### At Vauxhall, we believe great cars are for everyone.

We believe technology works best when it's not just smart but is also simple and intuitive. Where everyone can feel the instant excitement of electric; can keep themselves and their loved ones safer on the road; and can stay connected to the things that matter most, simply and easily. We call it Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

**Our latest Corsa Price and Spec guide outlines** the Pure Technology features model by model. Together with all the essential information you need to compare Prices, Technical Information and Specification plus details of our commitment to offer the best in Customer Care.

We're delighted you're considering the purchase of a Corsa and hope this guide will help you make the right choice.

Design Electric.

VX\_COR\_34503.tif

16-inch alloy wheel.

VX\_COR\_e\_34363.tif

 $\bigcirc$  GS

#### Standard features include:

#### **PureSense**

- Intelli-LED headlights
- LED daytime running lights
- High beam assist
- Electronic parking brake (auto only)
- Lane departure warning with lane keep assist
- Speed sign recognition
- Hill start assist
- Driver drowsiness alert
- Forward collision alert
- Automatic emergency braking with pedestrian detection
- Cruise control with intelligent speed limiter
- Six airbags
- Rear parking distance sensors

#### PureConnect\*

- Multimedia infotainment system
- 10-inch colour touchscreen
- AM/FM/DAB digital radio
- Bluetooth®
- Wireless Apple CarPlay/Android Auto™
- USB connection
- Vauxhall Connect
- 3.5-inch digital colour instrument cluster (Petrol only)
- 7-inch digital colour instrument cluster (Electric only)
- Six speakers

#### **Comfort and convenience**

- Air conditioning (Petrol only)
- Electronic climate control (Electric only)
- 3-spoke steering wheel (Petrol manual & Electric models only)
- Flat-bottomed leather-effect steering wheel (Petrol auto models only)
- 60/40 split-folding rear seats
- Rain-sensitive windscreen wipers
- Automatic lighting control
- Automatic anti-dazzle rear-view mirror
- Electrically operated front and rear windows
- Paddle shift (auto Petrol models only)
- Remote control central locking
- Emergency tyre inflation kit (in lieu of spare wheel)

#### Interior

- Akoya grey fascia with high gloss black insert
- Fresez black fabric seat trim inserts
- Comfort front seats
- Driver's seat (six-way adjustable)
- Height (up/down)
- Reach (fore/aft)
- Backrest (upright/recline)
- Front passenger's seat (four-way adjustable)
- Reach (fore/aft)
- Backrest (upright/recline)

#### Styling

- Chrome Griffin logo
- Black vizor frame
- 16-inch grey alloy wheels with 195/55 R 16 tyres (Petrol only)
- 16-inch diamond-cut hi-gloss black alloy wheels with 195/55 R 16 tyres (Electric only)
- Black lower side window trim

#### WLTP combined CO<sub>2</sub> (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

<sup>#</sup>Provisional fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and Bik. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration), variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

# **Specifications**

#### Transmissions

# Six-speed manual gearbox

Petrol engine: 1.2 (100PS) Turbo Eight-speed automatic transmission

Petrol engines: 1.2 (100PS) Turbo

This transmission enables increased drive comfort with improved fuel economy and features a manual shifting mode. For a more engaging drive, the driver can select gears using the shift paddles located on the steering wheel.

#### Drive mode selector (auto-only)

The driver can determine the driving style by selecting one of the following modes:

- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

#### Drive mode selector (manual-only)

• **Sport:** available with the six-speed manual transmission featuring sound enhancement as well as a more responsive throttle and steering wheel

#### Hybrid e-DCT6 auto

1.2-litre petrol engine paired with a new six-speed dual clutch automatic transmission and a 28hp electric motor.

Permanent magnet synchronous electric motor is integrated into the gearbox and produces peak power of 21kW (28hp) and maximum torque of 55Nm. During deceleration from higher constant speeds, the petrol engine stops and the e-motor acts as a generator to recharge the hybrid system's 48v battery.

Under low torque requirements the e-motor allows short distances to be driven on electric power alone (e.g. when manoeuvring or under 18mph in city traffic). It also assists the petrol engine under acceleration, such as when driving from standstill.

#### Steering

Speed-sensitive power-assisted steering

#### **Brakes**

- Electronic Stability Programme (ESP)
- Traction control
- Drag torque control
- Anti-lock Braking System (ABS)
- Electronic brakeforce distribution
- Emergency brake assist
- Cornering brake control
- Straight line stability control

#### 1.2 (100PS) Design/GS

- Front ventilated discs: 381mm diameter
- Rear drums: 203mm diameter

#### 1.2 (100PS) Design/GS/Ultimate (auto only)

- Front ventilated discs: 381mm diameter
- Rear discs: 356mm diameter

#### **Fuel tank capacity**

• 45 litres

1.2 (100PS) Turbo	1620	1200 (580)
1.2 (100PS) Turbo auto	1645	1200 (610)
1.2 (100PS) Turbo Hybrid e-DCT6 auto	1690	1200 (423)

1.2 (100PS) Turbo Hybrid e-DCT6 auto16901200 (423)Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack<br/>loading should not exceed 70kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on<br/>a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of<br/>1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above<br/>1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional<br/>passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 55kg.<br/>Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models<br/>and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries<br/>with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and<br/>caravans the use of an oscillation damper is strongly recommended.

# PureEnergy – Electric

#### **Single-speed electronic drive selector**

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Braking (for increased regenerative braking)

#### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

#### Charging

Corsa Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer. The charging flap's Padlock LED lights up who the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up area, especially useful in dark conditions
- Flashing green: charging in progress
- Solid green: charging complete
- Solid blue: delayed charging toggled; change to flashing green when charging commence
- Solid red: malfunction

The driver may also choose from two settings

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. Th function can be accessed either via MyVauxh App or by using the infotainment system.

The Corsa Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to V test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars te to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteris variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Ret

<sup>#</sup>Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. \*Correct at time of publication.

# Vauxhall Connect

#### Safety

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

#### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

#### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

#### Convenience

- E-remote control (Electric only)\*\*
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

#### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

#### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle - and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: connect.vauxhall.co.uk \*\* via MyVauxhall App. †Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

#### **Explore MyVauxhall**

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall.

Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

# **Company car driver and fleet information**

#### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

#### **Generic example:**

ELECTRIC vehicle: Og/km CO <sub>2</sub>	
On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty	£0.00
New vehicle first registration fee	-£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2024 – 25 tax year (2%)	£557.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£111.40
Higher Rate (40%) tax payer	£222.80

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

**BiK for Scottish Residents** 

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

#### The BiK rates for Scotland are:

- Over £12,570 £14,732 Starter Rate 19%
- Over £14,732 £25,688 Basic Rate 20%
- Over £25,688 £43,662 Intermediate Rate 21%
- Over £43,662 £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

#### To calculate your own personal liability, click the link Vauxhall BiK Tool

155 – 159	-	36%
160+	-	37%

#### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric
А	0	£O	£O
В	1–50	£10	£O
С	51 – 75	£30	£20

# **Further information**

#### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

#### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

#### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

• Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

#### Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

# LEASYS

#### Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile. Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, <u>Leasys</u> lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation. Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA). At Vauxhall, we believe great cars are for everyone. We believe technology works best when it's not just smart but is also simple and intuitive. Where everyone can feel the instant excitement of electric; can keep themselves and their loved ones safer on the road; and can stay connected to the things that matter most, simply and easily. We call it Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

**Our latest Astra Price and Spec guide outlines** the Pure Technology features model by model. Together with all the essential information you need to compare Prices, Technical Information and Specification plus details of our commitment to offer the best in Customer Care.

We're delighted you're considering the purchase of a new Astra and hope this guide will help you make the right choice.

# Design

VX\_ASTRA Design Electric\_Without Fog-Lights.jpg Design Electric.

16-inch alloy wheel.

18-inch alloy wheel.

