WELCOME TO A LIFETIME OF FORWARD THINKING

VX_BPS_1871

1903 – Forward thinking has been in our nature from the very start. The 6HP, our first ever car, had two forward gears. And no reverse.

VX_BPS_1872

1922 – The Silver Arrow OE 30-98 was capable of speeds of over 100mph, this model was built for shipping magnate Sir Leonard Ropner to race at Brooklands.

VX_BPS_1873

1937 – The Vauxhall 10' H-type, the first British car to have integral construction.

VX_BPS_18774

1957 – The PA Cresta introduced Americana styling to the UK.

VX_BPS_18775

1984 – The MkII Astra introduced class-leading aerodynamic styling that still looks good today. The Formula Vauxhall Lotus ran a modified version of the Astra GTE's 2.0i 16v engine.

VX_BPS_18776

1971 – The formation of Dealer Team Vauxhall (DTV). The track car was the precursor to our enormous success in touring car racing.

VX_BPS_18777

1999 – The Zafira introduced the revolutionary Flex7® seating system inventing the seven-seat compact MPV.

VX_BPS_18780

VX_BPS_18779

1990 – The Calibra was the world's most aerodynamic production car.

VX_BPS_18778

1989 – The Lotus Carlton was the world's fastest production four-door saloon.

2012 – The 'RAK e'. A radical looking electric concept car for the future. Our forward thinking continues.

VX_BPS_18782

2012 – Ampera. The first ever Extended-Range Electric Vehicle (E-REV) that redefined electric vehicle innovation leading to it being voted European Car Of The Year 2012.

VX_BPS_18781

Scan this QR code with your smartphone for more information on the last 110 years of Vauxhall innovation. Don't forget to download a QR reader from your app store first.

The world was a very different place in 1903 when Vauxhall made its first car. We steered with tillers, not wheels. Six horsepower was considered pretty nippy. And King Edward's face was still on the stamps. But for us, one important thing hasn't changed: we started out with a philosophy of Forward Thinking and, over 110 years later, it still motivates everything we do. Who knows what innovations the next 110 years will bring?

GET MORE OUT OF LIFE

Want more out of life? Then check out the Zafira Tourer from Vauxhall. The Zafira Tourer combines the dramatic looks and personality of a premium MPV with the versatility of a seven-seat people carrier* – with leisure storage and luggage space to spare. The Zafira Tourer's terrific to drive. Supremely comfortable. And full of innovative features. So take a look at the stylish and flexible Zafira Tourer. It's perfect for your family's active lifestyle.

This brochure covers Zafira Tourer ES, Exclusiv, Tech Line, SRi, SE and Elite models only. Some of the vehicles shown in this brochure include options and accessories available at extra cost. And not all of the features described are available on every model. We may also offer alternative Zafira Tourer models such as Special Editions. So for all current model or equipment details visit the Vauxhall website: www.vauxhall.co.uk

*When all seats are occupied within the Zafira Tourer the passenger side third-row seat is only useable by a passenger up to a maximum height of 150cm.

THE POWER OF SELF EXPRESSION

If you thought all people carriers drove the same think again. With bespoke steering settings specifically tuned to the tough demands of UK roads, the Zafira Tourer combines exemplary grip with serious agility – no matter how many passengers are on board.

In addition, matching outstanding performance with impressive fuel economy and CO₂ emissions, Zafira Tourer is also highly tax efficient – a quality epitomised by our Tech Line models. Company car drivers can experience Zafira Tourer for themselves via our free 3 Day Test Drive programme. Please see back cover for more details.

www.vauxhall3dtd.co.uk

WELCOME TO THE CONTROL CENTRE

The best cars are designed around the driver. Slip behind the wheel of the Zafira Tourer and you'll have the immediate impression that everything's been taken care of. Strikingly styled and comfortably trimmed with premium materials throughout, the Zafira Tourer provides conclusive proof that we wholeheartedly support an active family's needs, but always have the driver's interests firmly in mind.

Thanks to the super-slim A-pillar design, visibility in the Zafira Tourer is outstanding – particularly with the impressive panoramic windscreen. The cabin is well-organised, thanks to the customisable FlexRail® centre console storage system. And everything falls readily to hand. In short: the Zafira Tourer leaves the driver comfortably in control – and passengers safely provided for.

