AT VAUXHALL, WE BELIEVE GREAT VANS ARE FOR EVERYONE.

The Movano retains impressive workload credentials, with a diverse range of body styles, up to 17m³ of cargo volume and a payload of up to two tonnes it's never been afraid of hard work. The fully electric powertrain producing 279hp and 410Nm of torque means both improved performance and up to 263 miles range. A choice of highly efficient turbo-diesel units completes the drivetrain line-up.

Advanced driver assistance systems are also available and the refreshed cockpit features an infotainment system with up to 7" colour touchscreen. We're delighted you're considering the purchase of a Movano and hope this guide will help you make the right choice for your business.

PRIME

FEATURES

INFOTAINMENT

- AM/FM/DAB digital radio
- Global telematics box
- Vauxhall Connect

INTERIOR CONVENIENCE/STYLING

- Two cup holders and mobile phone storage in centre of lower dashboard
- Electric power steering
- Manual air-conditioning

SEATING

- Adjustable driver's seat with lumbar adjustment and armrest
- Dual passengers' bench seat

EXTERIOR CONVENIENCE/STYLING

- Electric front windows
- Twin lens door mirrors with electrically adjustable and heated upper mirror
- Rear parking sensors
- Side-protection mouldings
- Twin unglazed rear doors (180° opening)
- Nearside sliding side-access door
- 15" steel wheels with centre caps
- Aerodynamic Kit (Spoiler & Active Grille Shutter) helps reduce CO₂ and improved efficiency and range

SAFETY/SECURITY

- Full-height steel bulkhead
- Driver's airbags
- Double passenger's airbags
- Remote central locking with deadlocking
- Fix and Go puncture repair kit
- Perimetric and volumetric, Thatcham category 1 approved alarm
- Tyre pressure monitoring system
- Electronic Stability Control (ESC)
- Advanced emergency braking system
- Lane support system
- Traffic sign recognition
- Driver Attention Alert level 4 (includes driver weariness camera)
- Intelligent speed assist
- Pedestrian warning speaker
- Lashing hooks in cargo area
- Electric parking brake

Specific to fuel type additionally feature

PRIME Diesel Models:

- Multimedia
 - 5" colour display
 - USB connection
- Manual air conditioning
- Cruise control with variable speed limiter (excl. 4.25T)

Electric Models:

- Multimedia
 - 7" colour touchscreen display
 - DAB/FM/AM
 - Apple CarPlay/Android Auto™
 - Double USB Ports (A type and C type)
- 7" digital instrument cluster
- Automatic air conditioning

Glazed Panel Van additionally feature

- Twin glazed rear doors (180° opening)
- Glazing to row 2, 3 and nearside sliding side loading door

N2 Panel/Glazed Van additionally feature

- 16" steel wheels with centre caps
- Moving off information system with blind spot
- Wheel arch mouldings
- Tachograph
- Speed Limited to 56mph
- Manual fold door mirrors

Pro Trim (features over and above Prime)

- Multimedia
 - 7" Colour touchscreen display
 - DAB/FM/AM/Apple CarPlay/Android Auto™
 - Double USB (A type & C type)
- Rearview Camera
- 360 Parking Sensors
- Automatic Climate Control
- High Beam Assist
- Rain and Dusk Sensor (Auto-Lights & Auto-Wipers)
- Front fog lights

Please note: The above LCDV codes are for England, Wales and Scotland. For Northern Ireland the 'TX' is replaced with 'T0'.

IMPORTANT NOTE RE: CONVERSIONS

Any vehicle ordered (including panel vans) for a conversion that changes the base vehicle type approval must be aligned to a Stellantis Certified Converter within CustomFit Conversion tool by entering the associated vehicle order number. Please note that if the vehicle order number is not inputted into CustomFit Conversion tool then the order/s will be cancelled. It is also important that you discuss your conversion project with the converter before ordering the base vehicle.

