

# Insignia

Hatchback, Saloon and Sports Tourer

A close-up, high-angle shot of a car's headlight assembly. The headlight is illuminated, showing a complex internal structure with a prominent, glowing LED light signature that forms a stylized 'V' shape. The surrounding housing is dark and reflective, with various lenses and components visible. The lighting is dramatic, highlighting the intricate details of the headlight's design.

# Discover the new Vauxhall Insignia.

Insignia is the new name on a totally new car from Vauxhall. With its dynamic design and innovative technology throughout, new Insignia takes Vauxhall's design language to the next dimension. Discover what it can do for you.

The vehicles illustrated may not necessarily represent the correct UK specification and not all of the features described are available on every model.

Insignia Elite

## A bold new identity.

Muscular but curvaceous. Smooth yet sculpted. The bold new grille and a flowing, coupé-like silhouette – for both saloon and hatchback – are set off by unique signature lights and new-style badging.

## A dynamic new drive.

New Insignia is built for a dynamic drive. With technology that can adapt chassis response to changing driving situations. Engine power and efficiency is a given.

## A stunning interpretation.

Same bold identity and stimulating driving experience. Infused with innovation and forward-thinking technology. The sleek new Insignia Sports Tourer perfectly complements its dynamic hatchback and saloon counterparts.

A detailed view of a car's interior, focusing on the dashboard and center console. The dashboard is dark grey with wood trim and features air vents and a navigation screen. The center console has a gear shifter and handbrake. The overall aesthetic is premium and modern.

## A premium feel.

New levels of interior style and quality. With obsessive attention to detail and intuitive ergonomics that put you in total control.