CLIMB IN CHILL OUT

Don't think of it as a travelling compartment. Think of it as a comfort zone. With Vauxhall's innovative Lounge Seating system, rear passengers have never felt more relaxed. The system converts in seconds from three individual second row seats, by sliding them rearward and inward to create two welcoming, captain-style chairs. At the same time, the centre seat converts to an armrest, providing added comfort. A clever rethinking of Vauxhall's legendary Flex7® seating system adds to the travelling experience. It means greater fore and aft adjustment. Easy-entry third row seats. Plus a completely flat load floor once the rear seats have been folded.

VIP LOUNGE TO CARRY-ALL IN TEN SECONDS – FLAT

Multi-tasking doesn't get any easier than this. The Zafira Tourer has all the versatility you need to breeze through your day. For those big, awkward loads, you can fold all the rear seats flat to give you 1860 litres of load space. Or simply fold single seats out of the way to make room for your passengers' bulky luggage. Whatever combination you need, quick-release straps ensure you're ready in no time at all.

PARK AND RIDE ZAFIRA-STYLE

Looking for the ideal partner for your sporting or leisure activity? The Zafira Tourer carries it off – in style. Inside, the Tourer’s load-carrying potential is exceptional, with functional storage features and acres of space for all your kit. Outside, the optional Flex-Fix® carrier – fully integrated into the rear bumper – makes light work of transporting a couple of bikes. Need to carry an extra set of wheels or two? Simply attach the accessory Flex-Fix® extension and hey presto: the ideal platform for your impromptu cycling expedition, with space for up to four bikes.

➤ MORE FLEXIBILITY FOR LASTING COMFORT

Vauxhall is famous for its versatile seating, and over the last two decades we've honed flexible seating solutions to perfection. Our benchmark Flex7[®] technology allows you to fold single seats flat or tip them up to get in and out. And now on SE and Elite models Lounge Seating takes Flex7[®] to a new level of luxury – by letting you turn the three individual second-row seats into two welcoming captain-style chairs with an armrest and extra space.

1. Third-row seating. All models come with a practical third row of seats to make the Zafira Tourer a full-on people carrier*. Both outside second-row seats slide forward and tilt up – so you can easily get in and out of the back.

2. Turn three seats into two. Lounge Seating is a great way of really spoiling second-row passengers – or of keeping squabbling kids apart. The centre seat of the second row flips down to make an armrest, and the two outside seats slide back and away from the doors, giving you even more elbow- and legroom with the minimum of fuss.

Please note, for illustrative purposes only. The lounge seating system is not available in the UK with the seat trim illustrated.
*When all seats are occupied within the Zafira Tourer the passenger side third-row seat is only useable by a passenger up to a maximum height of 150cm.

3 VX_ZAT_17097

4 VX_ZAT_17099

3. Flat-folding seats. Loads come in all shapes and sizes, and so does the luggage area in the Zafira Tourer. Each individual rear passenger seat folds totally flat so you can carry passengers and bulky loads at one and the same time.

4. Extra-large load space. Switch from limousine-like comfort to all-purpose carrying ability in a matter of seconds – so you can transport that furniture, DIY kit or leisure equipment with ease. With rear seats folded flat, the Zafira Tourer boasts a useful 1860 litres of luggage space.

➤ SAFEGUARD YOUR INTERESTS

Whether you're driving alone or with your family, it's comforting to know the Zafira Tourer protects you all, with a full complement of state-of-the-art active and passive safety features.

Select the innovative front camera system option available on SE and Elite models and the Zafira Tourer will read the speed limit signs and display a reminder on the fascia, helping you keep safe and legal. Leave your lane without a signal and it can also warn you – just in case you're tired or distracted. The system also constantly indicates the distance to the vehicle ahead, and alerts the driver if a collision is imminent. It will even slow you down automatically should the need arise, giving you time to apply the brakes.

The steel safety frame and airbag protection system.

