Combo-e Dynamic

VX_COMV_e_31988

First up is the Combo-e Dynamic, loaded with features and future-proofed technology to match.

Combo-e Sportive

VX_COMV_e_31881

The Combo-e Sportive is a fully-electric van with an edge, offering low running costs and even more practicality.

Combo-e Range Highlights

Dynamic

Standard features include:

- Radio
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
- Four speakers
- Vauxhall Connect
- Air conditioning
- 16-inch steel wheels with centre caps
- Cruise control with speed limiter
- Steering column adjustable for reach and rake
- Electrically adjustable/heated door mirrors
- Electrically operated front windows
- Nearside sliding side-access door (L1 models only)
- Nearside and offside sliding side-access doors (L2 models only)
- Twin solid rear doors
- Rear parking distance sensors
- Remote control security alarm system
- Emergency tyre inflation kit
- Side-protection mouldings
- Driver's airbag
- Electronic stability programme with traction control
- Anti-lock braking system
- Hill start assist

- Full-height steel bulkhead
- Daytime running lights
- Automatic lighting control
- Remote control central deadlocking
- Steering wheel mounted audio controls
- Engine deadlock immobiliser
- Electronically protected audio equipment
- Full-width overhead storage shelf
- Height-adjustable driver's seat with manual lumbar adjustment
- Four-way adjustable passenger's seat with underseat storage
- Driver's top-lidded glovebox

Crew Van Dynamic

Additionally feature:

- Two-position moveable ladder frame bulkhead
- Three-seat second-row bench
- Rear lap and diagonal inertia-reel seatbelts
- Nearside and offside sliding side-access doors
- Front passenger's airbag
- Driver and front passenger's side-impact airbags

Sportive

Features over Dynamic models:

- Multimedia audio system
 - 8-inch colour touchscreen
- FlexCargo Pack
 - Dual front passengers' fixed bench seat
 - Fold-flat centre seat backrest with table
 - Two-way foldable outer seat
 - Load-through bulkhead
- Electronic parking brake
- Body-colour door mirrors
- Body-colour front and rear bumpers
- Metallic paint
- 16-inch steel wheels with full-diameter wheel trims
- Front fog lights

Combo-e Dynamic

VX_COMV_e_31985

Dynamic

OTR £25,238.33*

Infotainment:

- Radio
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
- Four speakers
- Vauxhall Connect

Interior convenience/styling:

- Steering column adjustable for reach and rake
- Full-width overhead storage shelf
- Air conditioning
- Driver's top-lidded glovebox
- Cruise control with speed limiter
- Steering wheel mounted audio controls
- Six-way adjustable driver's seat with manual lumbar adjustment and armrest
- Four-way adjustable front passenger's seat with underseat storage

Exterior convenience/styling:

- Electrically adjustable/heated door mirrors
- Electrically operated front windows with one-touch facility
- Nearside sliding side-access door
- Twin solid rear doors
- Rear parking distance sensors
- Emergency tyre inflation kit
- Side-protection mouldings
- 16-inch steel wheels with centre caps

Safety/security:

- Driver's airbag
- Height-adjustable front lap and diagonal inertia-reel seatbelts
- Electronic stability programme with traction control
- Anti-lock braking system
- Full-height steel bulkhead
- Hill start assist
- Daytime running lights
- Remote control central deadlocking
- Engine deadlock immobiliser
- Electronically protected audio equipment
- Remote control security alarm system

Automatic models additionally feature:

- Leather-covered steering wheel
- Safety Pack
- Sight and Light Pack
- Keyless entry and start
- Front passenger's airbag

Crew Van

OTR £28,218.33*

Additionally feature:

- Four-way adjustable, folding front passenger's seat
- Three-seat second-row bench
- Vinyl load floor covering
- Nearside and offside sliding side-access doors
- Rear lap and diagonal seatbelts
- Two-position moveable ladder frame bulkhead
- Front passenger's airbag
- Driver and front passenger's side-impact airbags

*Price shown is after allowing for PiVG (Plug-in Van Grant) and excludes VAT.

Combo-e Sportive

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 exc. VAT (£700.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £3,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded.

*Provisional data. **Minimum Mass for standard vehicles will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

Combo-e is not covered by our Price Protection Guarantee. See 'Further Information' page for details.

Combo-e Specifications*

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity.
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode.
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance.

Braking

Energy recuperation

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

VX_COMV_e_31990

Drivetrain	Combo-e
CO ₂ emissions	0g/km
Maximum power kW/PS	100/136
Maximum torque Nm/lb. ft.	260/192
Acceleration 0-62mph (sec)	11.7
Maximum speed mph	84
Transmission	Automatic electric drive with fixed gear ratio
Service interval	Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner)

The Combo-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data.

Combo-e Specifications*

Charging

Combo-e comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Combo-e models or with optional Navi Pro).

Charging				
Supply	AC Current		DC Current	
	Domestic 13amp	Wallbox 32amp Single-phase	Wallbox 16amp Three-phase	Rapid charge** 0-80%
	1.8kWh	7.4kWh	11.kWh [†]	100kWh
50kWh battery	31h	7h 30m	5h	30m

Battery	7.4kW on-board charger
Battery energy kWh	50
EV range (WLTP high)	171 miles
Battery consumption (Combined low/high)	17.5-19.4kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity

The Combo-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data. **You can obtain 15-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. You can obtain 15-80% of the vehicle charge in 45 minutes from a 50kW rapid charging station. Rapid charging stations are widely available across the UK at various locations and their power rating varies, typically from 50kW and sometimes up to 350kW. The charging time may vary according to the type and power of the charging station, the outside temperature at the charging point and the battery temperature. [†]With optional 11kW on-board charger.

Glossary of Terms

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

- Combo roof load should not exceed 100kg including the weight of the roof rack/carrier

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Conversions

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders, and converters: converters-and-groupe-psa.com This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (K9), Vivaro (K0) and Movano (X62). All vital and fundamental information is now located in one place:

- Conversion Guidelines
- Technical Data
- 3D CAD (coming)
- WLTP guidance
- Body shell ordering

Additionally there is a new Q&A service for technical questions, and the new conversion approval process will also be managed through this portal.

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Glossary of Terms

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

Conversions – WLTP

There is a mandatory CO₂ target that comes into effect in 2020. There are specific targets for both cars and light commercial vehicles. With respect to LCVs, Vauxhall will be responsible for the CO₂ of complete converted vehicle, and defined Maxi-Pollutant Values must be respected.

These values are:

- Mass in Running Order (kg)
- Frontal Surface (m²)
- Rolling Resistance Coefficient of tyres (kg/t)
- Air Inlet Surface to cool the engine (dm²)

Conversion Guidelines; Maxi-Pollutant Values and links to CO₂ calculator can all be found on the converter portal at converters-and-groupe-psa.com

Second-stage conversions based on a Euro 6D TEMP engine cannot be registered unless they have passed the CO₂ calculator. If Maxi-Pollutant values are not followed, then CO₂ calculation will fail and converted vehicle cannot be registered. It would be necessary then to change the conversion.

Further Information

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to electric/hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£275.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free[†] phone call away, 24 hours a day, 365 days a year!

[†]Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical

and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see vauxhall.co.uk/recycling

Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

^{††}A radius of five miles/20 minutes from your Vauxhall Retailer.
