READY FOR IT

Making more of life. That's what Zafira Tourer's all about.

It's got a smart infotainment system with snazzy touchscreen controls. And with OnStar* as standard, you've even got your very own onboard personal assistant and a 4G Wi-Fi Hotspot*.

It all makes Zafira Tourer not just fun, but useful too.

Everything's made with you in mind, from its versatile seats and flexible storage to its super-efficient engines and responsive handling - ready for all the family on board, the dog in the back and a bike on its handy built-in cycle rack.

Sounds the perfect way to do more of the stuff that matters.

*Terms and conditions apply see pages 18-21.

A REAL CROWD PLEASER

Every Zafira Tourer comes packed with thoughtful ideas and smart technology to make life better. Standard (though far from standard) on every Zafira Tourer, a state-of-the-art R4.0 or Navi 4.0 IntelliLink infotainment system and OnStar are ready to keep everyone entertained, informed and in touch on the go. On the safety side, bright ideas like the LED adaptive forward lighting and driver assistance systems like the front camera system help you keep everyone safer on the road.

And when it comes to seating, Zafira Tourer has it sorted with its benchmark Flex7® technology. This endlessly flexible seating system means it's simple to find the ideal set-up whoever's on board or whatever you're up to.

So, with entertainment, connectivity, safety and comfort all sorted, as well as the airy brightness of a roomy interior, you can be sure everyone's happy.

- 1. Stay connected.** Get maps, apps and music on the go when you connect to our clever R4.0 IntelliLink infotainment system, or to our slick Navi 4.0 IntelliLink satellite navigation. They're compatible with Apple CarPlay™ and Android Auto™, so you can project app functions from your smartphone to the IntelliLink's colour touchscreen display. OnStar doesn't just give you 4G Wi-Fi on the go (cool enough), it's also a 24/7 onboard personal assistant with full GPS that – at the touch of a button – can connect you to a real person for help in case of an emergency, to find a destination, or even book a hotel. Get personal on pages 18-21.
- 2. Get comfortable.** From seven seats to one, pick the seating set up that suits you with our innovative Flex7® seating system. Quick release and fold flat seats adjust in dozens of combinations to suit any situation in seconds (read more about flexible seating on page 9).
- 3. Bright ideas.** Full LED Adaptive Forward Lighting (AFL) is another clever technology that automatically adapts the car's headlights to show you exactly where you're going, whatever the conditions (find out more about LED AFL on page 13).

STEP INSIDE, MAKE YOURSELF AT HOME

There's plenty to love inside the Zafira Tourer. Its panoramic sunroof and windscreen¹ give it a bright and airy feel, with plenty of relaxing space and creature comforts inside to make everyone feel at ease. Front seats with AGR² certified ergonomics provide loads of adjustable settings to find your perfect seating position, including an adjustable front cushion, seat tilt and power lumbar adjustment.

Ready to hand on, Tech Line Nav and Elite Nav models, the FlexRail[®] centre console system gives you an armrest fit for royalty. In fact, it's more than just an armrest – it's a modular, multi-level storage system with adjustable storage to hold drinks and space to store your smartphone, loose change and tickets. There's even a hidden compartment large enough for a handbag, tablet or a slim laptop.

Once you're comfy and organised inside the Zafira Tourer you'll find it quiet, calm and as accommodating as ever. You'll also notice higher quality materials, sophisticated colour choices and calm ambient lighting too, which all go together to make the Zafira Tourer look and feel a very nice place to be.

- 1. Ergonomically certified AGR front seats.** Give your back the VIP treatment on long trips with extendable thigh support and adjustable lumbar area that support you in all the right places and help you relax.
- 2. Enjoy the view.** You'll love the extra light, space and views given by the panoramic windscreen and sunroof which stretches right over the front seats and into the back, creating a natural, airy ambience inside the car.
- 3. The king of armrests.** FlexRail[®] centre console storage and armrest. The centre console turns the space between the front seats into a flexible storage compartment – and the integrated armrest makes for a relaxing drive.

Flex7®

VX_ZAT_27368

Size matters, which is why we designed Zafira Tourer with the demands of family life firmly in mind, be it picking up the kids, a weekend adventure in the wilds, or transporting tricky loads.

Which is why you'll find our clever Flex7® seating technology on board the Zafira Tourer. It's the result of over two decades of perfecting flexible seating in our cars, making it easy to adapt the seating for all sorts of different situations.