It's good to know you're surrounded by quality safety components. Every Zafira Tourer is built around an energy-absorbing, high-strength steel frame, and is fitted with front-, side- and curtain-mounted airbags that cushion your head, pelvis and upper body in the event of an accident.

VX_ZAT_17116

Traffic Sign Recognition (TSR).

Utilising the front camera function, this clever system makes sure you're constantly made aware of speed limits, even when temporary signs are put up. TSR continually monitors road signs, and gives you a warning if you unintentionally stray over the limit. It can even read and display motorway electronic signs related to speed limits like rain or snow warnings.

Lane Departure Warning (LDW).

LDW uses the front camera system to recognise lane marking lines, and emits an audible warning if your vehicle leaves its lane unintentionally (i.e. without you signalling), preventing potential accidents and reminding you of inattention or tiredness. The LDW system can be deactivated via a facia switch.

Adaptive Cruise Control (ACC) with Forward Collision Alert (FCA).

ACC uses a radar sensor to automatically maintain a gap from the vehicle in front. It incorporates Following Distance Indication (FDI) which constantly shows the distance to the leading vehicle in the instrument panel, helping you to maintain a safe distance. In addition, FCA – active at speeds above walking pace – gives visual and audible warnings if you approach a slower-moving vehicle too fast and uses Automatic Brake Intervention technology to apply the brakes, slowing the car to as little as 10mph if required.

Side Blind Spot Alert. Available as part of the Perimeter Protection Pack on SRi, SE and Elite models, this ultrasonic-based system helps prevent a potential collision with a vehicle in the neighbouring lane by continuously screening the blind spots on both sides of the car and provides a visual warning if the indicator is set to change to a lane where another car is detected.

➤ INTELLIGENT LIGHTING FOR EVERY ENVIRONMENT

Vauxhall's intelligent Adaptive Forward Lighting (AFL) technology is an invaluable optional addition to your Zafira Tourer, especially if you do a lot of driving at night. The headlights change their pattern to suit the location and the weather. Sensing where you need the light most, they help you see around corners and even dip automatically when something is coming the other way. You can also adjust the system for European driving.

VX_ZAT_18158

Intelligent Light Ranging (ILR). Available in conjunction with AFL as part of the Premium Forward Lighting Pack when the Front Camera System is specified, ILR extends the range of both headlights up to about 350 metres at speeds over 30mph. ILR also automatically adjusts the spread to avoid dazzling oncoming drivers. And if you're approaching an upward gradient, it'll even raise the beam to give you a better view of the road.

VX_ZAT_17790

Advanced Adaptive Forward Lighting.

VX_ZAT_17188

Motorway light. 140 metre range, higher and brighter than normal low beam, without dazzle (over 70mph).

VX_ZAT_17189

Country road light. Wider spread and brighter light than normal low beam. 70 metre range without dazzle (35-70mph).

VX_ZAT_17190

Town light. Wider and lower spread of light. Activated by vehicle speed together with street lighting (20-35mph).

VX_ZAT_17191

Pedestrian area light. Wider spread of light (an extra eight degrees left and right) illuminates potential hazards (up to 20mph).

VX_ZAT_17192

Static cornering light. Throws light 90 degrees left or right for enhanced lateral vision (up to 25mph, also when reversing).

VX_ZAT_17193

Dynamic curve light. Activated by steering angle and speed, the headlights swivel up to 15 degrees into the curve (any speed).

VX_ZAT_17194

High beam assist. Automatically switches from high to low beam as it detects oncoming or proceeding vehicles (over 25mph).

VX_ZAT_17195

Adverse weather light. Wiper or rain sensor activated for better vision in bad weather conditions (up to 45mph).

➤ ASSISTANCE WHEN YOU NEED IT MOST

Wherever you're heading it's good to know that Zafira Tourer will make getting there as stress free as possible.

1. Hill start assist. Standard on the Zafira Tourer SE, Elite and all automatic models – hill start assist stops you rolling back unintentionally on steep hills, by automatically releasing the brake at just the right moment when pulling away on a gradient.