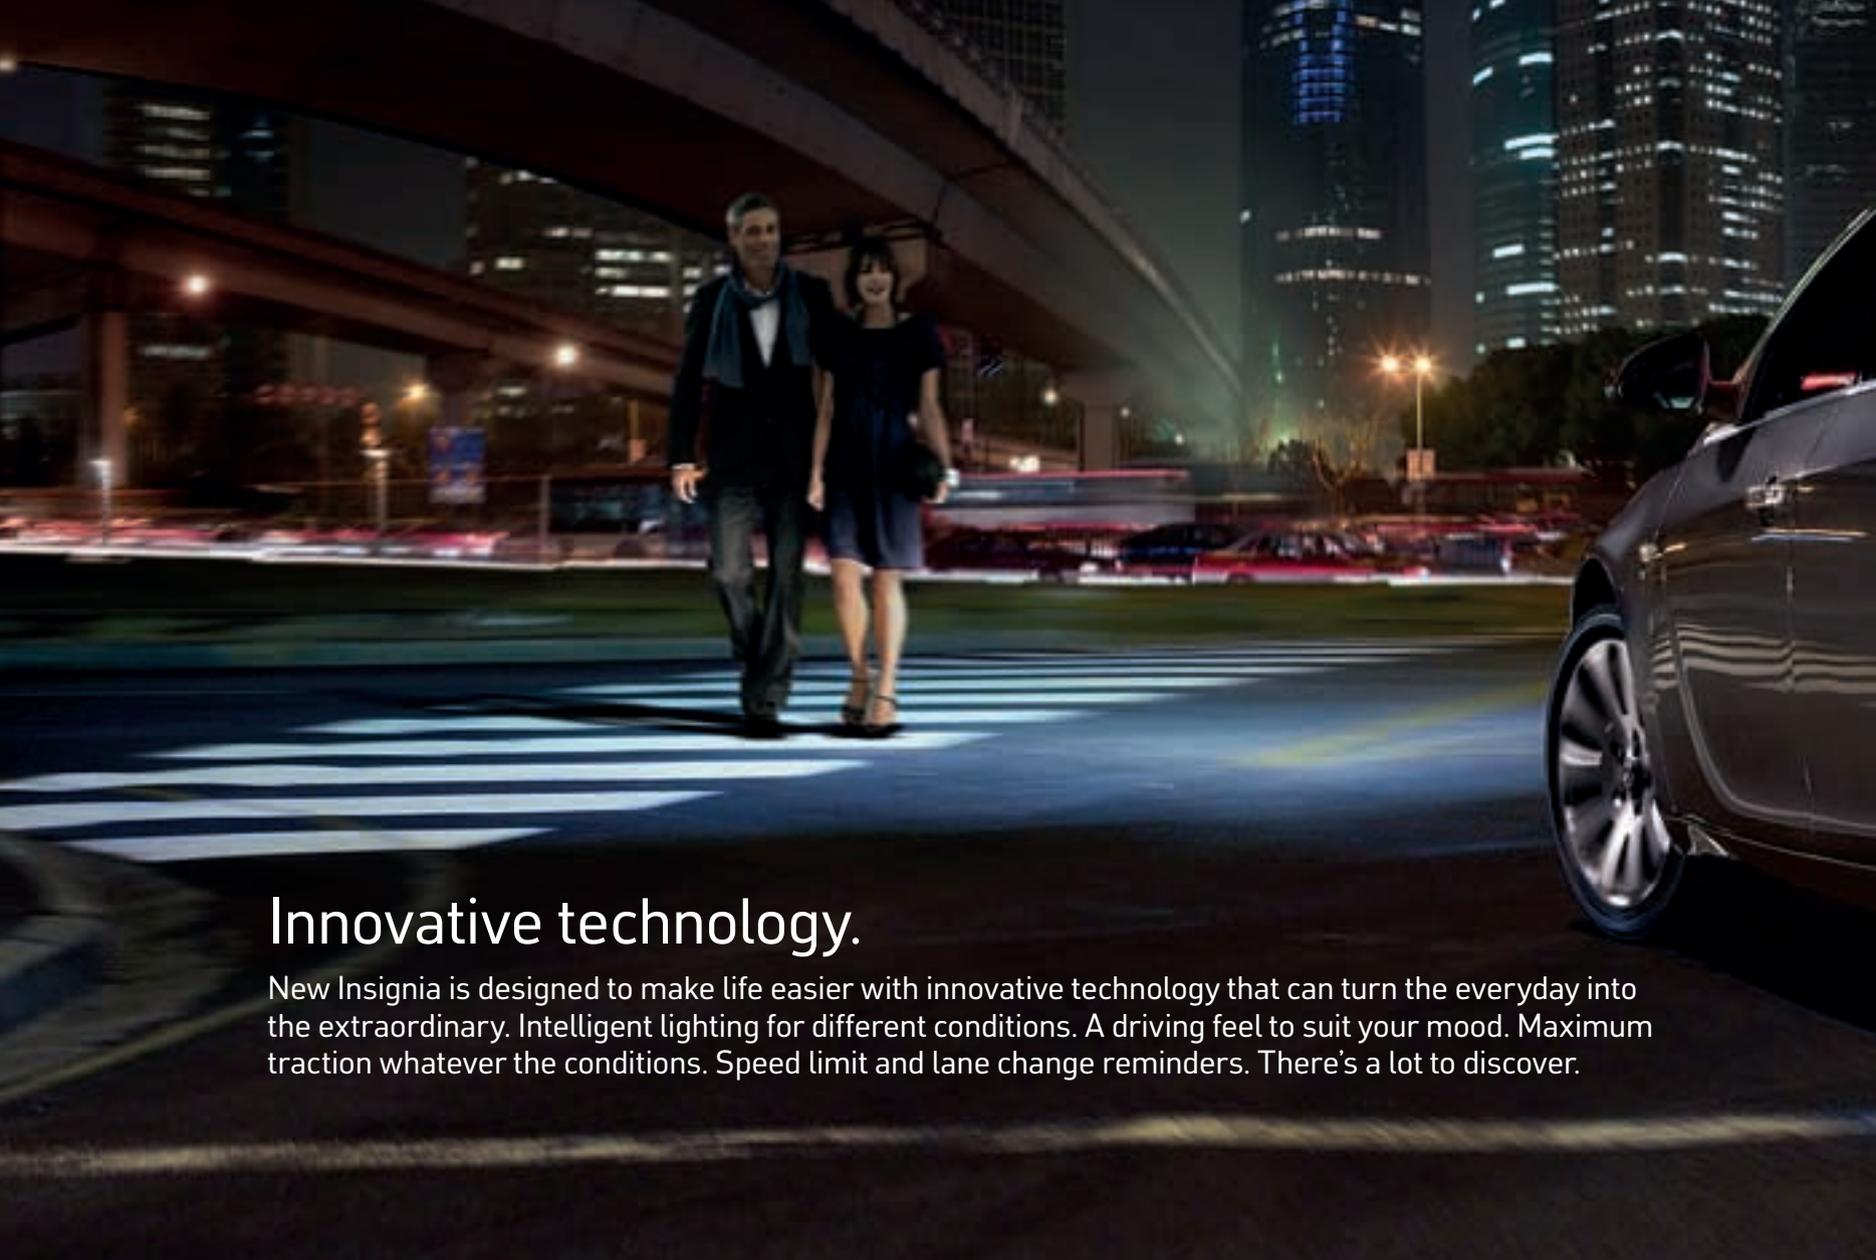

## A total comfort zone.

Space and comfort for every passenger. Smart features, high quality materials and premium interior décor for ultimate style.

## Innovative technology.

New Insignia is designed to make life easier with innovative technology that can turn the everyday into the extraordinary. Intelligent lighting for different conditions. A driving feel to suit your mood. Maximum traction whatever the conditions. Speed limit and lane change reminders. There's a lot to discover.

INSIGNIA

Insignia SE

## Body language.

The same design language and technical precision, but a totally unique look. With a wrap-around tailgate, roof spoiler and flexible interior space, the new Insignia Sports Tourer has a lot to say about modern life and how we make it happen.

**Sports Tourer** takes new Insignia's dynamic looks to a new dimension, with innovative use of space throughout. A deep opening, wrap-around tailgate and low loading height make it easy to use. FlexOrganiser® technology and a power tailgate on SE and Elite models extend versatility and use of loadspace capabilities.

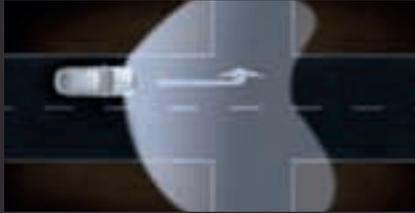

Exterior dimensions mm (inches)	Hatchback and Saloon	Sports Tourer
Length	4830 (190.1)	4908 (193.2)
Width excluding door mirrors	1856 (73.0)	1856 (73.0)
Width including door mirrors	2084 (82.0)	2084 (82.0)
Height	1498 (59.0)	1520 (59.8)
Wheelbase	2737 (107.7)	2737 (107.7)
Front overhang	1015 (40.0)	1015 (40.0)
Rear overhang	1078 (42.4)	1156 (45.5)