Flex7® is essentially a very simple system. Each individual seat in the second and third rows can fold perfectly flat or tip up using quick release straps. This simple idea lets you achieve lots of different seating and space combinations, from five-seater to seven-seater and much more.

- 1. Third-row seating.** All models come with a third row of seats to make the Zafira Tourer a full-on people carrier for seven people. Both outside second-row seats slide forward and tilt up – so it's easy to get in and out of the back.
- 2. Turn three seats into two.** Lounge Seating is a great way of really spoiling second-row passengers – or keeping squabbling siblings apart! The centre seat of the second row flips down to make an armrest, then the two outside seats slide back and away from the doors, giving you even more elbow and legroom with the minimum of fuss. Standard on Tech Line Nav and Elite Nav models.
- 3. Flat-folding seats.** Loads come in all shapes and sizes, and so does the luggage area in the Zafira Tourer. Each individual rear passenger seat folds totally flat so you can carry passengers and bulky loads at the same time.
- 4. Extra-large load space.** Switch from limousine-like comfort to all-purpose carrying ability in a matter of seconds – so you can transport that furniture, DIY kit or leisure equipment with ease.

Please note, for illustrative purposes only. When the second-row centre seat is occupied the passenger side third-row seat is only useable by a passenger up to a maximum height of 150cm.

READY FOR LOADS OF FUN

Looking for the perfect partner for sports, adventure and play? Well, look no further. Zafira Tourer carries it off in style.

Inside, the load-carrying potential is exceptional, with lots of storage features and space for all your kit. Outside, the optional FlexFix® carrier, which is cleverly integrated into the rear bumper, makes light work of carrying a couple of bikes.

What's great about it is that you can both secure and carry your bikes with safety and ease – it simply slides out of the rear bumper when you need it and slides invisibly back in when you're back home – nice, neat and no fuss – ideal for those spur-of-the-moment cycling trips.

For bigger loads and longer adventures, you can hook up a trailer using the tow bar, which depending on the model you choose, is good for up to 1,650 kilos.

- 1. Big boot.** Fold all the rear seats down and you've got a cavernous 1,860 litres of storage space. In its five-seat configuration, there's still 710 litres for luggage behind the second-row seats. And even in its seven-seat set up, you've still got up to 152 litres of space and 34 handy storage compartments.
- 2. FlexFix® bike carrier.** Hidden in the bumper when not in use, this clever extra folds out into a sturdy rack for two full-sized bikes.
- 3. Towing Pack.** At some point even the biggest boots fill up, which is when our optional tow bar comes in handy – a trailer stability programme also comes as part of the package which is good for towing up to 1,650 kilos.

SMART LIGHTS

VX_ZAT_27374

Vauxhall takes safety seriously. Which is why we developed the intelligent LED light technology that's now a proud standard for the Zafira Tourer. Optional at extra cost as part of the Premium Forward Lighting Pack, full LED Adaptive Forward Lighting (AFL) gives you greater visibility and safety at night by adapting the LED lighting patterns automatically to steering angle and speed, and according to your driving situation. Overall, the LED AFL system lights the road 30% brighter than halogen bulbs.

As well as the LED AFL system¹, Zafira Tourer gets LED daytime running lights, a high beam assist system, the latest generation Electronic Stability Programme (ESP-plus) and a braking system with active safety functions, including cornering brake control, straight line stability control, rollover mitigation and an emergency brake assist system.

Urban light. At speeds under 35mph, a wider spread of light shows more of the roadside to help show up pedestrians or other potential hazards.

Country light. At speeds above 34mph, a longer, broader, dazzle-free, low-beam light helps highlight roadside hazards.

Tourist mode. When travelling on the continent, oncoming traffic will never be dazzled as the AFL headlights automatically angle themselves slightly downwards.

Parking light. In reverse gear, this switches on the front cornering light on both sides of the car so it makes it easier for you to get in and out of parking spots.

High beam. Powerful down-the-road illumination on top of the LED low beam. Full-on lighting for maximum visibility.

Static cornering light. At speeds up to 25mph, when you indicate and turn the steering wheel past a certain angle, extra AFL LED cornering lights come on to show what's around the corner.

Dynamic curve light. Between 25 to 45mph, and above a certain steering angle, extra AFL LED cornering lights give you a better view around high speed curves.