#### Standard features include:

#### **PureSense**

- Intelli-LED headlights and tail lights
- LED daytime running lights
- Automatic lighting control
- High beam assist
- Electronic parking brake
- Front and rear parking distance sensors
- Lane departure warning with lane keep assist
- Speed sign recognition
- Extended traffic sign recognition
- Driver drowsiness alert
- Forward collision alert (low speed)
- Automatic emergency braking with pedestrian detection
- Adaptive cruise control with intelligent speed adaption
- Eight airbags
- Remote control security alarm system
- Hill start assist
- In-crash braking
- ISOFIX child seat fixings on outer rear seats

#### PureConnect

- Multimedia Pure Panel Navigation system
- 10-inch colour touchscreen
- 10-inch digital instrument cluster
- AM/FM/DAB digital radio
- Bluetooth®
- Natural voice recognition
- Wireless Apple CarPlay/Android Auto™
- Front USB connection
- Six speakers
- Vauxhall Connect

#### **Comfort and convenience**

- Electronic climate control
- Flat-bottomed steering wheel
- Steering wheel audio/phone/cruise controls
- Illuminated vanity mirrors and rear reading lights
- Reach and rake adjustable steering
- 60/40 split-folding rear seat backs (Hatchback only)
- 40/20/40 split-folding rear seat backs with remote easy-fold facility (Sports Tourer only)
- Fixed load floor with storage nets (pair, Sports Tourer only)
- Rain-sensitive windscreen wipers
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors
- Soundproofed insulated windscreen
- Keyless start
- Intelli-Space (Sports Tourer only)
- Emergency tyre inflation kit

#### Interior

- Driver's seat (six-way adjustable)
- Front passenger's seat (four-way adjustable)
- Black facia with Modene trim inserts
- Instrument panel bar Alexit Grey
- Birdie Grey trim inserts on front doors
- Jet Black Modene seat trim inserts
- Jet Black Modene fabric side bolsters and surrounds

- Body-colour front and rear bumpers
- 16-inch silver alloy wheels with 205/55 R 16 tyres (Petrol only)
- 18-inch diamond-cut alloy wheels with 215/45 R 18 tyres (Electric only)
- Chrome-effect Griffin logo
- Black vizor frame
- Black lower window moulding

- Lane positioning assist
- Rear cross traffic alert
- Intelligent speed adaptation
- LED front fog lights

#### **PureConnect**

- Intelli-HUD (Head-Up Display)
- Wireless charger for mobile devices

#### **Comfort and convenience**

- Heated soundproofed insulated windscreen
- Heated ergonomic active sports-style front seats (AGR approved\*)
- Panoramic sunroof

• Power tailgate (Sports Tourer only)

#### Interior

- Driver's seat
- 10-way electrically adjustable (Petrol/Plug-in Hybrid only)
- 8-way electrically adjustable (Electric only)
- Front passenger's seat (eight-way adjustable - Petrol/Plug-in Hybrid only)
- Black facia with high gloss black inserts
- ReNewKnit interior seat and door trim inserts
- ReNewKnit side bolsters and surrounds

#### Styling

- 18-inch diamond-cut alloy wheels with grey inserts and 225/40 R 18 tyres (Petrol/Plug-in Hybrid only)
- 18-inch diamond-cut alloy wheels with 215/45 R 18 tyres (Electric only)
- High gloss black roof rails (Sports Tourer only)

\*AGR (The Campaign for Healthier Backs) is an independent centre of excellence for ergonomics, based in Germany. \*\*Not available with manual transmission.

VX\_AST\_GSe\_34211\_PU3.psd

18-inch alloy wheel.

#### Features over and above GS:

#### **PureSense**

- Intelli-Lux Pixel headlights
- Lane change assist with side blind spot alert
- Lane positioning assist
- Rear cross traffic alert
- Intelligent speed adaptation
- LED front fog lights

#### PureConnect

- Intelli-HUD (Head-Up Display)
- Wireless charger for mobile devices

#### **Comfort and convenience**

- Heated soundproofed insulated windscreen
- GSe performance heated front seats (AGR approved\*)
- Panoramic sunroof
- Power tailgate (Sports Tourer only)
- Fixed load floor

#### Interior

- Driver's seat (10-way electrically adjustable) with memory function
- Front passenger's seat (eight-way adjustable)
- Black facia with high gloss black inserts
- Instrument panel bar Liquid Palladium
- Alcantara inserts on front doors
- Alcantara seat trim inserts
- Alcantara side bolsters and surrounds

#### Styling

- Unique GSe front and rear bumpers
- 18-inch gloss black bi-colour diamond-cut alloy wheels with 225/40 R 18 tyres
- High gloss black roof rails (Sports Tourer only)
- GSe badge

of.

#### WLTP combined $CO_2$ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

<sup>#</sup>Provisional fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

#### MANUAL TRANSMISSION ENGINES ARE CURRENTLY CLOSED FOR ORDERING AND ARE AVAILABLE FROM STOCK ONLY

#### WLTP combined $CO_2$ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

<sup>#</sup>Provisional fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first. registration of the vehicle and BiK. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are

monthly based on the standard paint price.

# **PureConnect**

### Pure Panel digital display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With a 10-inch infotainment colour touchscreen and 10-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

• GS, Ultimate and GSe models feature the Pure Panel Pro digital display with edge-to-edge glass finish.

### **EV** information display

- Powerflow display Informs drivers on the current state of charge and what is being used as the power source, petrol or electric
- Charge display displays an image of the charge port with the corresponding LED charge indication lights
- e-Save enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone There are three options:
- 6 mile range reserve
- 12 mile range reserve
- Maximum reserve
- Statistics The Statistics display the average consumption data over a period of time using colour coded graphs
- Green: Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- Blue: Energy consumed by the vehicle directly by the battery (kWh/mile)
- Orange: Fuel consumption (mpg)

### **Digital instrumentation**

- Digital speedometer and rev counter
- Satellite Navigation display
- Digital fuel gauge with low fuel level warning light
- Digital water temperature gauge with warning light
- Shift-up/down indication light Indicates when to change gear for optimum fuel economy

### **Driver information display** (centrally located in digital instrument cluster)

- Total mileage
- Service-due indicator
- Oil life
- Tyre pressure monitoring system

### **Multi-function trip computer** (displayed on digital instrument cluster)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed
- Average fuel economy
- Instantaneous fuel economy
- Driving time

### **Digital central facia display**

- Audio information

### Infotainment

### **Onboard features**

- 2D/3D street level mapping
- European coverage
- Points-of-interest search
- Map updates via USB
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers (Ultimate/GSe models eight)
- management and driver recognition
- Over-the-air updates (e.g. for software)
- WiFi updates (e.g. content download)

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. Services may require a subscription/fee and are subject to mobile network coverage and availability.

### The following features are standard across the entire Astra range.

 Digital clock with automatic RDS time adjustment • Outside air temperature with ice warning function

• Satellite navigation system with natural voice recognition

 Customizable screen adaption with enhanced profile • Heating, Ventilation and Air Conditioning (HVAC) user interface

### Media connections

- USB connection with iPod control
- Bluetooth<sup>®</sup> A2DP audio streaming (Advanced Audio Distribution Profile)

### Mobile phone portal

- Bluetooth<sup>®</sup> connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access Contacts/last calls/missed calls etc are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- SMS read out and reply

### **Additional features**

- Steering wheel mounted audio controls
- Shark fin aerial

### **Drive Smart**

- Live navigation provided by TomTom<sup>®</sup>
- Real time traffic news
- Parking prices and availability
- Weather information
- Natural voice recognition
- Fuel prices
- Charging station search
- Quick search for addresses and points of interest
- Road safety alerts

- 40/20/40 split-folding rear seat backs
- Easy accessible storage boxes in the boot floor accommodate tyre inflation kit and first-aid kit
- Side storage with nets
- Luggage compartment retractable cover

### **Additional features (petrol)**

- Spare-wheel storage area
- Rear seat backs with remote easy-fold facility

# Vauxhall Connect

### Safety

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

### Convenience

- E-remote control (Plug-in Hybrid/ Electric only)\*\*
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle - and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Standard on all Astra models. Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: connect.vauxhall.co.uk \*\*via MyVauxhall App. †Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

### Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

### Download MyVauxhall now!

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Explore MyVauxhall

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

# **PureEnergy – Electric**

### **Single-speed electronic drive selector**

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Braking (for increased regenerative braking)

### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Charging

Astra Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer. The charging flap's Padlock LED lights up wh the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up area, especially useful in dark conditions
- Flashing green: charging in progress
- Solid green: charging complete
- Solid blue: delayed charging toggled; change to flashing green when charging commence
- **Solid red:** malfunction

The driver may also choose from two setting

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- Delayed charging: This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. Th function can be accessed either via MyVaux App or by using the infotainment system.

EAER = Equivalent All Electric Range. \*WLTP preliminary.