2. Rear view camera and display. Mounted on the tailgate handle, the rear view camera gives you a clear view of the area behind the car, displaying your rear bumper as a useful point of reference. The picture shows up on your infotainment screen and working in conjunction with the front and rear parking distance sensors, you quickly appreciate just how easy it is to reverse the car safely. Available as an option on Tech Line models and SRi, SE and Elite models fitted with the optional Navi 650 and 950 IntelliLink satellite navigation systems.

3. Advanced park assist. Parallel parking will never be the same again. This smart option not only tells you when you drive by a suitably-sized parking space **4.** but also – while you're actually parking – shows you exactly how far to turn the steering wheel and how far you can drive backwards and forwards without an unwanted bump **5.** This feature is available as part of the optional Perimeter Protection Pack.

Tyre pressure monitoring system. This standard system is a convenient way of checking your tyre pressures. If any of them start to deflate, a visual indication displays within the instrument panel and, depending on the model, the precise pressure of each individual tyre is shown.

➤ SMOOTH OR SPORTY – YOU DECIDE

The Zafira Tourer doesn't look like a run-of-the-mill people carrier and it doesn't drive like one either. The ride is smooth, composed and incredibly responsive – thanks to a long wheelbase and wide track. The optional **FlexRide Adaptive Stability Technology**, further enhances the driving experience by automatically adjusting ride settings to suit your driving style.

1. FlexRide chassis settings. With a mere touch of a button the optional FlexRide system allows you to change the Zafira Tourer's whole driving dynamics – from 'Sport' to 'Tour' and back again. Using continuous damping control technology, FlexRide automatically adjusts the dampers for excellent grip. In 'Tour' mode, it chooses the best settings for gentler straight-line driving. Switch to 'Sport' mode and it instantly provides stiffer damping and swifter throttle response for more dynamic driving, sharpens the speed-sensitive steering and raises the shift-up points of the automatic transmission (if fitted) to a higher rpm. It also changes the colour of the ambient instrument lighting – from a cool white to a more dynamic red effect.

Zafira Tourer

➤ NO COMPROMISES ON EFFICIENCY

The Zafira Tourer is terrific to drive and as such guarantees all the versatility of a seven-seat MPV without the need to make any concessions on driving dynamics. For example, 1.6CDTi 136PS ecoFLEX models, with Start/Stop technology, feature CO₂ emissions of just 109g/km leading to one of the lowest CO₂ emissions of any seven-seat MPV. So not only do you save money on Vehicle Excise Duty (VED) and lower company car taxation but the improved fuel economy means you'll save on your fuel bills too.

And we haven't stopped there. We have been researching ways of developing new cars that are more efficient than ever before. The innovative Vauxhall Ampera* is an

The Zafira Tourer ecoFLEX model provides conclusive proof that you can save money on your motoring without the need to compromise on outright performance and driveability.

Extended-Range Electric Vehicle (E-REV) that can drive up to 50 miles on battery power alone and over 300 miles utilising an on-board electric generator system.

But then it's not just our cars that can help you save money. You can help yourself by simply adopting smarter driving techniques. Smooth throttle control, changing gear at around 2000rpm when accelerating and lifting off the accelerator earlier in order to slow your vehicle down, all contribute to efficient motoring.

Zafira Tourer. Not only is it perfect for your family's active lifestyle but your family's financial plans too.

Scan this QR code with your smartphone, watch our Eco Driving tips video and start saving.

*For more information on Vauxhall Ampera please visit www.vauxhall.co.uk/ampera

➤ **STYLISH, WITH POWER TO MATCH**

The Zafira Tourer is great to drive and matches genuine environmental credibility with serious driver appeal. A range of powerful yet economical engines underlines its dynamic potential.

Zafira Tourer drivers can select from five powerful yet efficient units. A highly flexible 140PS 1.8 litre petrol unit and free-revving 140PS 1.4 litre turbo petrol engine. Plus three fuel-efficient turbo diesel engines, a 1.6CDTi producing 136PS and two 2.0CDTi units producing 130PS or 170PS.

