The fuel consumption figures shown comply with EC directive 1999/100 to provide a realistic indication of fuel consumption by taking into account everyday driving conditions, such as cold starts, acceleration and braking. These figures take account of the vehicle's kerbweight, ascertained in accordance with the above regulation. **Important:** the results given relate to the particular car tested. Driving style, road and traffic conditions, vehicle mileage and standard of maintenance may also affect fuel consumption; therefore the results do not express or imply any guarantee of fuel consumption attainable. **Manufacturer's figures.