Charging (Supply)	Socket	Charge Time (0 – 100%	
Charging (Supply)	Socket	Charge Time (0 – 100%	
Battery warranty	8 years/100,0	00 miles/70% capacity

EAER (WLTP high)*	252	2 – 260 miles	
AC on-board charger speed	11kW		
Battery capacity		54kWh	
Battery			
Service interval	Initial inspection at 8,000 miles/1 year (wh comes sooner). Thereafter 16,000 miles/ (whichever comes sooner)		
Transmission	All-electric single-speed drive uni		
Maximum speed	105mph		
Acceleration 0 – 62mph	9.2 secs		
Maximum torque (Sport mode)	270Nm (199lb.ft.)		
Maximum power (Sport mode)	115	5kW (156PS)	
CO <sub>2</sub> emissions		0g/km	
Drivetrain – Electric CO2 emissions		0a/km	

The Astra Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to V test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars te to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

# PureEnergy – Plug-in Hybrid

### **Electrified transmission**

The 8-speed electrified transmission system is standard and offers both smooth transition between gears. The 8-speed electrified gearbox includes the following content:

- Multi-disc wet clutch replaces removed torque converter
- Permanent electric motor that transforms electric energy into mechanical drive energy
- Electric motor installed into the gearbox and petrol engine
- Comes with intuitive and stylish automatic gearbox with electric shifter with shift paddles

The current driving position is indicated to the driver with a LED between:

- R: used for reverse driving
- N: used for neutral, allowing the vehicle to be moved with ignition off
- **D:** used for automatic drive, the gearbox change gears without any action from the driver
- **B button:** to switch to regenerative braking

### Drive mode selector

The driver can determine the driving style by selecting one of the following modes:

• **Normal:** is the default Hybrid mode and offers the best of both worlds between controlled fuel consumption and on-road performance

- **Sport:** draws on the combined power of the engine and motor for a more dynamic drive
- **Electric:** activates the electric motor only, for zero CO<sub>2</sub> emissions and complete silence
- Engine sound enhancement: In the Sport mode, the engine sound is amplified via the radio speakers depending on input factors such as vehicle speed, engine speed, acceleration, gear and pedal position

### Charging

 Astra Plug-in Hybrid range comes with a Mod 2 cable and a 3.7kW on-board charger as standard. Includes cable bag at no extra cost

Please note: A Mode 2 cable (standard UK socket\*) would charge the vehicle in less than 8 hours.

Astra Plug-in Hybrid range charging time examples are listed showing times dependant on the various powers of charge point which the vehicle is plugged into.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhal App or infotainment system.

Preliminary data determined according to WLTP test procedure methodology. EU type approval and Certificate of Conformity are not yet available Preliminary values may differ from official final type approval data. Charging rate depends on power source and charging cable used.

These figures were obtained using a combination of battery power and fuel. The Astra Plug-in Hybrid requires mains electricity for charging.

<sup>#</sup>WLTP Figures shown are for comparison purposes and should only be compared to the fuel consumption, CO<sub>2</sub> values and electric range other cars tested to the same technical standard. The fuel consumption and electric range achieved, and CO<sub>2</sub> produced, in real world condition will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); charging frequency; batte condition; variations in weather; driving styles and vehicle load. For more information contact your local Vauxhall Retailer.

EAER = Equivalent All Electric Range. \*Only use a domestic electrical socket that has been checked by a qualified electrician and is protected l a circuit breaker adapted to the amperage of the electrical circuit. \*\*Requires optional 7kW on board charger.

# **Specifications**

### **Transmissions**

**Six-speed manual gearbox** Petrol engines: 1.2 (130PS) Turbo

**Eight-speed automatic transmission** Petrol engine: 1.2 (130PS) Turbo

This transmission enables increased drive comfort with improved fuel economy and features a manual shifting mode. For a more engaging drive, the driver can select gears using the shift paddles located on the steering wheel.

### Drive mode selector (auto-only)

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Steering

- Power-assisted steering
- Turning circle (wall-to-wall):
- 10.51m (34.5ft.) Hatchback
- 10.71m (35.1ft.) Sports Tourer

### Fuel tank capacities

- 52 litres Petrol
- 42 litres Plug-in Hybrid

### Suspension

- Front: Independent. Decoupled MacPherson struts with gas-pressure dampers and coil springs. Anti-roll bar
- Rear: Compound crank with coil springs and gas-pressure dampers

### GSe

### **Re-calibrated sports steering**

Revised steering geometry provides increase feedback and allows the driver to more accurately judge grip levels.

### Unique chassis set-up

Bespoke chassis set-up delivering a more agile and precise handling experience withou sacrificing ride quality.

- Ride height lowered by 10mm
- Front suspension: Independent decoupled MacPherson struts with Koni FSD (Frequence Selective Damping) oil-filled dampers and revised springs. Anti-roll bar
- Rear suspension: Compound crank with coil springs and Koni FSD oil-filled dampers and revised springs

### Unique ESP settings

Adjustments have also been made to the electronic stability program which monitors the traction control. This enables the system to respond more effectively to cope with the increase in engine power and greater dynamic driving behaviour made possible by the chassis improvements.

**Please note: Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof loading** should not exceed 75kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restar a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes at 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additi passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 7 Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall mo and carry a 12-month guarantee.

\*Measured using the ECIE method. When a spare wheel is specified loadspace capacity is reduced due to a raised luggage compartment floor. \*\*Plug-in Hybrid and Electric. <sup>†</sup>Factory-fit. <sup>††</sup>Retailer-fit.

# **Company car driver and fleet information**

### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

### **Generic example:**

ELECTRIC vehicle: 0g/km CO <sub>2</sub>	
On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty	£0.00
New vehicle first registration fee	-£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2023 – 24 tax year (2%)	£557.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£111.40
Higher Rate (40%) tax payer	£222.80

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

### The BiK rates for Scotland are:

- Over £12,570 £14,732 Starter Rate 19%
- Over £14.732 £25.688 Basic Rate 20%
- Over £25,688 £43,662 Intermediate Rate 21%
- Over £43,662 £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

### To calculate your own personal liability, click the link Vauxhall BiK Tool

### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £390 is payable for five years after registration.

# **Further information**

### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

• Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

### Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

## LEASYS

### Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile. Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, <u>Leasys</u> lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation. Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA). For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

\*Correct at time of issue. \*\*Terms and conditions apply. Please click here for full terms and conditions. †Mobile phone users will be charged at their standard tariff. †\*Calls may be recorded. Vauxhall Insurance Services is a trading name of Europa Group Limited which is authorised and regulated by the Financial Conduct Authority. Europa Group Limited's Financial Services Register number 309794. Registered as a limited company in England and Wales No 03279177. Registered Office: Europa House, Midland Way, Thornbury, Bristol, BS35 2JX.

### In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

### Vauxhall Flexcare – Service Plans and **Extended Warranty**

Designed for your peace of mind. A collection of extended warranty and service plans to match the way you drive.

### **Extended Warranty**

An extended warranty for your Vauxhall offers you similar cover for material or manufacturing defects beyond the original warranty period on the vehicle. By choosing an official Vauxhall Extended Warranty, we guarantee that any repairs you need are carried out by Vauxhall trained technicians using genuine Vauxhall parts.

### **Service Plans**

There's no need to worry about budgeting for your next service. Simply take out a Vauxhall Fixed Price Service Care Plan. You can then focus on the more important things in life, knowing your servicing costs are taken care of. For more information, click on the link below or call us on 0345 600 2065. See vauxhall.co.uk/discover/ here-for-you.html

### **Flexicare Service Plans**

There's no need to worry about budgeting for your next service. Simply take out a Vauxhall Fixed Price Service Care Plan, flexible to suit all needs. Visit vauxhall.co.uk/owners/maintenance-andrepair/servicing/flexcare.html

### Vauxhall Insurance with added reassurance

Join the family or find out more about Vauxhall Insurance Services by contacting our insurance team on 0330 678 1130<sup>++</sup>, or visit: vauxhall.co.uk/ offers-finance/insurance.html

### **Vauxhall Accessories**

From the small things that make life easier to the big things that make life exciting - personalise your Vauxhall with Vauxhall Accessories. So what are you looking for? A device holder, roof box, or even splash guards? Whatever it is we've got the solution for you. With our huge accessory range, all tailor-made for your Vauxhall and come with a full year's warranty. For further details visit your local Retailer or see vauxhall.co.uk/owners/ accessories.html

### Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

### For more product information

For further information on the Vauxhall range or location of your nearest Vauxhall Retailer please call 0800 026 0034. Alternatively, details can be found on our website at vauxhall.co.uk

The invoice price, including delivery to Retailer, factory-fitted options, accessories fitted by the Retailer and number plates, is subject to VAT. Some feature descriptions in this guide may refer to, and some illustrations may show, optional equipment not included in the standard delivery. The information contained in this guide was accurate at the time of publication. We reserve the right to make changes in design and equipment. Please note that Vauxhall Retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind Vauxhall Motors Limited by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. The colours in this guide are only approximate actual colours. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary by model. For precise information on the equipment provided on our vehicles, please contact your local Vauxhall Retailer.