[converters-and-stellantis.com](https://www.converters-and-stellantis.com)

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £995.00 exc. VAT (£1,194.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication) and first years VED of N1 £375 or N2 £177 (for vehicles registered on or after 1st April 2026). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £5,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

*For definitions please refer to Glossary of Terms. Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 750kg – all models.

**Currently there is no PIVG approval for Chassis Cab BEV variants – This version is for large fleet orders only.

SAFETY FEATURES

1. Intelligent speed assist incorporating traffic sign recognition

Sets and automatically adjusts the speed to maintain a safe distance from vehicles ahead, providing functionality between 19 mph and the vehicle's top speed. In conjunction with traffic sign recognition, the system can recommend that the driver adjust their speed according to the speed limit detected.

2. Digital Rear-view camera*

The central LCD high-resolution display provides an unobstructed and ultra-clear view of the road behind, thanks to a wide-angle, HD camera located in the rear third stop lamp.*

3. Electronic Stability Control (ESC)

ESC has been upgraded in the new Movano to include the following three features:

- **Cross wind assist** – works at speeds over 40mph and intervenes on braking to help stabilise the vehicle through strong crosswinds, helping the vehicle to avoid drifting out of its lane.
- **Trailer stability control system** – the system is able to detect when the trailer is starting to oscillate and corrects any dangerous trailer swing, through a combination of torque reduction and wheels braking, to bring the trailer and the vehicle under control.
- **Post collision braking system** – intervenes in the event of an accident, automatically applying brakes to prevent secondary potential collisions.

4. Advanced Emergency Braking System (AEBS)

This system alerts the driver of a potential collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

Lane support system**

Lane support system prevents unintentional departure from the lane, with the help of a forward-facing camera on the windscreen performing corrective steering interventions to prevent the vehicle from crossing painted boundary lines or even roadside edges. A tactile warning in the form of torque applied to the steering wheel, together with visual and audible warnings on the instrument panel display, alert the driver that they must stay within the lane limits.

5. Blind Spot Information System (BSIS)*

Audio and visual warnings will alert the driver in case the vehicle approaches an obstacle or has to go through narrow spaces. The audible warning will keep beeping with increased intensity as the obstacle is nearing and will decrease as soon as the obstacle is out of reach.