Load capacities* litres (cu.ft.)	Hatchback	Saloon	Sports Tourer
Load volume (minimum)**	520 (18.4)	490 (17.3)	tbc
Load volume (maximum)	1463 (51.6)†	1010 (35.7)††	tbc

\* = Measured using the ECIE method. \*\* = Under luggage cover – rear seats up.  
 † = To roof – rear seats folded. †† = To upper edge of front seat back – rear seats folded.  
 tbc = to be confirmed.

**Pedestrian area light (up to 20 mph).**  
Wider spread of light (an extra eight degrees left and right) illuminates potential hazards.

**Town light (20 – 35 mph).**  
Wider and lower spread of light. Activated by vehicle speed together with street lighting.

**Country road light (30 – 60 mph).**  
Wider spread and brighter light than normal low beam. Longer illumination of own lane.

**Motorway light (over 60 mph).**  
140 metre range, higher and brighter than normal low beam without dazzle.

**Adverse weather light (up to 45 mph).**  
Wiper or rain sensor activated for better vision in bad weather conditions.

**High beam with assist (any speed).**  
Automatically switches from high to low beam as it detects oncoming or preceding vehicles.

**Dynamic curve light (any speed).**  
Activated by steering angle and speed, the headlights swivel up to 15 degrees into the curve.

**Static cornering light (up to 25 mph, also when reversing).**  
Throws light 90 degrees left or right for enhanced lateral vision.

**LED Daytime running light.**  
Increases your visibility to other road users without increasing fuel consumption (unlike low beam).

