# ADAM FEATURES / OPTIONS

## SAFETY

### Driver/passenger airbags

- Driver's airbag • Front passenger's airbag • Front seat side-impact airbags
- Full-size curtain airbags for front and rear seat passengers

### Seating

- Height-adjustable front seat head restraints • Outer rear seat head restraints
- Anti-submarining ramps in front seats – Helps prevent occupants sliding underneath the lap belt during a collision.

### Seatbelts

- Height-adjustable front seatbelts • Four inertia-reel lap and diagonal seatbelts • Front seatbelt pretensioner system – Pretensioners tighten the seatbelt in the event of an accident limiting forward movement. • Front seatbelt force limiters – Reduces potential upper body injuries during a frontal impact. • Front and rear 'seatbelt unfastened' warning light

### Child safety

- Deactivation switch for front passenger's front and side-impact airbags – Permits the safe use of a child seat in the front passenger seat. • ISOFIX child seat mountings incorporating top tether anchor points located on rear seats (does not include child seat) – Allows ISOFIX child safety seats to be securely fixed into the car. The ISOFIX mounting system reduces forward movement in an accident and makes the child seat easier to install.

### Driver/passenger safety

- Energy-absorbing steering column • Pedal release system – Reduces potential injury to the driver's legs and feet during a severe frontal impact. • Laminated windscreen • Side-impact protection beams • Reinforced passenger safety cell • Deformation zones front and rear

### Pedestrian safety

- Bonnet/headlight/wiper structure – Designed to reduce pedestrian head and upper body injuries.
- Upper and lower bumper design – Reduces upper and lower leg injuries.

### Stability

#### Electronic Stability Programme (ESP):

– Works in conjunction with the vehicle's electronic braking and engine systems to keep the car stable in many different situations. ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.

#### Additional ESP features:

- Traction control • Cornering brake control
- Straight line stability control

### Braking

#### Anti-lock Braking System (ABS):

– Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.

#### Additional braking features:

– The same electronic systems used in the ABS and ESP also deliver exceptional braking performance.

- Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance.
- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel. • Adaptive brake lights – Automatically warns other road users of heavy braking. • Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline. • Hazard warning lights

### Tyre pressure

- Tyre pressure monitoring system

## START/STOP TECHNOLOGY

The ADAM Start/Stop system offers real benefits by improving fuel economy and reducing CO<sub>2</sub> emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal.

System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted. Conditions that would initiate an Auto Restart include:

- Low battery level
- Cabin temperature is too high
- Driver's seatbelt unfastened or driver's door opened
- Bonnet is released or opened

## BENEFIT IN KIND COMPANY CAR TAXATION†

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%†† for Basic Rate, 40%†† for Higher Rate) to calculate your annual benefit in kind tax liability.

### Example:

**ADAM JAM 1.2i (70PS)**  
(CO<sub>2</sub> emissions 128g/km)

<b>On-the-road RRP</b>	£13450.00
Deduct: Vehicle Excise Duty	(£165.00)
New vehicle first registration fee	(£55.00)
<b>Effective list price</b>	£13230.00
Add: Optional two-coat metallic paint	£565.00

**List price for tax purposes (P11D value)**  
£13795.00

**Car benefit charge**  
2018-19 tax year (26%) £3586.00

<b>Benefit in kind tax liability (2018-19 tax year)</b>	
Basic Rate (20%) tax payer	£717.20
Higher Rate (40%) tax payer	£1434.40

† = Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. †† = Excludes residents of Scotland.

### BIK FOR SCOTTISH RESIDENTS

Effective 6 April 2018 the Scottish Government have introduced their own BIK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

#### The BIK rates for Scotland are:

- Over £11,850-£13,850 Starter Rate 19%
- Over £13,850-£24,000 Basic Rate 20%
- Over £24,000-£43,430 Intermediate Rate 21%
- Over £43,430-£150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

# ADAM ADDITIONAL INFORMATION

## ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £700.00 (including £116.67 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00\*.

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

## PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

## VAUXHALL FINANCE LEASING

Vauxhall Finance Leasing is a trading style of Vauxhall Finance plc. Working with the Vauxhall Retailer network we provide competitive car and van leasing solutions for business users and private individuals. We combine the support of a national contract with the convenience of a local contact. For further information, please contact your local Vauxhall Retailer or visit [www.vauxhall.co.uk/leasing](http://www.vauxhall.co.uk/leasing)

## IN THE EVENT OF AN ACCIDENT...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit [vauxhall.co.uk/AccidentManagement](http://vauxhall.co.uk/AccidentManagement)

## VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grammes (g) per kilometre (km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. From 1 April 2017 the breakpoints for each of these bands have been revised. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £310 is payable for the first five years of standard rate payments.

## VEHICLE EXCISE DUTY\*

## SAFETY

### Standard features

**Airbags:** • Driver's airbag • Front passenger's airbag • Front seat side-impact airbags • Full-size curtain airbags for front and rear seat passengers • Deactivation switch for front passenger's front and side-impact airbags – Ensures front passenger airbags do not inflate when a child seat is fitted to the front passenger's seat

**Seating:** • Height-adjustable front and rear seat head restraints • Four lap and diagonal inertia-reel seatbelts • Front body-lock diagonal seatbelt pretensioner system – Tightens the seatbelt during the early stages of a frontal impact • Driver's and front passenger's lap belt pretensioner system • Front seatbelt force limiters – Reduces potential upper body injuries during a frontal impact • Anti-submarining ramps in front seats • ISOFIX child seat restraint system for rear seats incorporating top tether (does not include child seat) – Secures specially designed ISOFIX child safety seats to the vehicle itself, virtually eliminating the dangers that can result from improper installation

