers<sup>1</sup>
- 18-inch diamond-cut, bi-colour alloy wheels
- Wheel clips and centre caps<sup>2</sup>

## There's also a range of interior styling products available:

- Interior rear-view mirror covers<sup>3</sup>
- Aluminium pedal covers for manual and auto

<sup>1</sup>Available in white, carbon finish, red, blue, green, orange and grey (matt).

<sup>2</sup>Available in white, gloss black, red, blue, green, orange and grey (matt).

<sup>3</sup>Available in white, red, blue, green and orange.

# Feeling great

Sometimes you want your car to do that little bit more for you – that's where our practical accessories come in. Make it even easier (and more affordable) by building accessories into your choice of finance plan.

## **Emergency spare wheel kit (not illustrated)\*\***

Gets you from A to B with added peace of mind. Includes a 16-inch space-saving wheel and tool kit to give you everything you need to temporarily replace a damaged tyre and safely reach your destination.

### **1. Cup holder organiser**

Taking a refreshment break? A cup holder is a must, and this one fits neatly in between your rear seats.

### **2. Reversible boot liner**

Protect your all-important load area from wear and tear with our reversible liner. Carpet one side, vinyl the other.

### **3. Towbar\***

Tow trailers, boats, caravans and a whole host of other equipment with our handy towbar. It's quick to fit and easy to remove without the need for tools and comes fitted with a key-operated anti-theft system.

### **4. Splash guards**

Protect your precious bodywork from adverse weather and road debris with our specially made splash guards.

\*Requires factory build mounting option T7Y when ordering vehicle. \*\*Not available for Mokka-e models.

# Get more with MyVauxhall

MyVauxhall is your one-stop shop for everything Vauxhall. From service schedules and owners' manuals to online service booking and product updates – MyVauxhall is your digital passport to the world of Vauxhall. One login gives you access to both the website and the app.

- **Manage your Vauxhall** – Book a service online with your chosen Retailer
- **Vauxhall Connect** – Access any connected services available for your vehicle via the MyVauxhall app