**Intelligent Adaptive Forward Lighting (AFL).** New Insignia's Intelligent AFL headlights change their pattern to suit the location and the weather. Sensing where you need the light most, they can even help you see around corners. And if something is coming the other way, they dip automatically.

Sport or Tour? The touch of a button changes the whole driving dynamics to taut sporting excitement or relaxed long distance cruising.

The FlexRide (Adaptive Stability Technology) system responds instantly to data collected from every chassis and drive component. Continuous Damping Control, which adjusts the damper settings in real time, four-channel Anti-lock Braking System with electronic brakeforce distribution, traction control and Electronic Stability Programme (ESP) – all communicate with each other continuously. FlexRide simply combines all the elements for the chosen driving mode.

When you select Sport mode, new Insignia sharpens the speed-sensitive steering response, throttle input and automatic transmission (when fitted), and stiffens the dampers to ensure optimum road contact. On some models the system even allows you to programme which of the above functions you want more 'sporty' via an on-screen menu and the instrument lighting changes from white to red.

When you select Tour mode the system adjusts the damper settings to further enhance new Insignia's ride comfort. Ideal for long distance motorway journeys.

FlexRide comes as standard on some models and is available as an optional extra on others.

**FlexRide (Adaptive Stability Technology).** Choose a new Insignia with FlexRide, and the driving feel can be changed to match your mood. Select Sport mode for a more dynamic, responsive drive. Or Tour mode for a smoother, more relaxed set-up.

The advantages begin when you pull away, all four wheels are engaged for stable acceleration with maximum grip. In normal driving, the power is split 95% front: 5% rear, but under acceleration the system automatically diverts more power to the rear wheels for maximum traction before gradually moving power back towards the front wheels.