**Electronic:** • Electronic Stability Programme-plus (ESP-plus) – Reduces the possibility of losing control of the vehicle • Anti-lock Braking System (ABS) • Electronic brakeforce distribution • Cornering brake control • Emergency brake assist – Increases brakeforce applied in emergency braking situations • Hill start assist • Straight line stability control • Traction control • Adaptive brake lights – If the driver brakes hard enough to activate the ABS function the brake lights flash on and off at a frequency of five times per second, warning following vehicles that heavy braking is in progress • Tyre pressure monitoring system

**Body:** • Energy-absorbing steering column • Pedal release system – Reduces potential injury to the driver's legs and feet during a severe frontal impact • Laminated windscreen • Side-impact protection beams • Reinforced passenger safety cell • Deformation zones front and rear

**Pedestrian:** • Collapsible windscreen wiper system – Reduces the risk of head injury • Low density foam near front bumper crossmember – Reduces lower leg injuries • Plastic lower front bumper stiffener – Reduces knee injuries

## VAUXHALL ONSTAR – YOUR PERSONAL ON BOARD ASSISTANT

Many car brands talk about innovation as soon as they improve their cup holders but this innovative system, now available on selected models†, is revolutionary: 24/7, 365 days a year, Vauxhall OnStar puts you in touch with a trained advisor, not a machine. With OnStar you have access to a host of innovations, from Vehicle Diagnostics and Smartphone Function to a fully integrated 4G Wi-Fi Hotspot††. In the event of an accident, Vauxhall OnStar even automatically calls for help, for an incomparable feeling of safety.

† = The OnStar Services require activation and are subject to mobile network coverage and availability. Wi-Fi Hotspot service requires account with nominated network operator.

†† = 4G is subject to mobile network coverage and availability. Charges apply after the free trial period. The OnStar subscription packages could be different from the services included in the free trial package. Check [www.vauxhall.co.uk/onstar](http://www.vauxhall.co.uk/onstar) for terms and conditions, details of availability, coverage and charges.

## DIGITAL RADIO

Now widely available in the UK, digital radio broadcasts offer the user a variety of advantages over traditional FM, starting with the digital quality sound which is immune to any hiss or crackle.

You'll often find a broader range of stations on offer too, many of which are not available on FM, and listening to them couldn't be easier – you simply select the station, by name, from the displayed list, thus removing the need to retune or look for stations when travelling around. Some stations will even display the artists' names and song titles on the car's graphic display, while they're played.

## INTELLILINK

IntelliLink is Vauxhall's next-generation in-car infotainment system. It features a 7-inch colour touchscreen that enables access to, and operation of, a wide range of functions including music, video, phone, navigation and internet services.

The system isn't equipped with a CD or DVD player. Instead, it's designed to support the latest media sources including Bluetooth® and USB devices, together with smartphones and their applications. All of these features are accessed through the touchscreen's Home menu.

Since many of these features are accessed via smartphone, the IntelliLink unit is designed to allow application updates as and when they become available, thus enabling it to make use of the latest smartphone developments as they happen.

Music can be played either through the radio or from personal music players via USB connection or Bluetooth® audio streaming. When played via USB, IntelliLink's built-in Gracenote® link provides song information and album artwork. Films and slide shows can also be viewed via the USB connection, but this facility is disabled when the car is moving.

IntelliLink is able to pair with up to four Bluetooth® phones simultaneously, with each phone's address book downloaded to the audio unit so that the car effectively becomes the phone. Phone priority can then be set through the touchscreen display.

The smartphone link works in conjunction with Apple CarPlay™ (including Siri Eyes Free) and Android Auto™. These give access to satellite navigation and a wide range of internet radio stations.

## TRANSMISSION

### Five-speed manual gearbox:

Standard on all models (except 1.0i Turbo (115PS)/1.4i Turbo (150PS)).

### Six-speed manual gearbox:

Standard on 1.0i Turbo (115PS)/1.4i Turbo (150PS) models only.

### Five-speed Easytronic transmission:

Available at extra cost on 1.4i (87PS) ADAM GLAM models only. Easytronic transmission is a five-speed manual gearbox with a fully automatic mode. In manual mode you simply push the lever forward or back to shift gears up or down sequentially. The facia display tells you what gear you're in – 1 to 5, N for Neutral or A for Auto. Switch to fully automatic

mode and it has many of the features of a regular automatic including a kickdown function. There's no clutch pedal so you can drive it on an automatic-only driving licence.

## STEERING

# ADAM ADDITIONAL INFORMATION

## ON-THE-ROAD PRICES

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £700.00 (including £116.67 VAT), 12 months' Government Vehicle Excise Duty (see opposite for details) and the DVLA new vehicle first registration fee of £55.00\*.

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

## PRICE PROTECTION

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

## VEHICLE EXCISE DUTY

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grammes (g) per kilometre (km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to the 'standard rate'. From 1 April 2017 the breakpoints for each of these bands have been revised. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £310 is payable for the first five years of standard rate payments.

### Vehicle Excise Duty\*

	CO <sub>2</sub> emissions (g/km)	First year rate	Standard rate
Band A	0	£0.00	£0.00
Band B	1-50	£10.00	£140.00
Band C	51-75	£25.00	£140.00
Band D	76-90	£100.00	£140.00
Band E	91-100	£120.00	£140.00
Band F	101-110	£140.00	£140.00
Band G	111-130	£160.00	£140.00
Band H	131-150	£200.00	£140.00
Band I	151-170	£500.00	£140.00
Band J	171-190	£800.00	£140.00
Band K	191-225	£1200.00	£140.00
Band L	226-255	£1700.00	£140.00
Band M	over 255	£2000.00	£140.00