For outstanding emission control, both our 2.0CDTi 170PS and new Whisper Diesel 1.6CDTi ecoFLEX Start/Stop engines feature 'clean diesel' BlueInjection technology (reducing harmful NOx emissions by 70%). This means, for example, the 1.6CDTi is not only impressively quiet out on the road, it still achieves CO₂ emissions of just 109g/km and delivers up to 68.9mpg (combined) ranking it amongst the best in its class. And with 136PS and 320Nm on offer, despite its relatively small displacement, you don't have to compromise on

performance either. For more information on BlueInjection technology visit www.vauxhall.co.uk/blueinjection

The Zafira Tourer also features Vauxhall's cutting edge Start/Stop fuel-saving and emissions reduction technology. Standard with the 1.6 diesel unit and offered on the manual variant of the new 2.0CDTi 170PS diesel, this innovative system switches the engine off when you stop at traffic lights or in traffic, then restarts it automatically once the clutch is depressed. A huge range of built-in checks ensure passenger and vehicle safety at all times, of course. Engine stop is indicated by the rev counter needle in the AUTOSTOP position and the system can be deactivated manually simply by pressing the ECO button. The model pages identify the availability throughout the Zafira Tourer range.

➤ INNOVATIVE FEATURES

If you appreciate the good things in life, the Zafira Tourer has some special features you'll love. From a panoramic windscreen and sunroof to luxury leather trim, our range of options and packs lets you tailor your car until it's the perfect fit.

1. 2. Panoramic windscreen and sunroof. Standard on Elite and optional on SRi and SE models, the panoramic windscreen and sunroof combination opens up your view to the outside world, whilst on the inside everything's lighter and brighter. The panoramic windscreen with heat-absorbing glass is more than just

a windscreen – it's a window to the world, extending way back over the front seats. The effect is like nothing you've ever experienced. There's also a full-length shading system with twin pull-out sun blinds should you need them. And the panoramic sunroof extends right over the second-row of seats.

3. Ergonomic sports front seats. Zafira Tourer's orthopaedic sports front driver's seat adjusts to suit the driver's posture, by letting you fine-tune the lumbar cushion separately in four directions, to give your upper body extra support where you need it most. The driver's seat is adjustable in six different ways and the front seat cushions extend forward to take the load off tired legs on long trips. Standard on Elite and optional on SRi as part of the Leather Pack, the option is also available on SE models trimmed in Lace cloth.

4. Electronic Climate Control (ECC). Vauxhall's ECC sets new standards for air conditioning. It's sensitive to some 200 parameters instead of the usual 20 in rival units. Despite the complex technology, the ECC couldn't be simpler to use. It has dual zone settings so you can set a different temperature for each side of the car. It also comes with an advanced compressor that reduces fuel consumption by cooling only when it has to. The filter system catches pollen, dust and unpleasant odours.

➤ MORE ROOM LESS MESS

We know how good it feels to take a trip in a tidy car. That's why the Zafira Tourer has a place for everyone and everything has its place. Depending on trim and equipment levels, there are up to 34 separate compartments – storage has never been so versatile.

1. Generous storage features. In some cars the glove compartment ends up shrinking to make way for the airbags. In the Zafira Tourer, you'll be pleased to know, that's not the case. Safety still comes first, but in addition to an open storage compartment there are two closed glove compartments. And that's just on the passenger side. In addition, Elite models also feature a front passenger's underseat storage facility.

2. The king of the consoles. Standard on SE and Elite models, the FlexRail® centre console system is a modular, multi-level storage system featuring different-shaped compartments and cup holders that you can move around, depending on what you need the most. Cup holders up front in the morning, CDs in the evening, along with the loose change and ticket tray for when you're parking the car and a rear 12-volt auxiliary power socket. There's also a hidden compartment large enough for your handbag or tablet PC.

3. The built-in bike carrier. Optional Flex-Fix® slides in and out of the rear bumper, making it easy to transport two adult bikes. No lifting, pushing and shoving inside the load area – and no mud or oil on the seats either. If you need to carry four bikes instead of two, simply attach the handy extension that's available as an accessory.

4. FlexOrganiser® Pack. The optional FlexOrganiser® Pack comprises four side rails plus restraint net with two bars **4.**, a small side net pocket **5.** and four adaptors. The system makes it easy to keep things neat and tidy in the back and can also be added to with a range of accessories including load straps, a useful storage box and side rail hooks. Turn to page 51 for more details.