**Further information** 

At Vauxhall, we believe great cars are for everyone. We believe technology works best when it's not just smart but is also simple and intuitive. Where everyone can feel the instant excitement of electric; can keep themselves and their loved ones safer on the road; and can stay connected to the things that matter most, simply and easily. We call it Vauxhall Pure Technology. No gimmicks, nothing complicated, just technology that makes driving better, easier and more exciting, for everyone.

**Our latest Mokka Price and Spec guide outlines** the Pure Technology features model by model. Together with all the essential information you need to compare Prices, Technical Information and Specification plus details of our commitment to offer the best in Customer Care.

We're delighted you're considering the purchase of a new Mokka and hope this guide will help you make the right choice.

## Design

17-inch alloy wheel.

### Standard features include:

### **PureSense**

- Rear parking distance sensors
- Intelli-LED headlights
- LED tail lights
- LED daytime running lights
- Automatic high beam assist
- Lane departure warning with lane keep assist
- Extended traffic sign recognition
- Driver drowsiness alert
- Enhanced automatic emergency braking with pedestrian detection
- Forward collision alert (low speed)
- Cruise control with intelligent speed limiter
- Six airbags
- Hill start assist
- Remote control central locking
- Automatic lighting control with tunnel detection

### **PureConnect**

- Multimedia Pure Panel system
- 10-inch colour touchscreen
- 10-inch digital instrument cluster
- AM/FM/DAB digital radio
- Bluetooth®
- Front USB connection
- Six speakers
- Vauxhall Connect

### **Comfort and convenience**

- Electronic climate control
- Leather effect steering wheel
- Electrically adjustable/heated door mirrors
- Steering wheel audio/phone/cruise controls
- Rain-sensitive windscreen wipers

### Interior

- Driver's seat (six-way adjustable)
- Front passenger's seat (four-way adjustable) without seat height adjustment
- Jet black Modene seat trim inserts with grey seat bolsters (made with 100% recycled PET)
- Black facia with silver trim inserts
- Light grey trim inserts on front doors
- Black headliner

### Styling

- 17-inch black diamond cut alloy wheels
- Black front/rear bumper inserts
- Black upper window moulding
- Chrome Griffin logo and black vizor frame

## GS

Vauxhall\_MOKKA\_BEV\_GS\_BONYQ\_DJD20\_16x9\_960x540.jpg

18-inch black diamond cut alloy wheels (standard on petrol only, no cost option on electric)

18-inch bi-colour aero alloy wheels (standard on electric only)

### Features over and above Design:

### **PureSense**

- Remote control ultrasonic security alarm system
- Panoramic rear view camera

### **Comfort and convenience**

- Storage pockets on front seat backs
- Automatic anti-dazzle rear-view mirror (all models)
- Centre armrest and console
- Ambient lighting
- Keyless start (electric only)
- 2 rear USB connections

### Interior

- Front passenger's seat (six-way adjustable) including seat height adjustment
- Grey Focus seat trim inserts with black vegan leather seat bolsters (made with 100% recycled PET)

### Styling

- 18-inch black diamond cut alloy wheels (standard on petrol only, no cost option on electric)
- 18-inch bi-colour aero alloy wheels (standard on electric only)
- High gloss black front/rear bumper inserts
- Black roof
- Rear tinted windows
- Black Griffin logo
- Aluminium effect sports pedal (auto models only)

# Ultimate

Vauxhall\_MOKKA\_BEV\_Ultimate\_B0NYQ\_DJD20\_\_16x9\_960x540.jpg

18-inch black diamond cut alloy wheels (standard on petrol only, no cost option on electric) 18-inch bi-colour aero alloy wheels (standard on electric only)

Petrol/Electric.

### Features over and above GS:

### PureSense

- Intelli-Lux Matrix headlights
- Front and rear parking distance sensors
- Adaptive cruise control
- Enhanced automatic emergency braking with with pedestrian and bicycle detection
- Lane positioning assistant (auto models only)
- Side blind spot alert with flank guard
- Forward collision alert (all speed)
- Automatic headlight levelling system

### **Comfort and convenience**

- Electrically foldable door mirrors
- Moveable boot floor
- Keyless entry and start
- Heated front seats
- Heated steering wheel

### PureConnect

- Inbuilt satellite navigation
- Wireless phone charger

### Interior

- Driver's seat lumbar adjustment (four-way electrical)
- Driver and passenger heated seats
- Driver's seat massage function
- Black ReNewKnit TM seat trim inserts with black vegan leather seat bolsters (made with 100% recycled materials)
- Black facia with silver trim inserts
- Electrochromatic frameless rear view mirror

### WLTP combined CO<sub>2</sub> (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

<sup>#</sup>Fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

# **PureConnect**

### Pure Panel digital display

Pure Panel technology makes driving more intuitive, with a flowing design that presents the information you need. With a 10-inch infotainment colour touchscreen and 10-inch digital instrument cluster right in front of you, you can stay focused on the road ahead.

### **EV** information display

- Powerflow display Informs drivers on the current state of charge and what is being used as the power source, petrol or electric
- Charge display displays an image of the charge port with the corresponding LED charge indication lights
- e-Save enables the driver to determine how much battery energy needs to be conserved to ensure that the vehicle reaches its destination when in a zero emission zone There are three options:
- 6 mile range reserve
- 12 mile range reserve
- Maximum reserve
- Statistics The Statistics display the average consumption data over a period of time using colour coded graphs
- Green: Energy recovered by braking phases and partial recharging by the petrol engine (kWh/mile)
- Blue: Energy consumed by the vehicle directly by the battery (kWh/mile)
- Orange: Fuel consumption (mpg)

### **Digital instrumentation**

- Digital speedometer and rev counter
- Satellite Navigation display

- change gear for optimum fuel economy

### Multimedia Pure Panel – Design/GS Features

- 10-inch colour touchscreen
- DAB Digital radio
- RDS with Traffic Programme
- AM/FM stereo radio with 36 station presets
- Six speakers
- Wireless phone projection

### Media connections

- USB connection
- Bluetooth<sup>®</sup> A2DP audio streaming (Advanced Audio Distribution Profile)

### Mobile phone portal

- Bluetooth<sup>®</sup> connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- SMS read out and reply

• Digital fuel gauge with low fuel level warning light • Digital water temperature gauge with warning light • Shift-up/down indication light – Indicates when to

• Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using

the touchscreen (features dependent on mobile phone).

### **Smartphone interface**

- Apple CarPlay
   Android Auto<sup>™</sup>
- Smartphone projection that allows operations via voice command, touchscreen and buttons to control apps and music playback

### **Additional features**

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

### Multimedia Pure Panel Navigation System – Ultimate Features over Multimedia

- Satellite navigation system 2D/3D street level mapping
- European coverage Points-of-interest search
- Over the air Map updates

### **Driver information**

### **Driver information display**

### (centrally located in instrument cluster)

- Total mileage Service-due indicator
- Oil life Tyre pressure monitoring system

### Multi-function trip computer (displayed on digital instrument cluster)

- Trip mileage Vehicle range based on remaining fuel
- Average speed Average fuel economy
- Instantaneous fuel economy
   Driving time

### **Digital central facia display** (format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit

# Vauxhall Connect

### Safety

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

### Convenience

- E-remote control (Electric only)\*\*
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle - and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Standard on GS Electric and Ultimate models only. Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: connect.vauxhall.co.uk \*\*via MyVauxhall App. <sup>†</sup>Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

### Explore MyVauxhall

and much more!

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys - and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

# PureEnergy – Electric

### **Single-speed electronic drive selector**

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Braking (for increased regenerative braking)

### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Charging

Mokka Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer. The charging flap's Padlock LED lights up wh the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up area, especially useful in dark conditions
- Flashing green: charging in progress
- Solid green: charging complete
- Solid blue: delayed charging toggled; change to flashing green when charging commence
- Solid red: malfunction

The driver may also choose from two setting

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. Th function can be accessed either via MyVauxh App or by using the infotainment system.

The Mokka Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

EAER = Equivalent All Electric Range. \*WLTP preliminary.