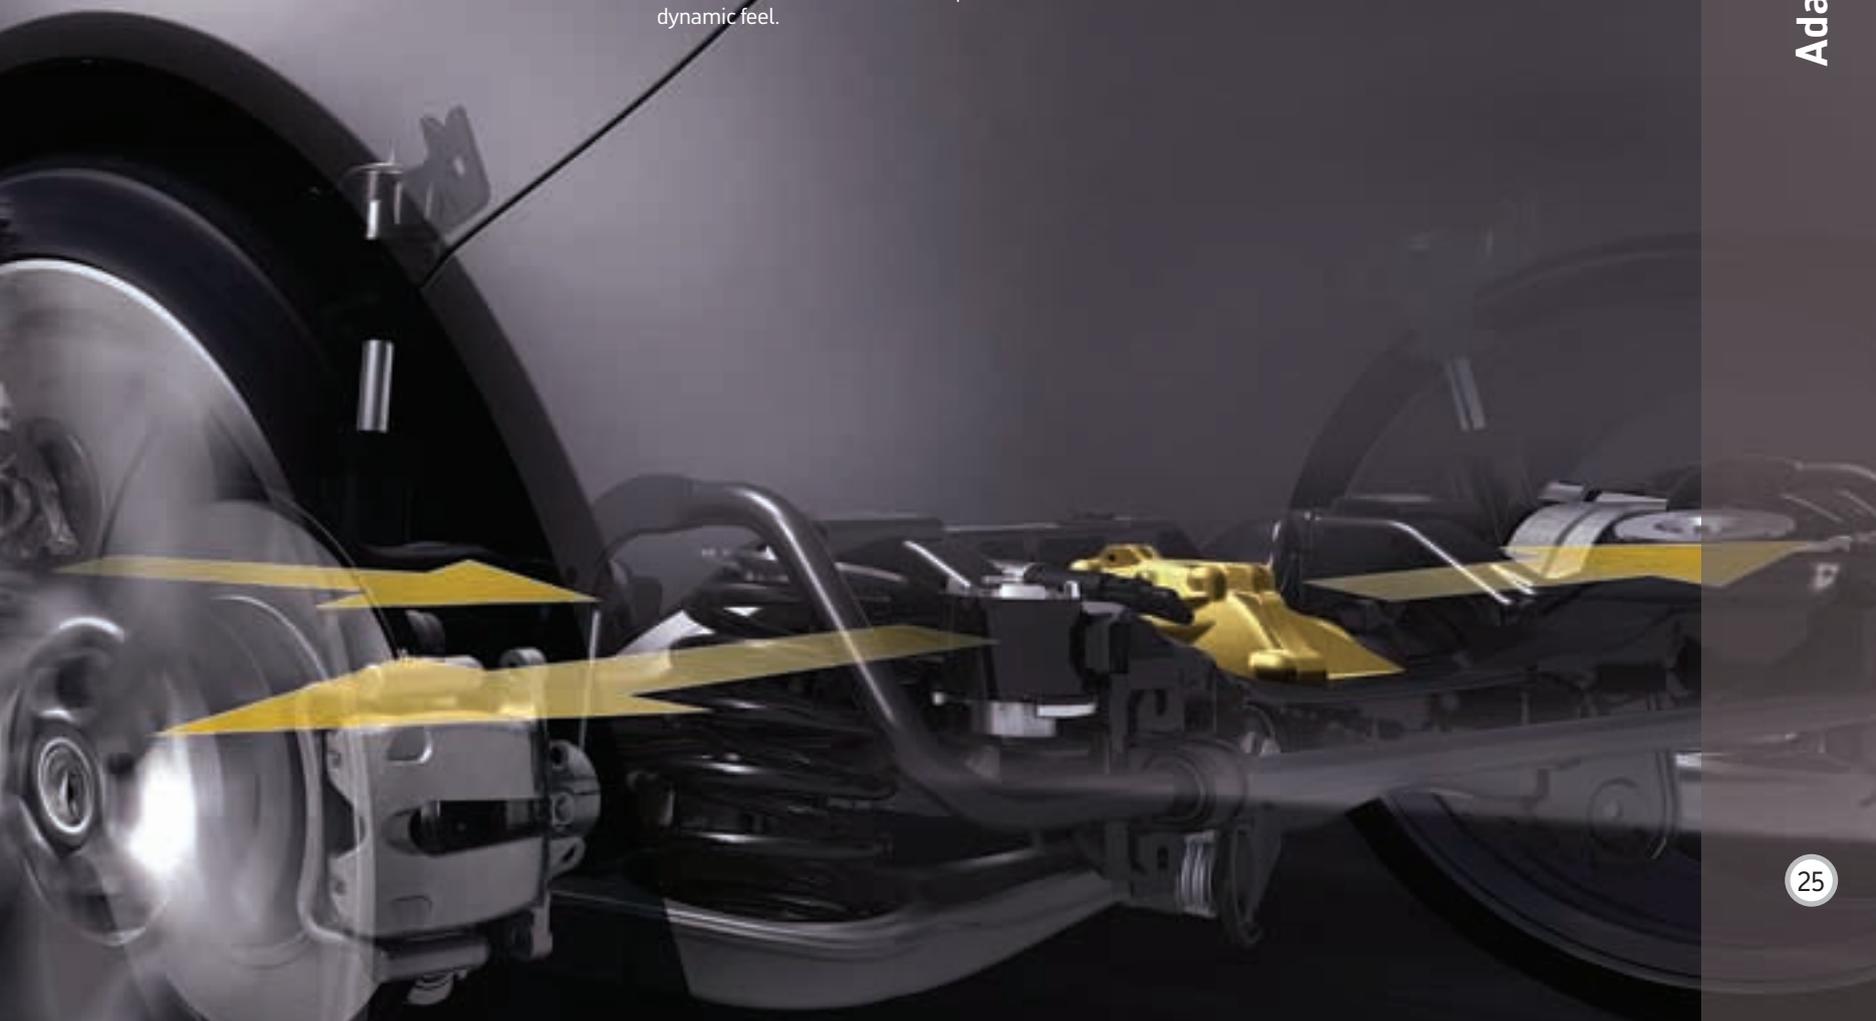

With the Sport button depressed the system apportions more power to the rear wheels in a 40% front 60% rear split to give an even more sporting feel.

The electronic Limited Slip Differential (eLSD) fitted to the rear of SRI models offers even more benefits for the enthusiastic driver. By sensing which rear wheel has the most grip, eLSD can transfer more torque to the wheel most able to utilise it. Up to 50% of the rear axle torque can be transferred between the rear wheels, increasing stability during high speed lane changes and providing more traction when accelerating out of corners.