VX_ZAT_21374

VX_ZAT_17893

➤ IMPROVE YOUR DRIVETIME

Keep your passengers happy and steer clear of congestion, with some multi-talented multi-media gear. From sound systems to sat navs and phone connection, your Zafira Tourer offers all the kit you would expect on a premium MPV.

High-end hi-fi is a must. When the interior of your car feels like a living room, you're going to want in-car audio with the quality of your stereo at home. The CD 400+ audio unit fits the bill with digital radio as standard on all models. This means digital quality sound, a broader range of stations, easier to find by name and improved track display info on some stations. It also features 20 watts per channel output with six speakers and a Graphic Information Display, plus an aux-in socket for external portable music players. However fast you're going, it has the power and precision to fill the car with fantastic sound. Tech Line models feature the Navi 650 satellite navigation unit and a fully integrated Bluetooth® mobile phone system as standard, both of which can be specified as an option on most other models.

Plug-and-play USB. Most models feature USB connection so you can plug in your own personal MP3 player, smartphone or USB stick to the sound system and access the contents via the fascia or steering wheel remote controls. All models feature a standard aux-in socket too.

VX_ZAT_17743

Steering wheel remote controls.

Control your multi-media devices and keep your hands where you need them. The steering wheel mounted audio controls let you adjust the volume and skip tracks and radio stations – all with just a touch of your thumb. With the optional Bluetooth® mobile phone system fitted you can even take and make phone calls.

VX_ZAT_22256

Infinity® Premium sound system.

The ultimate in audio performance, with 7x45 watts (315 watts total), seven premium speakers and an eight-inch subwoofer. The optional Infinity system, available on selected models, digitises the audio signal so it can be fine tuned with Digital Sound Processing for accurate sound response. The difference is better all-round sound production under all driving conditions.

VX_ZAT_21280

Satellite navigation.

The Navi 650 is a state-of-the-art navigation system that features a seven-inch, high-resolution colour display that's on a level with your line of sight. The navigation map data and Points of Interest (POI) are stored within the internal Flash memory and can be updated via USB. Besides fastest and shortest route, the most economical journey can even be selected. You can also connect external devices via USB or an aux-in socket so you can listen to music and still know where you're heading. Six speakers and 20 watts per channel output also ensure crystal clarity sound. The Navi 950 IntelliLink unit (illustrated above) adds even more features such as bird's eye view mapping and map-data for more than 30 European countries. It also has a log book function for each trip with USB download, the possibility to show individual pictures on the display and voice recognition for the navigation system. The system will even automatically announce stored POI's via a message on the display as you approach.

Standard features include:

- Electronic Stability Programme
- Tyre pressure monitoring system
- Drivers and front passenger's airbags
- Front seat side-impact airbags
- Full-size curtain airbags
- Daytime running lights
- 17-inch steel wheels with flush covers*
- Air conditioning
- CD player with MP3 format/stereo radio
- Digital radio
- Aux-in socket
- Steering wheel mounted audio controls
- Cruise control
- 12-volt auxiliary power sockets located in front and rear centre console
- Remote control central deadlocking
- 35/30/35 split-folding second row seats
- Two individual fold-flat third-row seats
- Electrically operated front windows
- Electrically adjustable/heated door mirrors
- Luggage compartment cover
- Black roof rails

††Optional at extra cost. ‡Not available on 1.8i 140PS models. Please note: Optional wheels can result in higher fuel consumption and CO₂ emissions.

Please refer to the Price and Specification Guide for more information.

> VXR STYLING

VXR styling products allow you to connect with the performance and excitement at the heart of the VXR brand. Inspired by those same values, we have created a definitive line-up of VXR styling products that will add a degree of individuality to any Zafira Tourer.

Lower, longer and meaner – the VXR Styling Pack really makes the most of those optional 19-inch alloy wheels. The VXR-designed sleek spoiler, side sills and skirts you see here blend seamlessly with the Zafira Tourer's aerodynamic contours.

Of course, you don't have to order the full pack. These items are also available from your Vauxhall retailer as individual accessories. Why not fit the sporty roof spoiler on its own, for a simple addition that makes an instant impression?