Drivetrain – Electric	54	kWh		
CO₂ emissions	0g/km			
Maximum power	115kW	(156PS)		
Maximum torque	260Nm	(192lb. ft.)

\*Correct at time of publication.

<sup>#</sup>Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version.

# **Specifications**

### Transmissions

**Six-speed manual gearbox** Petrol engines: 1.2 (136PS) Turbo

**Eight-speed automatic transmission** Petrol engine: 1.2 (130PS) Turbo

This transmission enables increased drive comfort with improved fuel economy and features a manual shifting mode. For a more engaging drive, the driver can select gears using the shift paddles located on the steering wheel.

### **Drive mode selector (auto-only)**

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Steering

• Single pinion electrical power steering

### Brakes

- Anti-lock Braking System (ABS)
- Electronic brakeforce distribution
- Emergency brake assist
- Cornering brake control
- Straight line stability control

### **Petrol engines**

- Front ventilated discs: 283mm diameter
- Rear drums: 249mm diameter

### **Electric motor**

- Front ventilated discs: 302mm diameter
- Rear discs: 268mm diameter

### Fuel tank capacity

- 44 litres Petrol models
- 42 litres Hybrid models

Exterior dimensions – mm (inches)	Mokka	Mokka Electric
Length	4150 (163.38)	4150 (163.38)
Width (with mirrors)	1987 (78.22)	1987 (78.22)
Height	1534 (60.39)	1534 (60.39)
Wheelbase	2557 (100.67)	2561 (100.83)
Loadspace dimensions – mm (inches)	Mokka	Mokka Electric
Maximum length behind rear seats	667 (26.3)	667 (26.3)
Maximum length rear seats folded	1418 (55.8)	1418 (55.8)
Maximum width	1021 (40.2)	1021 (40.2)
Maximum height	780 (30.7)	780 (30.7)
Luggage capacities – Litres (cu.ft.)	Mokka	Mokka Electric
Rear seats up (under luggage compartment cover)	350 (12.37)	310 (10.9)
Rear seats folded (to roof)	1105 (39.0)	1060 (37.4)
Weights and towing data – kg	Gross vehicle weight	Maximum towing weights. Trailer with brakes (without brake
1.2 (136PS) Turbo	1690	1200 (645)
1.2 (130PS) Turbo automatic	1710	1200 (655)
1.2 (136PS) Hybrid e-DCT6	1750	1200 (680)

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 70kg. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, maximum noseweight should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

# **Company car driver and fleet information**

### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

### **Generic example:**

ELECTRIC vehicle: 0g/km CO <sub>2</sub>	
On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty	£0.00
New vehicle first registration fee	-£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2024 – 25 tax year (2%)	£557.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£111.40
Higher Rate (40%) tax payer	£222.80

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

### The BiK rates for Scotland are:

- Over £12,570 £14,732 Starter Rate 19%
- Over £14,732 £25,688 Basic Rate 20%
- Over £25,688 £43,662 Intermediate Rate 21%
- Over £43,662 £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

### To calculate your own personal liability, click the link Vauxhall BiK Tool

### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric
Α	0	£O	£O
В	1–50	£10	£O
С	51 – 75	£30	£20
D	76 – 90	£135	£125
E	91 – 100	£175	£165
F	101 – 110	£195	£185

# **Further information**

### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

• Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60.000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

### Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

## LEASYS

### Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile. Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, <u>Leasys</u> lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation. Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA). For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

### In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

### Vauxhall Flexcare – Service Plans and **Extended Warranty**

Designed for your peace of mind. A collection of extended warranty and service plans to match the way you drive.

### **Extended Warranty**

An extended warranty for your Vauxhall offers you similar cover for material or manufacturing defects beyond the original warranty period on the vehicle. By choosing an official Vauxhall Extended Warranty, we guarantee that any repairs you need are carried out by Vauxhall trained technicians using genuine Vauxhall parts.

### **Service Plans**

There's no need to worry about budgeting for your next service. Simply take out a Vauxhall Fixed Price Service Care Plan. You can then focus on the more important things in life, knowing your servicing costs are taken care of. For more information, click on the link below or call us on 0345 600 2065. See vauxhall.co.uk/discover/ here-for-you.html

### **Vauxhall Service Club**

A world of servicing, repair and accessory benefits with Vauxhall Service Club is available for all Vauxhall owners, and it's free to join via the MyVauxhall app (terms and conditions apply). For a list of benefits and details on how to join visit: vauxhall.co.uk/serviceclub

### Vauxhall Insurance with added reassurance

Join the family or find out more about Vauxhall Insurance Services by contacting our insurance team on 0330 678 1130<sup>++</sup>, or visit: vauxhall.co.uk/ offers-finance/insurance.html

### **Vauxhall Accessories**

From the small things that make life easier to the big things that make life exciting - personalise your Vauxhall with Vauxhall Accessories. So what are you looking for? A device holder, roof box, or even splash guards? Whatever it is we've got the solution for you. With our huge accessory range, all tailor-made for your Vauxhall and come with a full year's warranty. For further details visit your local Retailer or see vauxhall.co.uk/owners/ accessories.html

### Protecting the environment

Vauxhall's commitment to the environment is demonstrated by our products' many environmental awards. For even more information on Vauxhall's efforts to achieve an environmentally sustainable future, and how to dispose of your end-of-life vehicle, see vauxhall.co.uk/recycling

### For more product information

For further information on the Vauxhall range or location of your nearest Vauxhall Retailer please call 0800 026 0034. Alternatively, details can be found on our website at vauxhall.co.uk

The invoice price, including delivery to Retailer, factory-fitted options, accessories fitted by the Retailer and number plates, is subject to VAT. Some feature descriptions in this guide may refer to, and some illustrations may show, optional equipment not included in the standard delivery. The information contained in this guide was accurate at the time of publication. We reserve the right to make changes in design and equipment. Please note that Vauxhall Retailers are not the agents of Vauxhall Motors Limited and are not authorised to bind Vauxhall Motors Limited by any specific or implied undertaking or representation. It is advisable to ensure that your motor insurance policy provides adequate cover for additional fitted options and accessories. The colours in this guide are only approximate actual colours. Illustrated optional equipment is available at extra charge. Availability, technical features and equipment provided on our vehicles can vary by model. For precise information on the equipment provided on our vehicles, please contact your local Vauxhall Retailer.

### Features:

### **PureSense**

- Rear parking distance sensors
- Rear view camera
- Cruise control
- Automatic emergency braking
- Lane keep assist
- Driver drowsiness alert
- Speed Sign Recognition
- Forward collision alert
- Hill start assist
- Automatic lighting control
- Intelli-LED headlights
- High beam assist

### PureConnect

- Multimedia Pure Panel Navigation system
- 10-inch colour touchscreen
- 10-inch digital instrument cluster
- AM/FM/DAB digital radio
- Bluetooth ®
- Natural voice recognition
- Wireless Apple CarPlay/Android Auto™
- Front USB-C connection
- Wireless charging for mobile devices
- Vauxhall Connect

### **Comfort and convenience**

- Air conditioning
- Grey cloth seats with Fabric Riaz blue and Anthracite melange
- Console strap storage
- Remote control security alarm system
- Rain-sensitive windscreen wipers
- Electrically operated front and rear windows
- Electrically adjustable/heated door mirrors

- 16-inch black steel wheel
- Body colour roof
- Black wing mirrors
- Silver Griffin logo and black vizor frame
- Body-colour front and rear bumpers
- Black grained skid plates

# GS

### Features over and above Design:

### PureSense

- Front and rear parking distance sensors
- Blind spot alert

### **Comfort and convenience**

- Electronic climate control
- Leather effect steering wheel
- Intelli-seat (Marl Grey Melange with Black fabric insert)
- Front and rear LED reading lights
- Electrochromic anti-dazzle rear-view mirror

### Styling

- 17-inch diamond cut "Groot" alloy wheels
- Black roof
- High gloss black wing mirrors
- Black Griffin logo
- Dark silver skid plates
- Dark-tinted rear windows
- LED tail lights

### Frontera's petrol engines meet the Real Driving Emissions Step 2 (RDE2) standards. The WLTP information for the 1.2 (100PS) Hybrid e-DCT6 is currently unavailable. We have assumed the same VED as the 1.2 (136PS) Hybrid e-DCT6 in order to calculate the On-the-road price.

### WLTP combined CO<sub>2</sub> (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

\*Provisional fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and Bik. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price.