Energy saving mode. Switches off the cornering lights to save energy when Start/Stop mode is on.

High beam assist. Automatically dips your headlights when the AFL system detects other vehicles approaching (not illustrated).

¹ Part of the Premium Forward Lighting pack that also includes LED headlights with dynamic beam levelling and LED tail lights.

AN EYE ON SAFETY

Choose your Zafira Tourer with the optional innovative front camera system¹ or driver assistance pack² to help you stay vigilant and keep your passengers safe on the road.

These radar-based safety systems continuously monitor other traffic, analyse your driving behaviour and automatically read upcoming road signs. Based upon this information, the system displays reminders and warnings on the instrument facia, helping to keep you safe and legal at all times.

These innovative systems have six main active functions while you are driving while the rear view camera option helps you reverse safely.

- 1. Lane departure warning.** If you start moving out of your lane without signalling, the system sounds the alarm so you can get back on track. **Side blind spot alert** (not pictured), available as part of the driver assistance pack, also safeguards against potentially hazardous lane changes, so that if a car moves into your blind spot, it displays a warning icon in the side mirror. **Following distance indicator** constantly indicates the number of seconds you are behind the vehicle in front, helping you maintain a safe distance (not pictured).
- 2. Forward collision alert.** Also available as part of the driver assistance pack. If you approach other vehicles too quickly from behind, an audible alarm is triggered and warning icons are displayed. If you don't react to the warnings, it automatically primes the brakes and will even apply them in an emergency.
- 3. Traffic sign assist.** Detects and displays speed limits and other traffic signs that you might otherwise miss, and can even recognise electronic and temporary signage and alert you.
- 4. Automatic cruise control.** Also available as part of the driver assistance pack, this system autonomously maintains the distance you set to the car in front, helping to prevent bumper-to-tail collisions. The system works closely with the forward collision alert to prevent you approaching other cars too fast.
- 5. The rear view camera.** This system allows you to see behind the Zafira Tourer using the 7-inch IntelliLink display (which comes as standard), so you can reverse safely without straining to look over your shoulder.

¹ Features lane departure warning, following distance indicator and traffic sign recognition. ² Features side blind spot alert, forward collision alert with automatic city emergency braking, following distance indicator and automatic cruise control.

A TOUCH MORE **CONNECTED**

VX_ZAT_27381

One thing we can guarantee is that you'll never be bored on board the Zafira Tourer. Because every Zafira Tourer comes kitted out with an IntelliLink infotainment system as standard, with Bluetooth® and USB connectivity for Android or Apple iOS device, as well as digital radio. Once connected to your device, the R4.0 IntelliLink lets you project your smartphone¹ or tablet apps¹ and functions to the 7-inch colour touchscreen display – perfect for safely making hands-free calls and streaming music while you drive.

And with OnStar² onboard you'll also have a powerful 4G Wi-Fi Hotspot³, so you can connect up to 7 devices, at any time.

1. The Navi 4.0 IntelliLink. If navigation is your priority, choose the Navi 4.0 IntelliLink, with a fully integrated European satellite navigation system that provides precise and convenient routing with enhanced traffic service. It also seamlessly supports portable Bluetooth® and USB compatible smartphones and tablets. Standard on Energy, Tech Line Nav, SRi Nav and Elite Nav models. Available as an option on Design models.

2. The R4.0 IntelliLink! This intuitive infotainment system is a true multitasker. It's compatible with Apple CarPlay™ and Android Auto™, so you can project smartphone features such as Maps and apps like Spotify on the 7-inch touchscreen display. The system's also fully customisable, so you can place links to your favourites on the home screen. The R4.0 IntelliLink gives you hands-free phoning, Bluetooth® streaming, access to driver assistance systems and charging through its USB ports – plus you can control it from the steering wheel, by touchscreen or even voice recognition. Standard on Design and SRi models.

¹ Compatibility and certain functionalities may differ depending on type of device and version of operating system. ² For details of OnStar, please see pages 18 to 21. Check vauxhall.co.uk/onstar for terms and conditions, details of availability, coverage and charges. ³ Wi-Fi Hotspot service requires account with nominated network operator. 4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The subscription packages could be different from the services included in the free trial package. Apple CarPlay and Apple are trademarks of Apple Inc. registered in the U.S. and other countries. Android is a trademark of Google Inc.