VX_ZAT_17079

➤ TAILORED SOLUTIONS

With its versatile, all-you-can-store interior, there's very little the Zafira Tourer can't handle. But if there is something special you need, we have the ideal accessory.

Whether you're starting a family or a road trip, there's certain to be a Genuine Vauxhall Accessory with your name on it, ready to be fitted by trained Vauxhall professionals. We've featured here just a small selection of what's available, so please check with your Vauxhall retailer for Zafira Tourer accessory information, or visit our website at www.vauxhall.co.uk/accessories

1. Child seats. The rear-facing Baby-Safe (up to 13kg) and KID (15-36kg) seats are fixed with a standard lap and diagonal seatbelt. The DUO ISOFIX (9-18kg – right) can also be attached using the ISOFIX child seat restraint fittings.

2. Thule roof box and roof base carrier. A wide range of Thule roof boxes are available to fit the base carrier system.

VX_ZAT_21284

VX_ZAT_21285

3. Hard cargo liner. When you have lots of little items to load, this made-to-measure liner is a must. It lets you lift everything in and out in one go, and the edge has a lip which helps keep the load space stain-free even if liquids accidentally spill.

FlexOrganiser® system accessories. If you specify the optional FlexOrganiser® Pack you can also add to it with the useful accessory side rail hooks **4.**, divider bar to separate or secure different items **5.**, load straps and a storage box all designed to make the most of the load area space.

6. FlexCover® flexible load liner. This ingenious accessory adapts to suit every Zafira Tourer seating configuration helping to keep your car in pristine condition.

7. Door sill plates. Understated, practical elegance. Stylish plates with Vauxhall lettering protect the inner door sills and add visual sophistication.

8. Velour floor mats. Extra protection that keeps your fitted carpets as clean as the day you brought your car home. Supplied as a set of four for front and second row seats only.

EXTERIOR COLOURS AND TRIMS

A car as accomplished as the Zafira Tourer demands the perfect finish. Take your pick from a range of striking colours. Add smart interior colour matches, premium materials and you have a winning combination that's every bit as individual as the car itself.

*Optional at extra cost. **Not available on SE and Elite models.

Due to the limitations of the printing process, the colours reproduced may vary slightly from the actual paint colour. As a result, they should be used as a guide only. Your Vauxhall retailer has a comprehensive display of our paint samples.

CATANIA/ATLANTIS TRIM

Standard on ES models. Jet Black Catania seat inserts with Jet Black Atlantis bolsters. Available with all exterior colours.

MANDO/ATLANTIS TRIM

Standard on Exclusiv and Tech Line models. Jet Black Mando seat inserts with Jet Black Atlantis bolsters. Available with all exterior colours.

LACE/ATLANTIS TRIM

Standard on SRi models. Jet Black Lace seat inserts with Jet Black Atlantis bolsters. Available with all exterior colours.

LILOP/MORROCANA TRIM

Standard on SE models. Jet Black Lilop seat inserts with Jet Black Atlantis bolsters. Available with all exterior colours except Emerald Green.

SALERNO/MORROCANA TRIM

Optional on SE models. Choccachino Salerno seat inserts with Cocoa Morrocana bolsters. Available with Carbon Flash and Macadamia exterior colours.

LEATHER MONDIAL TRIM

Standard on Elite models, optional on SRi models. Jet Black leather seat inserts with Jet Black Morrocana bolsters. Available on all exterior colours on SRi. Available with all exterior colours on Elite except Emerald Green.

Due to the limitations of the printing process, the colours reproduced may vary slightly from the actual trim material. As a result, they should be used as a guide only.