### **Single-speed electronic drive selector**

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Comfort (for reduced regenerative braking)

### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Charging

New Frontera Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up area, especially useful in dark conditions
- Flashing green: charging in progress
- Solid green: charging complete
- Solid blue: delayed charging toggled; changed to flashing green when charging commence
- Solid red: malfunction

The driver may also choose from two setting

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- Delayed charging: This is especially useful f when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxha App or by using the infotainment system.

The New Frontera Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of facto including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

# **Technical Specifications**

### Transmissions

### Hybrid e-DCT auto

1.2-litre petrol engine paired with a new six-speed dual clutch automatic transmission and a 28hp electric motor.

Permanent magnet synchronous electric motor is integrated into the gearbox and produces peak power of 21kW (28hp) and maximum torque of 55Nm.

During deceleration from higher constant speeds, the petrol engine stops and the e-motor acts as a generator to recharge the hybrid system's 48v battery.

Under low torque requirements the e-motor allows short distances to be driven on electric power alone (e.g. when manoeuvring or under 18mph in city traffic). It also assists the petrol engine under acceleration, such as when driving from standstill.

### Drive mode selector

The driver can determine the driving styles by selecting one of the following modes:

- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency.

The ECO mode deactivates all unnecessary energyconsuming features and reduces the top speed, torque and overall performance.

Rear seats up (under luggage compartment cover)	460 (16.24)	460 (16.24)
Rear seats folded (to roof)	1600 (56.50)	1600 (56.50)
Weights and towing data – kg	Frontera Electric	Frontera Hybrid
Gross vehicle weight	2030	1830
Maximum towing weights. Trailer with brakes	N/A	1250

**Please note: Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

\*Towing weight achieved with Vauxhall tow hook only.

# Vauxhall Connect

### **Safety**

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

### Convenience

- E-remote control (Electric only)\*\*
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic update
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle - and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: <u>connect.vauxhall.co.uk</u> \*\*via MyVauxhall App. †Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

### **Explore MyVauxhall**

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys - and maximise your charge. Or preschedule charging times

at night, and benefit from cheaper electricity.

# **Company car driver and fleet information**

### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

### **Generic example:**

Electric vehicle: Og/km CO <sub>2</sub>	
On-the-road RRP	£23,495.00
Deduct: Vehicle Excise Duty	-£0.00
New vehicle first registration fee	-£55.00
Effective list price	£23,440.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£24,095.00
Car benefit charge 2024 – 25 tax year (2%)	£468.80
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£93.76
Higher Rate (40%) tax payer	£187.52

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

### The BiK rates for Scotland are:

- Over £12,570 £14,732 Starter Rate 19%
- Over £14,732 £25,688 Basic Rate 20%
- Over £25,688 £43,662 Intermediate Rate 21%
- Over £43,662 £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

### To calculate your own personal liability, click the link Vauxhall BiK Tool

### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000. including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric

# **Further information**

### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

 Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

### **Vauxhall Assistance**

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

# LEASYS

### Leasys UK

### Grandland's petrol engines meet the Real Driving Emissions Step 2 (RDE2) standards.

### WLTP combined CO<sub>2</sub> (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

\*Provisional fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and BiK. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are

monthly based on the standard paint price.

# Vauxhall Connect

### **Safety**

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

### Convenience

- E-remote control (Electric only)\*\*
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic update
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle - and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Subject to subscription – after you have taken delivery of your vehicle, please subscribe on: <u>connect.vauxhall.co.uk</u> \*\*via MyVauxhall App. †Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

### **Explore MyVauxhall**

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge\*. Or pre-schedule charging times at night, and benefit from cheaper electricity.

For more information visit vauxhall.co.uk/discover/myvauxhall.html

# **PureEnergy - Electric**

### Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Braking (for increased regenerative braking)

### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- **Sport:** for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

### Charging

New Grandland Electric is fitted with a 11kW on board charger and is also equipped with a Mode 3 cable as standard. Additional charging accessories are available at extra cost. For more details please consult your local Retailer.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up th area, especially useful in dark conditions
- Flashing green: charging in progress
- Solid green: charging complete
- Solid blue: delayed charging toggled; changes to flashing green when charging commences
- Solid red: malfunction

The driver may also choose from two settings:

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- Delayed charging: This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxha App or by using the infotainment system.

The New Grandland Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according the second s to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of facto including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

# **PureEnergy - Hybrid**

### **Transmissions**

### Hybrid e-DCT auto

1.2-litre petrol engine paired with a new six-speed dual clutch automatic transmission and a 28hp electric motor.

Permanent magnet synchronous electric motor is integrated into the gearbox and produces peak power of 21kW (28hp) and maximum torque of 55Nm.

During deceleration from higher constant speeds, the petrol engine stops and the e-motor acts as a generator to recharge the hybrid system's 48v battery.

Under low torque requirements the e-motor allows short distances to be driven on electric power alone (e.g. when manoeuvring or under 18mph in city traffic). It also assists the petrol engine under acceleration, such as when driving from standstill.

### **Drive mode selector**

The driver can determine the driving styles by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency
- Sport: for a dynamic drive with a responsive throttle and the highest top speed and torque
- ECO: for maximum range and energy efficiency.

The ECO mode deactivates all unnecessary energyconsuming features and reduces the top speed, torque and overall performance.

1.2 (136PS) Turbo Hybrid e-DCT6 auto	2120	1100*
73kW (213PS) Electric Auto	2700	1200

**Please note: Gross vehicle weight** is the total permissible weight of the vehicle including passengers and their luggage. The **maximum roof rack loading** should not exceed 70kg. The **maximum towing weights** are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. With a trailer fully loaded, **maximum noseweight** should not exceed 55kg. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

\*Towing weight achieved with Vauxhall tow hook only.

# **Company car driver and fleet information**

### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

### **Generic example:**

ELECTRIC vehicle: Og/km CO <sub>2</sub>	
On-the-road RRP	£37,345.00
Deduct: Vehicle Excise Duty	-£0.00
New vehicle first registration fee	-£55.00
Effective list price	£37,290.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£37,290.00
Car benefit charge 2024 – 25 tax year (2%)	£745.80
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£149.14
Higher Rate (40%) tax payer	£298.32

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

### The BiK rates for Scotland are:

- Over £12,570 £14,732 Starter Rate 19%
- Over £14,732 £25,688 Basic Rate 20%
- Over £25,688 £43,662 Intermediate Rate 21%
- Over £43,662 £150,000 Higher Rate 41%
- Above £150,000 Top Rate 46%

### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000. including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric

# **Further information**

### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

 Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

### **Vauxhall Assistance**

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

# LEASYS

### Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile. Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation. Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA). #### WLTP Combined CO<sub>2</sub> (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance. Company Car Benefit in Kind (BiK) rates are monthly based on the standard paint price. Price has been calculated using manufacturer estimates. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

#### **IMPORTANT NOTE RE: CONVERSIONS**

Any vehicle ordered for a conversion that changes the base vehicle type approval must be aligned to a Stellantis Certified Convertor within Convertool by entering the associated vehicle order number. Please note that if the vehicle order number is not inputted into Convertool then the order/s will be cancelled. It is also important that you discuss your conversion project with the converter before ordering the base vehicle. https://convertool.stellantis.com/

#### Combo Life's diesel engines meet the Real Driving Emissions Step 2 (RDE2) standards.

#### WLTP Combined $CO_2$ (g/km) figures are based on a configured vehicle as per LCDV code for UK with no options fitted.

<sup>#</sup>Fuel consumption and CO<sub>2</sub> figures are determined according to the WLTP test cycle. CO<sub>2</sub> figures, BiK values and RRP pricing shown above are for a standard vehicle without any additional optional equipment. CO<sub>2</sub> figures are used to calculate Vehicle Excise Duty (VED) for the first registration of the vehicle and Bik. The addition of optional extras could increase the certified CO<sub>2</sub> emission output. This in turn may affect the amount of VED payable upon registration, and, for company car drivers, the P11D value and the amount of Benefit in Kind (BiK) tax payable. Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

# Safety

# Standard Features – The following features are standard across the entire Combo Life Electric range.

#### Airbags

- Driver's airbag
- Front passenger's airbag
- Two front seat side-impact airbags
- Full-size curtain airbags

#### Seating

• Three height adjustable rear seat head restraints

#### **Seatbelts**

- Lap and diagonal inertia-reel seatbelts
- 'Seatbelt unfastened' audible warning and warning light

#### Braking

• Automatic emergency braking – The system works automatically in conjunction with forward collision alert, at speeds between 3mph and 70mph, and detects both vehicles and pedestrians. If no avoiding action is taken by the driver, at speeds below 19mph the system automatically slows the vehicle to a full stop with emergency braking of 0.9g. At speeds from 19mph to 70mph it brakes automatically to reduce speed by a maximum of 30mph - to reduce speed even further the driver must brake themselves

- Anti-lock Braking System (ABS)
- Electronic brakeforce distribution Automatically apportions the optimum braking force to each wheel
- Engine drag torque control Improves directional stability by preventing the driven wheels from locking on slippery surfaces under the influence of engine braking
- Hill start assist Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

#### **Child safety**

- side-impact airbags
- ISOFIX child seat mountings incorporating top tether anchor points located on second-row rear seats (does not include child seat) – Allows ISOFIX child safety seats to be securely fixed into the car. The ISOFIX mounting system reduces forward movement in an accident and makes the child seat easier to install
- Child-proof locks on rear doors

Automatic emergency braking.