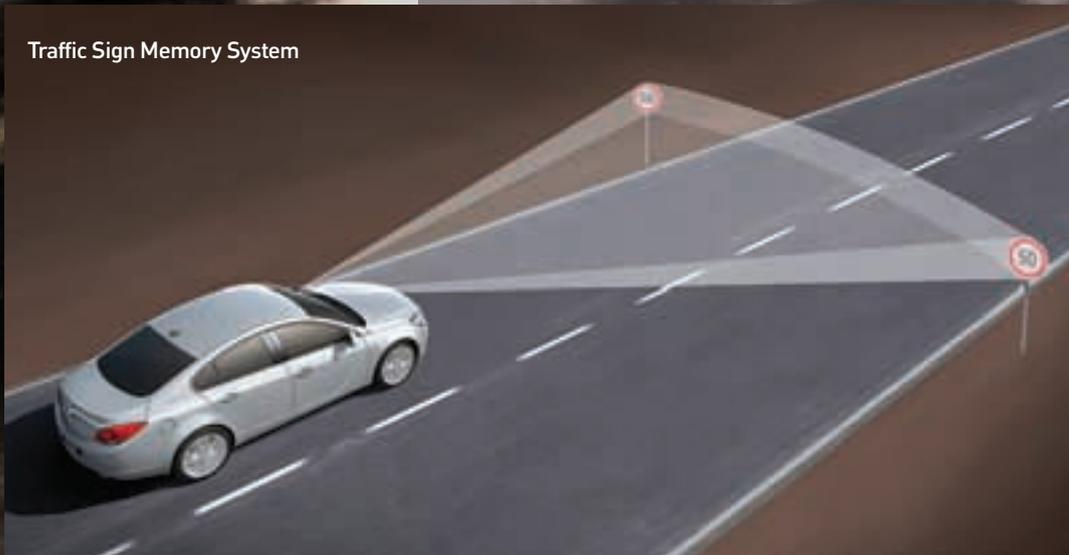

**Adaptive 4X4 with FlexRide.** Specify the Adaptive 4X4 – permanent four-wheel drive – system with FlexRide and your new Insignia will automatically distribute drive from the front to the rear wheels as conditions demand. The result? Maximum traction for smooth, strong acceleration, outstanding driving dynamics and more stability in cornering. Press the Sport button and it distributes additional drive torque to the rear wheels for an even more dynamic feel.

### Traffic Sign Memory System

New Insignia's innovative Traffic Sign Memory System recognises speed limit and no overtaking road signs, presenting them on the main display. If you select the speed limit function on the multi-function trip menu, the scanned speed limit is shown permanently until the next sign is recorded. If nothing is recognised, a simple dash will be displayed. Push the speed limit button on the steering wheel and the limit is displayed for just a few seconds.

### Lane Departure Warning

The Lane Departure Warning uses the Front Camera System to recognise lane marking lines and emits an audible warning if the vehicle leaves its lane unintentionally (ie. without you indicating), preventing potential accidents and reminding you of inattention or tiredness. Both systems can be deactivated via the facia switch.

**Front Camera System\***. Select the Front Camera System and new Insignia will read the speed limit signs and display a reminder on the fascia, helping you keep safe and legal. Leave your lane without a signal, and it can also warn you – just in case you're tired or simply not paying attention.

*\*Available 2009.*

New Insignia's front seats offer incredible comfort and support, with manual or electric operation. There's a huge range of adjustment, not just for seat travel and recline, but height and lumbar adjustment too – allowing all drivers and passengers to find their ideal seating position. Select the optional leather seats on SRi models and comfort is taken to a whole new dimension with perforated leather and an integrated heating and ventilation system for the driver's seat.

The new ergonomic sports seats (standard on SRi) feature improved tilt adjustment, 4-way power lumbar support and ergonomic seat contours, including excellent side support. An adjustable seat extension cushion, extending by up to 60 millimetres, also adds superior thigh support for taller drivers. No wonder it has been awarded a coveted seal of approval from AGR, an independent panel of German doctors and ergonomics experts. The AGR seal is only awarded to ergonomic products that comply with strict medical requirements; in this case, a scientifically proven new Insignia seat that effectively helps prevent the back pain and tension suffered by some car occupants.