Tyre rating

Tyre size	Fuel efficiency group	Wet grip performance	External noise	
			Measured (dB)	Group
215/60 R 16	B-C	B-E	71	
225/50 R 17	B-E	B-C	68-71	
235/45 R 18	E	B	71	
235/40 R 19	E	B	71	

Tyre rating according to EU Regulation 1222/2009

Fuel tank capacity

58 litres (12.8 gallons)

Comprehensive specifications and technical data is available in the PDF price/specification guide available at www.vauxhall.co.uk under 'Request a brochure'

Smarter driving tips

- **Drive at an appropriate speed:** Staying within the speed limit increases driver safety, reduces CO₂ emissions and saves fuel. At 70mph you could be using up to 9% more fuel than at 60mph and up to 15% more fuel than at 50mph
- **Drive smoothly at all times:** Anticipate the ebb and flow of the traffic to avoid harsh acceleration and braking
- **Reduce your revs:** Change gear earlier to help reduce fuel consumption – try 2500rpm with petrol engines and 2000rpm with diesel
- **Idling is wasting fuel:** If you're likely to be at a standstill for more than three minutes, switch off the engine to save fuel
- **Regularly check your tyre pressures:** Under inflated tyres increase CO₂ emissions whilst incorrectly inflated tyres can be unsafe. Always check your handbook for the correct tyre pressure. This will also help to increase the life of your tyres
- **Remove unnecessary items from the car:** Extra weight increases the engine's workload, whilst roof racks and bike carriers increase wind resistance. All burn more fuel and increase CO₂ emissions

Weights and towing data ^{kg}

	Gross vehicle weight	Max. towing weights Trailer with brakes (without brakes)
1.8i 140PS	2150	–
1.4i 140PS Turbo	2310	1300 (750)
1.4i 140PS Turbo automatic	2340	1300 (750)
1.6CDTi 136PS Start/Stop ecoFLEX	2410	1450 (750)
2.0CDTi 130PS	2410	1300 (750)
2.0CDTi 170PS Start/Stop	2530	1650 (750)
2.0CDTi 170PS automatic	2545	1650 (750)

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.

Trust Vauxhall

Company Car Driver 3 Day Test Drive

Our free* 3 Day Test Drive programme is open to all Company Car Drivers which allows you to choose any model in the current Vauxhall line-up (excluding Ampera, all VXR models and Commercial Vehicles), with full insurance cover provided, to give you a meaningful length of time to make an informed decision about your next company car.

To book your free* test drive just log on to www.vauxhall3dtd.co.uk or call **0870 240 4848****

Fleet Customer Services

Our dedicated support services for fleet decision makers include factory demonstrators and information on whole life costs, company car taxation and finance.

For further information please call **0870 010 0651**.

E10 Fuel

E10 fuel is cleared for use in all petrol-engined Vauxhall vehicles excluding models with the 2.2 litre direct injection petrol engine (code Z22YH) used in Vectra, Signum and Zafira models. Owners of these vehicles should continue to use regular unleaded or premium unleaded petrol.

*The free 3 Day Test Drive programme is open to Company Car Drivers and excludes fuel and lubricants, congestion charges, parking and speeding fines and the £250 insurance excess (if applicable). It features a wide selection of models from the Vauxhall range (excluding Ampera, all VXR models and Commercial Vehicles and subject to availability). Drivers must be aged 25 years or over, have held a full driving licence for at least a year and hold a major credit card. You will need to have your driving licence (and proof of identity (i.e. passport) where the driving licence is not a photocard licence) when your car is delivered. While every effort will be made to ensure that at least 3 days are provided for the test drive, this cannot always be guaranteed due to delivery and collection dates and timings. Available for UK Mainland only. Terms and conditions apply. **Telephone lines open Monday-Friday 9.00am to 5.00pm excluding Bank Holidays. Calls may be recorded or monitored for quality and/or training purposes.

Every effort has been made to ensure that the contents of this publication were accurate and up-to-date at the time of going to press (February 2015). Vauxhall vehicles are equipped with components manufactured by various General Motors operating units and outside suppliers. The Company reserves the right to alter specifications and withdraw products from sale without notice. Any such alterations will be notified to Vauxhall retailers at the earliest opportunity, please consult your local retailer for the latest information. The specifications detailed within this brochure are not necessarily applicable to alternative models such as Special Editions. Details of any such models will be contained in specific literature or found on the Vauxhall website. Please note that Vauxhall retailers are not the agents of General Motors UK Limited and are not authorised to bind the Company by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. Please note accessories shown are for illustrative purposes only. As part of Vauxhall's policy of environmental care, this brochure is printed on paper manufactured using Elemental Chlorine Free pulps from specially farmed, sustainable timber resources.