THIS COULD BE THE IDEAL TRAVEL COMPANION

Journeys go faster with great company. It's just a good feeling to have someone with you along the way.

Which is why your Zafira Tourer* comes with OnStar¹, a personal connectivity and service assistant who's always there for you, 24/7, 365 days a year.

At the push of a button, it puts you in touch with someone to help you – could be help to find or unlock your car or immediate help in an emergency – whatever happens, it's there.

Oh yes, and how could we forget it also has a super-handy 4G Wi-Fi Hotspot². Perfect for hooking up to seven devices (I want to be at that party).

Isn't this just the kind of mate you'd like on your next road trip? And we guarantee it won't complain about the music you play.

*Standard on all Zafira Tourer models. **1** OnStar services require activation and an account with OnStar Europe Ltd, a GM company. Charges apply after applicable trial period. All services subject to mobile network coverage and availability. The OnStar subscription packages could be different from the services included in the free trial package. Check vauxhall.co.uk/onstar for details of availability, coverage and charges. Terms and conditions apply. Vauxhall is not responsible for the provision of OnStar or Wi-Fi services. **2** Wi-Fi Hotspot services require an account with OnStar Europe Ltd, and nominated network operator. Wi-Fi trial has a time limit and capped data allowance. Charges apply thereafter. All services subject to mobile network coverage and availability. **3** OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

VX_ONS_26483

YOU'RE SAFE

With OnStar you have emergency assistance at your fingertips, available 24 hours a day, 365 days a year.

// Automatic Crash Response^{1,3}:

in case of a crash and an airbag deploys, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with key car information and can send them your exact location.

// 24-hour Emergency Call Service¹:

you or a passenger not feeling well? Push the red SOS button and our advisors make sure to call for help right away.

// Roadside Assistance^{1,4}:

if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send Roadside Assistance to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.

// Stolen Vehicle Assistance¹:

in case your car gets stolen, report it to the police and get a crime reference number. Once the car stops and is turned off, OnStar blocks the ignition so the car can't be restarted again and provides the police with the exact vehicle location to help retrieve your car safely.

YOU'RE WELL CONNECTED

Nowadays, we're pretty used to having Wi-Fi on tap almost everywhere. So why not your car? And you can use the smartphone app to view the status of some functions, locate your car, and lock or unlock it if needs be.

// Wi-Fi Hotspot^{1,2}:

a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.

// Remote Control^{1,5}:

if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **My Vauxhall Smartphone App**.

// Car Locator^{1,5}:

forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or honk the horn to see where you've parked.

YOU'RE LOOKED AFTER

Who wouldn't want a personal assistant?

At the touch of a button, you'll be connected to an assistant who's at your service – 24 hours a day, 7 days a week.

// Hotel Booking^{1,6}:

plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.

// Destination Download^{1,5}:

no more address typing! Our advisors assist you in finding an alternative route, a restaurant or a petrol station. They will remotely download the address onto your in-built navigation system, too.

// Parking Service^{1,7}:

never search for a car park space again! Using Parkopedia.com, OnStar can find the nearest car park to your destination. That way, before you even get there, you'll already know the availability and parking fee. With destination download⁶, OnStar can send the information direct to your sat nav, making it even easier.

How's that for personal service?
All without leaving your Zafira Tourer.

⁴ OnStar will direct a professional breakdown recovery team to your location. If your car is within the Vauxhall New Vehicle Roadside Assistance coverage period, OnStar will connect with the Vauxhall Roadside Assistance service, who will send help free of charge, subject to the Vauxhall Roadside Assistance terms and conditions. If your vehicle is outside the coverage of the Vauxhall New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. ⁵ Some elements of Smartphone App, Destination Download and Vehicle Diagnostics may not be available for all cars/trim levels. An embedded Vauxhall navigation unit and map data are requirements for the Destination Download service. Check vauxhall.co.uk/onstar for service limitations and charges. ⁶ An OnStar advisor can help you to book a hotel room using Booking.com, subject to the Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you to make a booking and is not responsible for the services provided by Booking.com or the applicable hotel. E-mail address and credit card required. ⁷ Only available for car parks listed in Parkopedia.com. Availability applies only to the moment of contact with OnStar.

HOW TO GET ONSTAR

OnStar is standard on all Zafira Tourer models.