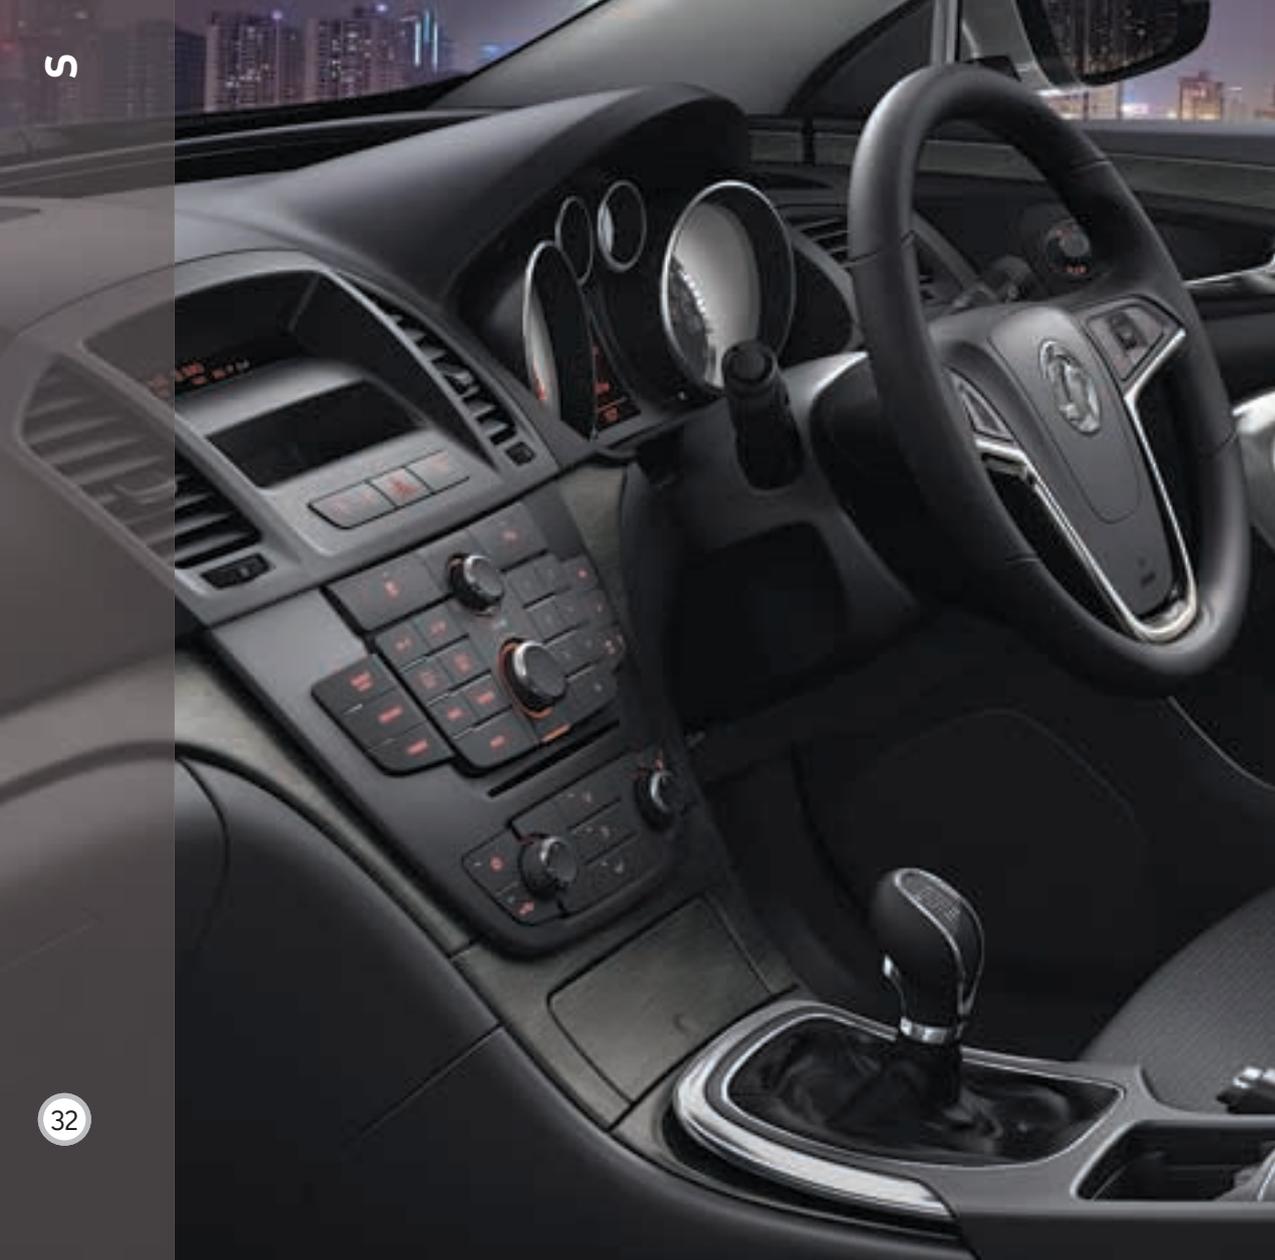

Climate control is a major factor for new Insignia interior comfort. Models featuring single-zone electronic climate control provide constant control of the atmosphere inside the car, with both front and rear air outlets optimised for maximum efficiency and noise reduction. The dual-zone system on Elite models also features individual temperature control between driver and front passenger.

## Examine every Insignia.

New Insignia launches with hatchback and saloon variants followed by Sports Tourer versions in Spring 2009. All three body styles will be available in a choice of five different trim levels – S, Exclusiv, SRi, SE and Elite – each carefully specified to create its own definition of new Insignia's character.

## Insignia S

Hatchback | Saloon | Sports Tourer

New Insignia style complete with an impressive level of equipment.

Standard features include:

- Driver's and front passenger's airbags
- Front seat side-impact airbags
- Full-size curtain airbags
- Electronic Stability Programme (ESP)
- Active-safety front seat head restraints
- Air conditioning
- 16-inch steel wheels with flush covers and 215/60 R 16 tyres
- Electric height-adjustable driver's seat
- Electric four-way lumbar adjustment on driver's seat
- 60/40 split-folding rear seat
- Retractable luggage compartment cover (Sports Tourer)
- Leather-covered steering wheel
- Cruise control
- Trip computer
- Automatic lighting control
- Electrically operated front windows
- Electrically adjustable/heated door mirrors
- Reach- and rake-adjustable steering column