ISOFIX child seat mountings.

#### • Deactivation switch for front passenger's front and

#### **Stability**

• Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

#### Additional ESP features

- Traction control
- Cornering brake control
- Straight line stability control
- Drag torque control Maintain stability on slippery roads when lifting off the accelerator or changing gear

#### Tyre pressure

• Tyre pressure monitoring system

Lane keeping assist (see next page for feature description).

# **Driver Assistance**

**Standard Features –** The following features are standard across the entire Combo Life Electric range. Specific features by model are outlined in the separate tabular information.

#### **Cruise control with speed limiter**

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

#### Steering

- Speed sensitive electrically assisted power steering
- Reach and rake adjustable steering column

#### Front camera system

A range of class-leading driver assistance and safety features are controlled by the front camera system

#### Forward collision alert

The system operates automatically from 3mph and gives an audible warning as well as a visual warning when approaching another vehicle too quickly

#### **Speed sign recognition**

and the risk of speeding.

- Recognises different speed signs, including temporary speed restrictions
- Displays reminder in the instrument cluster

#### **Driver attention alert**

help prevent accidents caused by tiredness

#### Lane keeping assist

crossing painted boundary lines or road side edges.

# **Model Specific Features/Option**

#### **Driver Assistance**

**Digital Visiopark 180** 

**Rear parking distance sensors** 

**High beam assist** 

**Rain-sensitive windscreen wipers** 

#### **Drive Assist Pack**

- Highway Integrated Assist (HIA)

- Lane Positioning Assist (LPA)

- Adaptive Cruise Control with Stop & Go (ACC)
- Extended Panels Recognition (e-TSR)

Detects and then displays speed limits, reducing uncertainty

- The system monitors driving time and driving behaviour to
- If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle

#### Wipers

- Intermittent rear window wash/wipe
- Magic Wash System Mounted in the front windscreen wipers, Combo Life Electric models benefit from our innovative windscreen wash system, designed to more effectively distribute water and reduce wastage. Using nozzles located above the wiper blades, fluid is distributed as the wiper sweeps the windscreen. This avoids the 'temporary blindness' of more conventional bonnet mounted systems between fluid release and wiper sweeping, improving visibility

	Option code	Design	Ultimate
	QK13	£150	
- AEBS3	ZVLO		£1,100

# **Driver Information and Security**

**Standard Features** – The following features are standard across the entire Combo Life Electric range. Specific features by model are outlined in the separate tabular information.

### **Driver Information**

#### Instrumentation

- Speedometer

# Vauxhall Connect

#### Safety

The more you know, the safer your journey - that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

#### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

#### e-Remote control (Electric only)\*\*

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even

pre-set your vehicle's cabin temperature before you get in.

#### Convenience

- E-remote control
- Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature

#### (additional subscription)

#### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom<sup>®</sup>, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

#### Maintenance

Connected services are here for you – even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle – and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

\*Standard on Electric models only. Subject to subscription – after you have taken delivery of your vehicle, to subscribe click here \*\*via MyVauxhall App.<sup>†</sup>Standard on models with Satellite Navigation only. Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation.

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

#### Explore MyVauxhall

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys - and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

<sup>#</sup>Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO<sub>2</sub> values of other cars tested to the same technical standard. The fuel consumption achieved, and CO<sub>2</sub> produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO<sub>2</sub> figures. The CO<sub>2</sub> figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification. \*Correct at time of publication.

# **Combo Life Electric Specifications**

#### Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park Reverse Neutral Drive
- Braking (for increased regenerative braking)

#### **Drive mode selector**

The driver can determine the driving style by selecting one of the following modes:

- Normal: for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

#### Charging

Combo Life Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option. For more details please consult your local Retailer.

#### Braking

#### **Energy recuperation**

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

#### Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxha App or by using the infotainment system.

Vauxhall have partnered with Octopus Energy to provide everything you need for your Comb Electric, including a new tariff, charger and a solution for charging on the go making owning an electric vehicle easier and hassle-free.

**Click here for more information** 

The Combo Life Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

\*\*Requires optional 11kW on board charger.

Drivetrain – Electric					
CO₂ emissions	0g/km				
Maximum power	100kW (136PS)				
Maximum torque	270Nm (199lb. ft.)

**Six-speed manual gearbox** 1.5 (100PS) Turbo D models

### **Eight-speed automatic transmission**

1.5 (130PS) Turbo D models

Replacing the traditional lever, the automatic transmission selection-mode dial/drive wheel is an innovation solution that is both elegant and intuitive. By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for automatic backward motion

# **Fuel tank capacity**

1.5 (130PS) Turbo D automatic

Please note: Gross vehicle weight is the total permissible weight of the vehicle including passengers and their luggage. The maximum roof rack loading should not exceed 100kg on all models. The maximum towing weights are based on the ability of the car, with two occupants of 75kg each, to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. The permitted trailer load applies up to the specified incline and up to an altitude of 1000 metres above sea level. The permissible gross train weight decreases by 10% for every 1000 metres of additional altitude. Any extra weight, such as luggage or additional passengers, should be deducted from the maximum towing weight. Always fit Vauxhall towing attachments and accessories available from your Vauxhall Retailer. They are designed specifically for Vauxhall models and carry a 12-month guarantee. During trailer towing do not exceed a maximum speed of 60mph. This speed limit is also applicable in countries with higher permitted speeds for trailer-vehicle combinations. Pay attention to the local speed limits. For trailers with low driving stability and caravans the use of an oscillation damper is strongly recommended.

Gross vehicle weight	Maximum towing weights Trailer with brakes (without brakes)
2120	1300 (750)
2100	1300 (750)
2310	1100 (750)

# **Company Car Driver and Fleet Information**

#### Benefit in kind company car taxation\* The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

#### **Generic example:**

ELECTRIC vehicle: Og/km CO <sub>2</sub>	
On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty	£0.00
New vehicle first registration fee	-£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2023 – 24 tax year (2%)	£557.00
Benefit in kind tax liability	
Basic Rate (20%) tax payer	£111.40
Higher Rate (40%) tax payer	£222.80

\*Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

#### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

#### The BiK rates for Scotland are:

- Over £12,571 £14,876 Starter Rate 19%
- Over £14,877 £26,561 Basic Rate 20%
- Over £26,562 £43,662 Intermediate Rate 21%
- Over £43,662 £75,000 Higher Rate 41%
- Over £75,001 £125,140 Advanced Rate 45%
- Above £125,140 Top Rate 48%

#### To calculate your own personal liability, click the link Vauxhall BiK Tool

#### Vehicle Excise Duty<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric
А	0	£O	£O
В	1-50	£10	£O
С	51 – 75	£30	£20

# **Further Information**

#### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

#### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

#### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

• Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

#### Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

# **LEASYS**

#### Leasys UK

Leasys is the proud Business Contract Hire partner of Vauxhall and consequently, can provide quick vehicle delivery to keep your business mobile. Specialised in Medium to Long-Term Leasing options and Fleet Management solutions for businesses of all sizes, Leasys lead mobility by offering sustainable and innovative solutions designed around customers, for a best-in-class experience. Their team of experts can personally support you and provide dedicated consultation. Leasys is equally owned by Stellantis and Crédit Agricole Consumer Finance and is a member of the British Vehicle Rental and Leasing Association (BVRLA). For further information, please contact your local Vauxhall Retailer or visit leasys.com/uk

\*Correct at time of issue.\*\*Terms and conditions apply. Please click here for full terms and conditions. \*Mobile phone users will be charged at their standard tariff. \*\*Calls may be recorded. Stellantis Insurance is a registered trading style of UK Insurance Limited. Stellantis Insurance policies are arranged, administered and underwritten by UK Insurance Limited. Registered office: The Wharf, Neville Street, Leeds LS1 4AZ. Registered in England and Wales No.1179980. UK Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority.