1. We will send you an e-mail so you can activate your account – then just complete your registration and set your preferences.
2. Just activate OnStar when you take delivery of your new Vauxhall Zafira Tourer.
3. OnStar is ready to go!

After the 12-month free trial period¹, you can decide to order a continuation of the OnStar services. This will be subject to a fee.

You can purchase Wi-Fi Hotspot data packages separately from the nominated network provider by following the instructions on vauxhall.co.uk/onstar. Charges apply after the free trial period.

To ensure your privacy, you can turn OnStar off and on anytime*.
Find out more at vauxhall.co.uk/onstar

*OnStar can only override the Privacy Button in an emergency or if your car is reported stolen.

¹Free trial periods start with first registration or delivery from the Vauxhall retailer, whatever comes first, independent of customer activation.

VX_CRO_26708_

GET MORE FROM YOUR CAR WITH MY VAUXHALL

My Vauxhall is your one-stop shop for everything to do with your Zafira Tourer. Manage your OnStar account. Organise your car's next service. Get rewards and exclusive savings for you.

- // **Manage your Vauxhall** – take care of your Vauxhall online and book a service.
- // **Access your OnStar services** – get diagnostics reports, manage your subscription and more.
- // **Exclusive offers** – stay up to date on special offers, the latest news and current events.
- // **Retailer locator** – find your nearest Vauxhall retailer.

HOW TO GET MY VAUXHALL

If you already use OnStar, you can access all the My Vauxhall services. Otherwise, simply register for My Vauxhall this way:

1. When you order your Zafira Tourer, your retailer will help you pre-register for My Vauxhall.
2. We'll send you an e-mail invitation to activate your My Vauxhall account and complete your registration.
3. My Vauxhall is ready to go – use it through any web browser, or the My Vauxhall app on your mobile device, available to download from the Google Play or Apple App Store.

VX_MYVX_27574

LOVE LIFE ONLINE, ON THE GO

There are all sorts of reasons to love the Zafira Tourer. But, for families, we've got a hunch this reason is going to be a biggy – it's got a 4G Wi-Fi¹ hotspot.

Courtesy of the OnStar system, passengers with smartphones, tablets and laptops can enjoy the benefits of 4G Wi-Fi¹ on the go. So as soon as you turn on the Zafira Tourer ignition, your car's online, connected to 4G Wi-Fi¹ for up to seven devices through its powerful roof antenna which ensures a fast, stable connection.

Perfect for long trips (probably short trips too, let's face it!), it's ideal for keeping your family and friends entertained on the go. You can also keep your devices charged through the USB ports or the 12-volt power outlet.

- 1. Choose your connection.** You've got a 4G Wi-Fi Hotspot¹, Bluetooth[®] and USB. Connect up to seven devices to the Wi-Fi, pair up to four Bluetooth[®] compatible devices², or project a smartphone or tablet to the R4.0 IntelliLink display through Apple CarPlay[™] or Android Auto^{™2} (see page 17).
- 2. Back-seat entertainment.** Make the most of your Wi-Fi Hotspot and stream a video as you go. Choose an optional FlexConnect accessory to hold your tablet at the right height so you can sit back, relax and watch hands-free. To read, rotate your tablet for the portrait format. For more FlexConnect accessories, turn to page 41.

¹ Wi-Fi Hotspot service requires an account with a nominated network operator. 4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The subscription packages could be different from the services included in the free trial package. Check vauxhall.co.uk/onstar for terms and conditions, details of availability, coverage and charges. For details of OnStar, please see pages 18 to 21. ² Compatibility and certain functionalities may differ depending on type of device and version of operating system. When the engine is off, Wi-Fi will automatically shut down after 10 minutes.

ENJOY THE RIDE

The Zafira Tourer doesn't look like a run-of-the-mill people carrier – and you'll be pleased to hear it doesn't drive like one either.

In fact, you'll find its ride is smooth, composed and incredibly responsive – thanks to the engineering genius of its Watt's link rear suspension system¹, matched with a long wheelbase and wide track that gives it superb stability in all conditions.

Then there's the optional FlexRide Adaptive Stability Technology² which further enhances your experience by adjusting the ride settings to suit your own personal driving style. FlexRide lets you switch between a leisurely or a sporty ride, depending on the conditions (or your mood!).