Moving Off Information System (MOIS)**

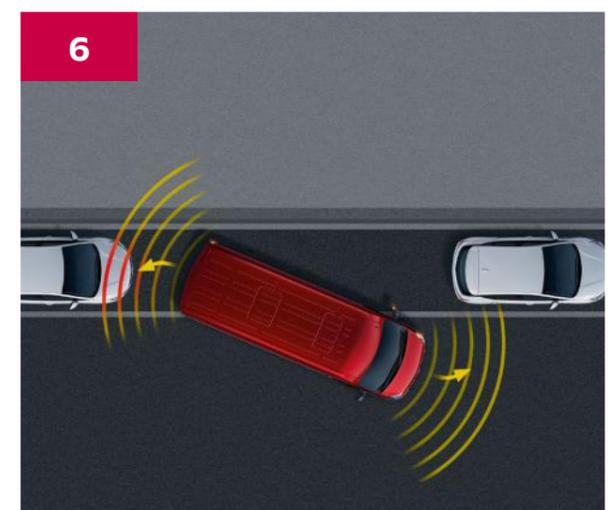

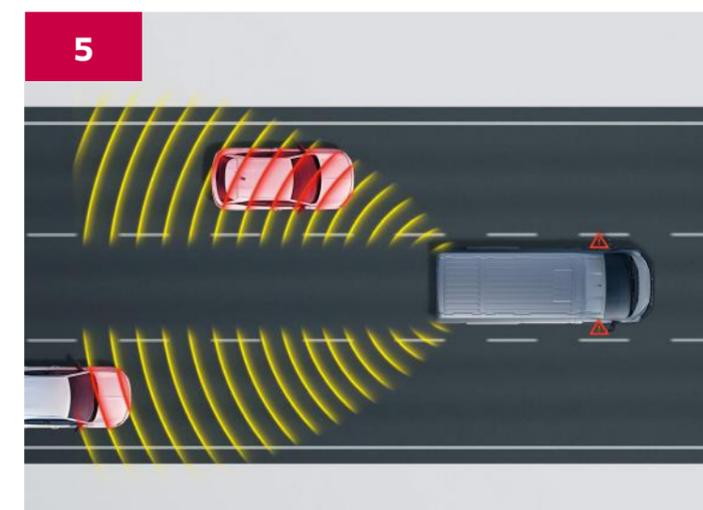

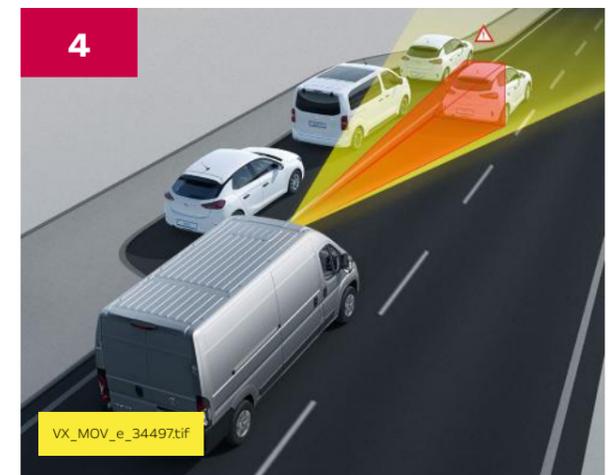

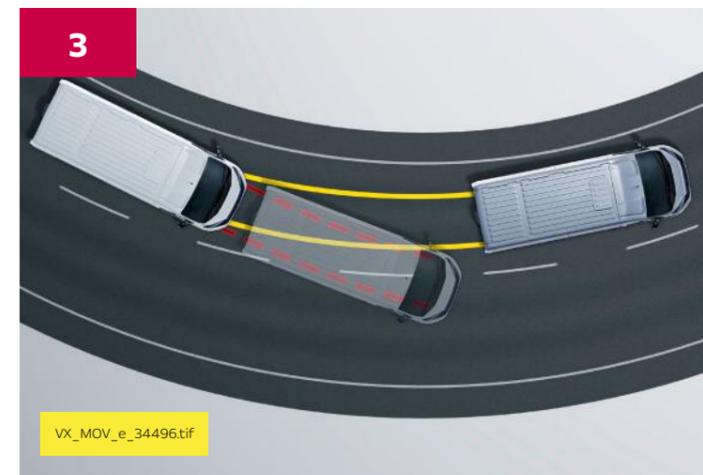

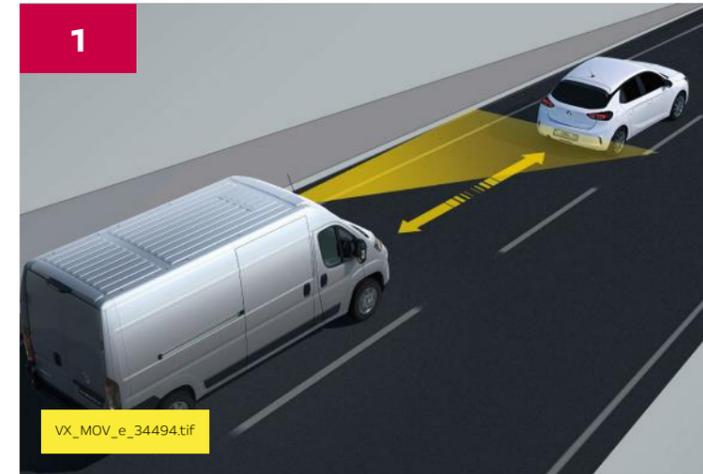

Standard on all N2 models, the Moving Off Information System (MOIS) and Blind spot information systems work together in order to allow the recognition of side obstacles inside the blind side area opposite to driver's position. Driver is alerted by a visual warning on cluster and the mirrors, when approaching obstacles located into the blind lateral area.

