GET MORE OUT OF LIFE

Want more out of life? Then check out the all-new Zafira Tourer from Vauxhall. Available Spring 2012, the Zafira Tourer combines the dramatic looks and personality of a premium MPV with the versatility of a seven-seat people carrier – with leisure storage and luggage space to spare. The Tourer's terrific to drive. Supremely comfortable. And full of innovative features. So take a look at the stylish and flexible new Zafira Tourer. It's perfect for that active family lifestyle.

To find out how Zafira Tourer can help you get more out of life register now at: www.vauxhall.co.uk/zafiratourer

The vehicles illustrated within this brochure may not necessarily represent the correct final UK specification and not all the features described are available on every model.

THE POWER OF SELF EXPRESSION

If you thought all people carriers drove the same think again. With bespoke steering and suspension settings specifically tuned to the tough demands of UK roads and a Watt's link rear set-up for a smoother, more stable ride, the Zafira Tourer combines exemplary grip with serious agility – no matter how many passengers are on board.

Optional FlexRide with Continuous Damping Control lets you change the whole driving dynamic at the mere touch of a button. In 'Sport' mode, FlexRide sharpens the dampers and hones the steering and throttle response. In 'Tour' mode, it selects the best settings for gentler, long-distance cruising. The result: a driving experience to suit your every mood.

WELCOME TO THE CONTROL CENTRE

The best cars are designed around the driver. Slip behind the wheel of the new Zafira Tourer and you'll have the immediate impression that everything's been taken care of. Strikingly styled and comfortably trimmed with premium materials throughout, the Tourer provides conclusive proof that while we wholeheartedly support an active family's needs, we always have the driver's interests firmly in mind.

Thanks to the super-slim A-pillar design, the Zafira Tourer's visibility is outstanding – particularly with the impressive panoramic windscreen feature. The cabin's well-organised, thanks to the customisable FlexRail® centre console storage system. And everything falls readily to hand. In short: the Zafira Tourer leaves the driver comfortably in control – and passengers safely provided for.

Advanced driver assistance systems.

Underlining its position at the cutting edge of advanced in-car technology, The Zafira Tourer can be equipped with a range of sophisticated active safety systems. Options include Adaptive Cruise Control with Following Distance Indicator and Forward Collision Alert (complete with Automatic Brake Intervention) plus Lane Departure Warning and Traffic Sign Recognition. Drivers can also specify Advanced Parking Assistant with Side Blind Spot Alert for easier parking and safer lane changing.

Other options include the latest generation Adaptive Forward Lighting system and an advanced Satellite Navigation/CD player featuring MP3 format, DAB digital radio and an SD card-based memory function.

CLIMB IN CHILL OUT

Don't think of it as a travelling compartment. Think of it as a comfort zone. With Vauxhall's innovative Lounge Seating system, rear passengers have never felt more relaxed. The system converts in seconds from three individual second row seats that slide rearward and inward to create two welcoming, 'captain' style chairs, while the centre seat converts to an armrest, providing added comfort.

A clever rethinking of Vauxhall's legendary Flex7[®] seating system adds to the travelling experience. That means greater fore and aft adjustment. More reclining positions. And easy-entry third row seats. Plus a completely flat load floor once the rear seats have been folded.

1. Flat-folding seats. Loads come in all shapes and sizes, and so does the luggage area in the Zafira Tourer. Each individual rear passenger seat folds totally flat so you can carry passengers and bulky loads at one and the same time.

2. Extra large load space. Switch from limousine-like comfort to all-purpose carrying ability in just a matter of seconds – and transport that new item of furniture, DIY kit or leisure equipment with ease. Rear seats folded flat, the Zafira Tourer boasts a useful 1,860 litres of luggage space.

PARK AND RIDE ZAFIRA-STYLE

Looking for the ideal partner for your sporting or leisure activity? The Zafira Tourer carries it off – in style. Inside, the Tourer’s load carrying potential is exceptional with functional storage features and acres of space for all your kit. Outside, the optional FlexFix® carrier – fully integrated into the rear bumper – makes light work of transporting a couple of bikes. Need to carry an extra set of wheels or two? Simply attach the optional accessory FlexFix® extension and hey presto – the ideal platform for that impromptu cycling expedition, with space for four bikes.

➤ THE ULTIMATE CHOICE LIST

Dynamic, stylish and supremely versatile, Zafira Tourer is as individual as you are. Spend time choosing the model that's best suited to your personality and discover how Zafira Tourer can help you get more out of life.

Every new Zafira Tourer model is generously equipped. That much is a given. But rise up through the range and you'll discover more comfort features, additional sporty accents and a host of high-tech features to enjoy. In short – a model to suit your exact needs. Your retailer will be glad to talk through the choices available.

It's obvious Zafira Tourer drivers are individuals. And clear that the choice of models on offer doesn't disappoint. You can select from five separate trim levels: ES, Exclusiv, SRi, SE, and Elite – each providing its own, unique take on the distinctive Zafira Tourer character. Here's just a selection of the key features available.

➤ A PURER DRIVING DYNAMIC

Capable and above all great to drive, the Zafira Tourer matches genuine environmental credibility with serious driver appeal. A range of powerful yet economical and tax-efficient engines underlines its dynamic potential.

Zafira Tourer drivers can select from seven powerful yet efficient units. A highly flexible 140PS 1.8 litre petrol unit. Free-revving 140PS 1.4 litre turbo petrol engines, including a special low emissions version. Plus fuel efficient 2.0 litre turbo diesel engines, producing 110PS, 130PS and 165PS respectively. The 130PS unit can be specified with Vauxhall's market-leading ecoFLEX technology for outstandingly low emissions and excellent fuel economy – indeed, the unit is especially clean running, generating just 119g of CO₂ per kilometre.

In addition, all engines comply with the rigorous Euro 5 emissions standard. In some cases drivers can choose between manual and automatic options. The Zafira Tourer also features Vauxhall's cutting edge Start/Stop fuel saving and emissions reduction technology. Available with the 1.4 litre petrol unit alongside the 2.0 litre 130PS ecoFLEX and 165PS turbo diesels, this innovative system switches the engine off when you stop at the lights or in traffic, then restarts it automatically once the clutch is depressed.

Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 100kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 75kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee.