With the agile response and handling of a mid-sized car, Zafira Tourer is equally capable whether about town or on the motorway. And, throughout its superb choice of powerful, petrol and diesel engines, fuel economy and emission control are excellent. The 1.6CDTi (134PS) diesel model achieves up to 62.8mpg (combined) while, thanks to BlueInjection³ technology, CO₂ emissions are kept as low as 119g/km. Impressive for a car of this size wouldn't you agree?

1. Super-smooth automatic option.

The Zafira Tourer's refined six-speed automatic transmission proves you can have dynamic performance with a relaxed driving style without excessive engine capacity. What's more, every automatic comes with hill start assist to make setting off a breeze.

2. Switch your ride.

FlexRide technology lets you change the driving dynamics of the Zafira Tourer to suit your situation. At the touch of a button, you can switch between Sport, Standard and Tour. In combination with Watt's Link rear suspension, the Sport mode automatically adjusts the dampers and other settings to give you even more grip, while the Tour mode makes long journeys super smooth.

¹ Put simply, the Watt's link rear axle design gives the Zafira Tourer greater lateral control, improving the car's performance on turns, corners and uneven surfaces.

² Optional on Tech Line Nav and Elite Nav models only. ³ Please note: Vehicles with BlueInjection technology will need regular AdBlue® top-ups also between servicing requirements. An indicator integrated into the onboard computer will warn you when you need to top up. More information under vauxhall.co.uk/blueinjection

DESIGN

Perfectly equipped and a dream to drive, Design is the ideal start for just about every family, with premium features like OnStar, the R4.0 IntelliLink system and cruise control as standard, as well as plenty of tempting options to tweak your Design.

Interior features include:

- // OnStar
- // R4.0 IntelliLink system **1**
- // Bluetooth® and USB connectivity
- // Smartphone projection **2**
- // Cruise control with speed limiter **3**
- // Digital radio
- // Multi-function trip computer
- // Air conditioning
- // ISOFIX child seat restraint system for outer second-row seats
- // Electrically operated front and rear windows
- // Six airbags
- // Height-adjustable front and rear seat head restraints
- // Comfort front seats
- // Front centre armrest
- // Central storage facility with two cup holders
- // Ambient lighting in roof
- // Steering column adjustable for reach and rake
- // Steering wheel mounted audio controls
- // Luggage compartment cover

Exterior features include:

- // 17-inch 10-spoke alloy wheels
- // LED daytime running lights
- // Black roof rails
- // Electrically adjustable/heated door mirrors
- // Remote control central locking
- // Front and rear parking distance sensors
- // Hill start assist
- // Electronic Stability Programme (ESP) and Anti-lock Braking System (ABS)
- // Tyre pressure monitoring system
- // Door-to-door illumination

TECH LINE NAV

Ramping up the on board technology and comfort options, Tech Line Nav gives you more ways to enhance your drive. And naturally there's plenty of options to tailor your Tech Line even further.

Interior features over Design include:

- // Navi 4.0 IntelliLink satellite navigation 1
- // FlexRail® centre console system
- // Lounge seating
- // Three-spoke chrome-bezelled leather-covered steering wheel
- // Electric parking brake
- // Electronic climate control
- // Front passenger's underseat storage facility

Exterior features over Design include:

- // Front fog lights
- // Chrome-effect lower window surround
- // Silver-effect roof rails
- // Automatic lighting control
- // Rain-sensitive windscreen wipers
- // Dark-tinted rear windows
- // Remote control security alarm system

2 Lilop seat fabric in Light Neutral (illustrated right) is a no cost option. Lilop seat fabric in Jet Black (illustrated bottom) is standard.

LOOKS YOU CAN FEEL

Beautifully tailored seat upholstery is a big part of the Zafira Tourer's premium look and feel.

Some of these stylish trims are also available with ergonomically designed front seats, made to promote healthier backs with individual controls so you can extend the seat cushion to support your thighs and adjust the lumbar area to the contours of your back.

Truly a great looking set of trims that will make you feel even better.

*Please refer to the latest Zafira Tourer Price and Specification Guide available from vauxhall.co.uk for details of colour availability by model and price. Due to the limitations of the printing process, the colours reproduced may vary slightly from the actual paint colour and trim material. As a result, they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of paint samples.

WHEELS

A beautifully made dress or suit demands the right shoes. And we know how important shoes are for first impressions. So it's only fitting that we provide a range of alloy styles and sizes to suit the proportions of your Zafira Tourer.