6. 360° Perimeter Parking Sensors*

The 360° Perimeter Parking Sensors alert the driver both acoustically, and visually when the vehicle is approaching obstacles or going through tight spaces.

Depending on vehicle length there are either 14, or 16 sensors surrounding the vehicle. These are located on the front and rear bumpers and also within the side mouldings.

Visual warning is displayed on the cluster screen by the vehicle shape surrounded by three proximity bands, showing the vehicle distance from obstacles, while the acoustic (beep) warning increases in frequency as the obstacle comes nearer, becoming a continuous beep as the obstacle distance is lower than 30 centimetres.

PURECONNECT INFOTAINMENT

MULTIMEDIA SYSTEM – COMMON FEATURES

- AM/FM/DAB digital radio
- Bluetooth®
- Vehicle microphone
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- Flexible roof-mounted aerial
- Steering wheel mounted audio and phone controls
- 10 years Connect ONE included

DRIVER INFORMATION – DIESEL MODELS

- Driver information display – centrally located in instrument cluster including speedometer and rev counter
- 3.5" digital TFT Black & White display
- Digital fuel and water gauges, on Heavy-Duty versions, water temperature level gauge is replaced with AdBlue level gauge

MULTIMEDIA SYSTEM – DIESEL MODELS

- Features**
- 5" colour touchscreen

Additional features

- USB connection

MULTIMEDIA SYSTEM – ELECTRIC MODELS

- Features**
- 7" colour touchscreen
 - Apple CarPlay™/Android Auto™
 - Siri/Google Assistant

Additional features

- 2 x USB connections (A type & C type)
- Rear view camera interface (where optioned)

DRIVER INFORMATION – ELECTRIC MODELS

- 7" digital instrument cluster
- Driver assistance information and warnings
- Power/regenerative charge meter
- State of charge/drive mode displays
- Digital speedometer

MOVANO ALSO INCLUDES A FLEET MANAGEMENT SERVICE OFFER....

PREVENTIVE MAINTENANCE

The Preventive Maintenance Service is designed to help monitor and optimise the health of commercial vehicle fleets, offering support through live alerts and upcoming maintenance reports. This makes it easier for fleet managers to keep their vehicles in good working condition, saving time and money.

- Fleet Dashboard View
- Maintenance Tracking
- Report via Email
- Vehicle Health Alerts
- Van Maintenance Appointment

Connect Fleet

Customers can upgrade (via subscription) to Connect Fleet. This management platform is a full version opening up a broader spectrum of possibilities. With Connect Fleet customers can optimise the use of their vehicles by gaining access to consumption reports, mechanical alerts, eco driving and driving behaviour reports and vehicle geolocation in the event of theft in real time.

4 YEARS TRANSFERABLE

VAUXHALL CONNECTED SERVICES

An intelligent range of Vauxhall Connect Services offers you a new level of safety and convenience – wherever and whenever you need it. Discover the Connect ONE and Connect PLUS service packages, which can support you every day.

CONNECT ONE package

A pack for Customers' peace of mind, with features for their safety and assistance.

Included for 10 Years (Free of charge)