- Remote control security alarm
- Remote control central deadlocking
- Black roof rails (Sports Tourer)
- CD player with MP3 format/stereo radio (CD 300)
- Steering wheel mounted audio controls

### Insignia Exclusiv

Hatchback | Saloon | Sports Tourer

A well equipped model with added style, comfort and convenience.

Additional features over and above S models:

- Single-zone electronic climate control
- 17-inch Structure wheels with 225/55 R 17 ultra-low profile tyres
- Chrome-effect exterior window surround
- 60/40 split-folding rear seat with load-through facility
- Front centre armrest with storage facility
- Interior ambient lighting
- Illuminated vanity mirrors
- Front seat back storage pockets
- Rear seat drinks holders
- Centre rear seat head restraint
- Front map reading lights
- Two rear reading lights
- Silver-effect roof rails (Sports Tourer)
- 12-volt auxiliary power socket in luggage compartment (Sports Tourer)
- Under-floor storage areas in luggage compartment (Sports Tourer)

**Powerful and efficient:**

New Insignia engines provide the power you want, the fuel efficiency you need and the low emissions we all appreciate. There are three efficient petrol engines – the high-tech 1.8i 16v VVT 140PS, with variable intake and double variable cam phasing, a 2.0i 16v Turbo at 220PS and a smooth 2.8i V6 24v automatic with 260PS.

And you can choose between two new, common-rail 2.0 litre direct-injection diesels – 130PS and 160PS. All five engines are Euro 5 compliant, all come with six-speed transmissions – manual or automatic.