1. **17-inch 10-spoke alloy wheels** with 225/50 R 17 tyres (Design, Energy, SRi* and Tech Line Nav).
2. **18-inch 5-twin spoke alloy wheels** with 235/45 R 18 tyres (SRi).
3. **18-inch 10-spoke alloy wheels** with 235/45 R 18 tyres (Elite Nav. Optional at extra cost on Tech Line Nav).
4. **19-inch multispoke alloy wheels** with 235/40 R 19 tyres (optional at extra cost on Tech Line Nav).
5. **19-inch 5-spoke bi-colour alloy wheels** with 235/40 R 19 tyres (optional at extra cost on SRi and Elite Nav).

EXTRA MAKES LIFE BETTER

With its spacious, flexible, all-you-can-store interior, there isn't much the Zafira Tourer can't handle.

But who doesn't need some little extras to tailor their car? Whether you're starting a family or planning a road trip, there's a genuine accessory made for the Zafira Tourer.

Here's a selection of our most popular accessories.

To explore the full range (including the FlexOrganiser® system), visit vauxhall.co.uk/accessories

1.

VX_ZAT_27382

2.

VX_ZAT_27383

1. **Thule roof box***. Sturdy and streamlined, these stylish roof boxes range from 280 litres to 520 litres, perfect for the type of gear that gets everyone up off the sofa and out into the fresh air.

2. **Privacy shades**. High-grade shades give your passengers rock-star privacy and help block sunlight to keep the car cool. Tailored to the exact size of the Zafira Tourer's rear windows, they'll stay securely in place with the windows up or down.

3. **FlexConnect folding table****. Stable, secure and foldable, the FlexConnect table has a handy cup holder and plenty of space for things like a book, tablet or a snack.

4. **Hard cargo tray**. Keeps the luggage compartment area clean and tidy. The tray is custom-moulded with a non-skid surface to fit the exact dimensions of the vehicle. It features a raised lip that helps contain cargo and spills. As well as the logo: 'Zafira' lettering in the middle, rear position.

5. **FlexOrganiser® divider**. An adjustable organiser that hinges on the optional FlexRails® system, mounted on each side of the boot. The FlexOrganiser® divider helps keep loads and objects in place while keeping them separate from other luggage.

6. **Dog guard**. This safe, robust and easy-to-install accessory makes sure your beloved pets and passengers travel safely together, and also helps keep the seats clean too.

*Please note the design illustrated is not available in the UK.
 ** Separate bracket required.

VX_ZAT_28089

GO DO MORE

In every way, the Zafira Tourer is designed to give you that much more. It handles like a mid-sized car, even though it's a seven-seater MPV, with super flexible seating and storage for countless adventures.

It's got crowd-pleasing connectivity and entertainment – even its own 4G Wi-Fi Hotspot. And it's supremely stylish, spacious and comfortable, designed to premium standards.

You can count on its smart, sophisticated driver assistance systems to keep you and your family safer, with intelligent LED AFL headlight technology to shine the brightest way ahead.

And you can be powered along by a choice of economical engines with tech to give you a smoother ride than ever.

SEE FOR YOURSELF.

The best way to discover Zafira Tourer is to experience it yourself.
Book your test drive today. Just visit [vauxhall.co.uk/zafiratourer](https://www.vauxhall.co.uk/zafiratourer)

WEIGHTS AND TOWING DATA kg

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
1.4i Turbo (140PS)	2310	1300 (750)
1.4i Turbo (140PS) automatic	2340	1550 (750)
1.6CDTi (134PS) S/S ecoTEC	2380	1450 (750)
2.0CDTi (170PS) S/S	2455	1650 (750)
2.0CDTi (170PS) automatic	2470	1650 (750)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

TYRE RATINGS

Tyre size	Fuel efficiency	Wet grip	External noise	
	group	performance	Measured (dB)	Group
225/50 R 17	B-E	B-C	68-71	
235/45 R 18	E	B	71	
235/40 R 19	E	B	71	

Tyre rating according to EU Regulation 1222/2009

Fuel tank capacity

- 58 litres (12.8 gallons)

SMARTER DRIVING TIPS

- Drive at an appropriate speed: Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- Drive smoothly at all times: Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- Reduce your revs: Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- Idling is wasting fuel: If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- Regularly check your tyre pressures: Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- Remove unnecessary items from the car: Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding Cascada, all VXR models and Commercial Vehicles), with insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.