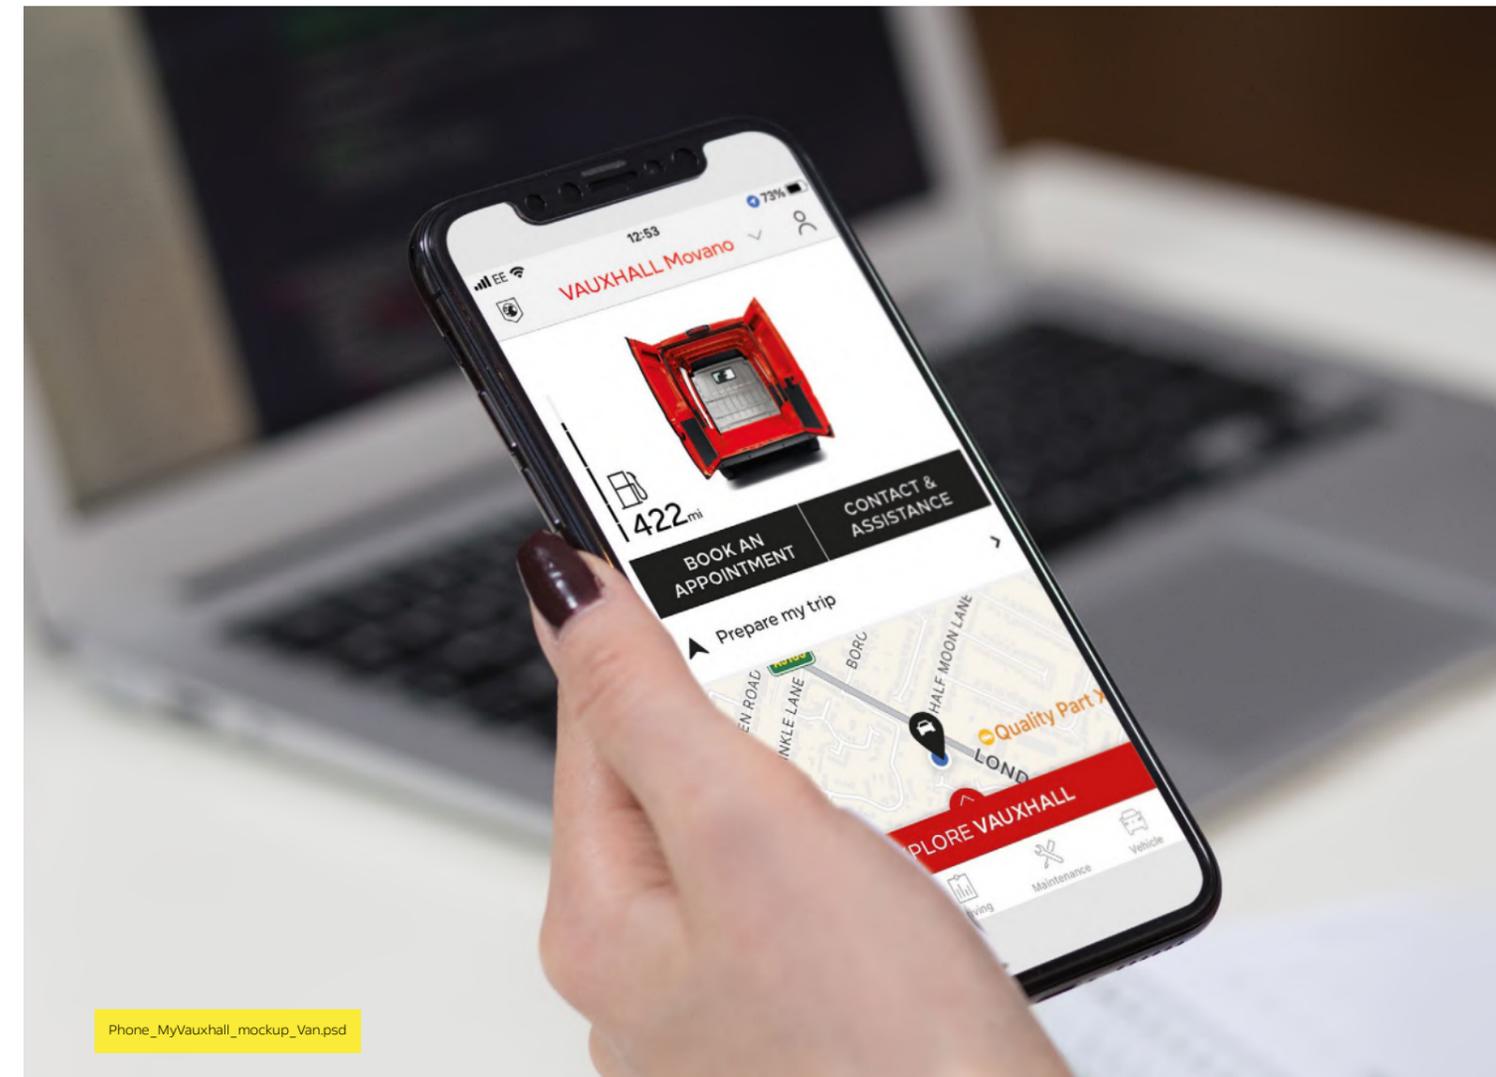

- Over-The-Air Software Updates
- Emergency Call/Vauxhall Assistance Call
- Vehicle Health and Maintenance Alerts
- Games
- e-Coaching (BEV/PHEV only)
- e-Remote Control (BEV/PHEV only)
- e-Routes by Free2move Charge (BEV only)
- e-Solution Charging by Free2move Charge (BEV/PHEV only)

CONNECT PLUS package*

A pack to offer a tech-savvy experience on-board and off-board, with vehicle remote management and assistance aids to help improve every journey.

6 Months Free Trial (Subscription service)

- Connected Alarm
- Remote Control
- My Trip Report – Driving statistics
- Find My Car
- Vauxhall Skill for Alexa™
- ChatGPT
- Real-Time Navigation by TomTom®†
 - Real Time Traffic
 - Speedcams
 - Fuel Price
 - EV Public Charging
 - Weather Forecast
- Maps Update Over-The-Air†
- Send to Nav (App to vehicle)
- EV Trip Planner/EV Routing Embedded

Explore MyVauxhall

Ready to make life easier? Meet MyVauxhall – your one-stop shop for everything Vauxhall.

Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

The colours reproduced may vary slightly from the actual paint colour. As a result they should be used as a guide only. Your Vauxhall Retailer has a comprehensive display of our paint samples.

*Standard exterior paint. **Optional at extra cost excluding VAT.

PUREENERGY ELECTRIC

SINGLE-SPEED ELECTRONIC DRIVE SELECTOR

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the driver selects from the facia-mounted buttons the following:

- **P:** Parking
- **R:** Reverse
- **N:** Neutral
- **D:** Drive

Driving modes enable the driver to optimise the range in real conditions. Three drive modes are available:

Eco: for a smooth and economical drive

Normal: for a comfortable and balanced drive

Power: for a powerful and responsive drive

There are four E-Coasting modes for regenerative braking enabled by the paddles on the steering wheel:

E-Coasting 1: Free wheeling

E-Coasting 2: Low deceleration

E-Coasting 3: Medium deceleration

E-Coasting 4: High deceleration

CHARGING

Movano Electric comes fitted with a 11kW on-board charger and mode 3 cable. For more details please consult your local Retailer.

Need help with home or public charging? Check out Vauxhall's Plug & Go partnership with Octopus.

BRAKING

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App or by using the infotainment system.

PUREENERGY ELECTRIC

ELECTRIC 136HP AUTOMATIC						
MOTOR

Rapid Charging (150kW) DC - CCS Socket	55min [5 to 80%]					

As all Movano Electric vans are homologated as Heavy and are not subject to WLTP testing, the range and electric consumption figures mentioned are calculated using WLTP Test Procedure methodology, on which the basis of all new Light Commercial or Passenger vehicles up to a GVW of 3500kgs are type approved, from 1 September 2018. The figures may vary depending on actual conditions of use and on differing factors such as: speed, thermal comfort on board the vehicle, driving style and outside temperature. The charging time depends in particular; on the power of the charger on board the vehicle, the charging cable and the type of cable used. Please contact your dealer or refer to www.vauxhall.co.uk for further information.

†All N2 vehicles are legally required to be speed limited to 56mph.

#Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

FACTORY CONVERSIONS

Dropside.png

The Movano dropside features an open platform with fold down side panels to make loading and unloading of goods effortless.

- Frame and cross-members in powder coated high-strength steel.
- Plywood load floor (12mm thick) with non-slip and scratch resistant resin coating.
- 400mm high and 25mm thick anodised aluminium removable side and rear panels with recessed hinges. Edge profiled for tarpaulin fixation.
- Integrated cabin protection made from powder coated high-strength steel with perforations to improve driver's visibility. Two lateral lashing rings.
- Integrated lashing rings on load floor (conforming to EN 12640 standards) secured with rubber plugs to avoid vibration.
- Rear plastic mudguards.

Tipper.png

The Movano tipper has an open platform that can be easily lifted to dump out the load. Our factory converted tipper is a one-way design.

- Frame and cross-members in powder coated high-strength steel.
- Load floor made from powder coated high-strength steel, with "curved protection" at the rear which helps guide the flow of transported material as well as providing additional structural strength when loading and unloading.
- 400mm high anodised aluminium opening (180°) side panels and tipping pins with self-lubricating hinges and integrated roping hooks.
- Tailboard features dual-mode hinge enabling both tip-through and tip-over functions. Rear pillars are made from high-strength steel and feature a patented locking mechanism.
- Tipping angle of 45° with lifting time of 30-40 seconds.
- Integrated cabin protection made from powder coated high-strength steel with perforations to improve driver's visibility.
- Non-protruding 4-stage telescopic cylinder hydraulic ram. Control unit features anti-foam system for maximum tipping capability. 12V System compliant to 2006/42/EC and 2009/19/EC with a pressure of 120 bar to limit overloading.
- Six integrated load lashing rings resistant to 800 daN.
- Rear plastic mudguards.

GLOSSARY OF TERMS

PLATED WEIGHT

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

KERB WEIGHT

The Minimum Mass minus the driver's weight. When Kerb Weight used, driver weight is included within the Maximum Indicative Payload weight.

MINIMUM MASS

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load/EV battery. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to the vehicle). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

GROSS VEHICLE WEIGHT (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

GROSS COMBINATION WEIGHT (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

PAYLOAD

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload does not include driver but does take into consideration specification/trim level.

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

ROOF LOADS

Roof loads should be evenly distributed. Max roof load on L2 is 100kg, L3 150kg and L4 200kg.

MAXIMUM TOWING WEIGHT

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

COMMERCIAL VEHICLE CATEGORIES

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

CONVERSIONS

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders and converters: converters-and-stellantis.com

This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (eK9/K9); Vivaro (eK0/K0); Movano (eX250/X250).

- Conversion Guidelines
- 2D Drawings
- 3D CAD
- WLTP Range/Emission Calculator
- Technical Questions
- Conversion Approval including LONO

Any converter of Vauxhall product should create an account on this portal, including those using the IVA approval process.

FURTHER INFORMATION

VAUXHALL ON-THE-ROAD RECOMMENDED RETAIL PRICES (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer, 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.*

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new vehicle, but you must take delivery as soon as the vehicle is available.

Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance.

CUSTOMER CARE COMMITMENT

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

VAUXHALL ASSISTANCE

Vauxhall Assistance is provided automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents and mechanical breakdowns to flat tyres. For even more peace of mind, for fully electric models the cover is extended† to 3 years. With Vauxhall Assistance help is literally just a free†† phone call away, 24 hours a day, 365 days a year!

VAUXHALL EXTENDED WARRANTY

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

VAUXHALL SERVICE PLAN

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise, see [vauxhall.co.uk/discover/here-for-you.html](https://www.vauxhall.co.uk/discover/here-for-you.html)

PROTECTING THE ENVIRONMENT

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see [vauxhall.co.uk/recycling](https://www.vauxhall.co.uk/recycling)

IN THE EVENT OF AN ACCIDENT...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit [vauxhall.co.uk/AccidentManagement](https://www.vauxhall.co.uk/AccidentManagement)

PROFESSIONAL CENTRES

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Professional Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

LEASYS

LEASYS UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile.

Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation.

Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA).

For further information, please contact your local Vauxhall Retailer or visit [leasys.com/uk](https://www.leasys.com/uk)