#### In the event of an accident

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

#### Vauxhall Flexcare – Service Plans and **Extended Warranty**

Designed for your peace of mind. A collection of extended warranty and service plans to match the way you drive.

#### **Extended Warranty**

An extended warranty for your Vauxhall offers you similar cover for material or manufacturing defects beyond the original warranty period on the vehicle. By choosing an official Vauxhall Extended Warranty, we guarantee that any repairs you need are carried out by Vauxhall trained technicians using genuine Vauxhall parts.

#### **Service Plans**

There's no need to worry about budgeting for your next service. Simply take out a Vauxhall Fixed Price Service Care Plan. You can then focus on the more important things in life, knowing your servicing costs are taken care of. For more information, click on the link below or call us on 0345 600 2065. See vauxhall.co.uk/discover/ here-for-you.html

# **Safety features**

#### 1. Intelligent speed assistance

Recognises speed limit signs and visually warns the driver of local restrictions followed by an acoustic warning if the limit is exceeded.

#### 2. High beam assist

Switches the headlights between high beam and dipped beam automatically to avoid blinding other drivers.

#### 3. Lane keep assist

If the driver has not actively steered or signalled, the system performs corrective steering actions to help prevent the vehicle crossing painted boundary lines or road side edges.

#### 4. Active cruise control with stop and go facility (Optional)

Maintains the speed set but if a slower vehicle is detected ahead, the system will automatically lower the vehicle speed to keep a safe distance. The system will bring the vehicle to a complete standstill if required.

#### **Driver attention alert\***

Monitors your time behind the wheel and sends a warning after two and three hours continuous driving. The system continues to analyse driving patterns via the front camera and steering wheel movements,

# **Emergency Braking System (AEBS)\***

and then warns you when it's time to take a quick break. Forward collision alert incorporating Advance This system alerts the driver of a potential forward collision through a combination of visual and then audible warnings. Should the driver fail to react, autonomous emergency braking is triggered to help mitigate/avoid the impact by reducing the speed of the vehicle. AEBS provides additional assistance to optimise braking performance while a dynamic brake support function boosts pressure to help further minimise stopping distances.

# **Driver Assistance**

**Standard Features –** The following features are standard across the entire New Vivaro Life Electric range. Specific features by model are outlined in the separate tabular information.

#### Steering

- Speed sensitive electrically assisted power steering
- Reach and rake adjustable steering
- Cruise control

#### Visibility

- Rain sensitive windscreen wipers with variable intermittent wipe
- Intermittent rear window wash/wipe
- Laminated, acoustic windscreen

## **Model Specific Features/Options**

#### **Driver Assistance**

Automatic transmission with e-toggle shift

7.4kW single-phase on-board charger with 6m mode-3 7kW cable

11kW three-phase on-board charger with mode-3 22kW cable

#### Visio-park

# Vauxhall Connect

#### Safety

The more you know, the safer your journey that's why our smart tech and connected services keep you constantly updated on what's going on inside and outside your vehicle.

#### Peace of mind

- Emergency call (SOS e-call)
- Breakdown call (b-call)

#### e-Remote control

Want seamless charging and added levels of comfort? Use e-Remote to schedule charging times, keep an eye on your range and even pre-set your vehicle's cabin temperature before you get in.

#### Convenience

- E-remote control (Electric only)\*\*
- · Remote check of battery level, programming and charge management
- Pre-conditioning of vehicle temperature (additional subscription)

#### Live navigation plus<sup>†</sup>

With real-time directions and traffic information from the leading European GPS provider, TomTom®, every journey will be a breeze.

- TomTom<sup>®</sup> services
- Real time traffic news
- Parking prices and availability
- Weather forecast on your journey
- Natural voice control
- Fuel prices at petrol stations
- Search for charging stations
- Quick search for points of interest
- Road safety alerts

#### Maintenance

Connected services are here for you even when things go wrong. Our Intelligent Telemaintenance service monitors the key functions of your vehicle – and notifies you as soon as something needs attention.

- Vehicle status and information\*\*
- Maintenance alerts, fuel level, average fuel consumption and mileage

Vauxhall Connect\* is the smart way to stay connected while on the road. Innovative technology systems and related services keep our drivers safe and provide an exciting, efficient yet safe trip.

#### **Connect ONE**

Covers Emergency call and Breakdown call, **Telemaintenance and Vehicle Status** & Information.

#### **Connect PLUS**

Covers Public charging, Pre-conditioning, Live Navigation and Remote Access.

#### **Explore MyVauxhall**

Ready to make life easier? Meet MyVauxhall - your one-stop shop for everything Vauxhall. Plan journeys from the comfort of your armchair. View your next scheduled service, book a vehicle repair, access your handbook and much more!

Also if you drive an electric vehicle or plug-in hybrid, you'll love our e-Remote Control app feature. Use it to pre-condition your cabin temperature before journeys – and maximise your charge. Or pre-schedule charging times at night, and benefit from cheaper electricity.

# **Specifications**<sup>\*</sup>

### **Single-Speed Electronic Drive Selector**

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

• Park • Reverse • Neutral • Drive

#### **Drive Mode Selector**

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity
- Normal: for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode
- ECO: for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance

#### Braking

#### **Energy recuperation**

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery.

#### Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

### Charging

New Vivaro Life Electric comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option. The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- White: welcome light that helps to light up the area, especially useful in dark conditions
- Flashing green: charging in progress
- **Solid green:** charging complete
- Solid blue: delayed charging toggled; changes to flashing green when charging commences
- Solid red: malfunction

The driver may also choose from two settings:

- Immediate charging (the standard setting): Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time.

**Click here to** find out more

The New Vivaro Life Electric is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

# **Company car driver and fleet information**

#### Benefit in kind company car taxation\*

The car benefit charge will be the car's list price (including VAT, options and accessories fitted, delivery to Retailer and number plates, but excluding Vehicle Excise Duty and new vehicle first registration fee) multiplied by the percentage charge for the CO<sub>2</sub> emissions band in which the car falls (see table opposite). Multiply this figure by your personal income tax rate (20%\*\* for Basic Rate, 40%\*\* for Higher Rate) to calculate your annual benefit in kind tax liability.

#### **Generic example:**

ELECTRIC vehicle: 0g/km CO <sub>2</sub>	
On-the-road RRP	£27,305.00
Deduct: Vehicle Excise Duty New vehicle first registration fee	£0.00 -£55.00
Effective list price	£27,250.00
Add: Optional two-coat metallic paint	£600.00
List price for tax purposes (P11D value)	£27,850.00
Car benefit charge 2023 – 24 tax year (2%)	£557.00
Benefit in kind tax liability Basic Rate (20%) tax payer Higher Rate (40%) tax payer	£111.40 £222.80

\* Please note this Price Guide provides taxation information as a guide only. Vauxhall does not provide taxation guidance. Drivers should always take professional advice on their own tax position. \*\*Excludes residents of Scotland.

#### **BiK for Scottish Residents**

Effective 6 April 2018 the Scottish Government have introduced their own BiK taxation structure. This only applies to Company Car Drivers that are Scottish taxpayers. HMRC will determine whether or not an individual is a Scottish taxpayer based on where their main place of residence is.

#### The BiK rates for Scotland are:

- Over £12,571 £14,876 Starter Rate 19%
- Over £14,877 £26,561 Basic Rate 20%

#### Vehicle Excise Dutv<sup>†</sup>

The amount of Vehicle Excise Duty (road fund licence) payable on new cars varies depending on the level of carbon dioxide (CO<sub>2</sub>) emissions produced by the vehicle. CO<sub>2</sub> emissions are measured in grams per kilometre (g/km) travelled and divided into 13 charging bands shown in the table below.

A 'first year rate' of Vehicle Excise Duty is payable on all new cars and in subsequent years the amount payable reverts to a different rate. Also, for vehicles with a list price over £40,000, including factory-fitted options, an additional £410 is payable for five years after registration.

VED Band	CO₂ (g/km)	First year rate Petrol/ Diesel	First year rate Hybrid/ Electric
А	0	£O	£O
В	1–50	£10	£O
С	51 – 75	£30	£20
D	76 – 90	£135	£125
E	91 – 100	£175	£165
F	101 – 110	£195	£185
G	111 – 130	£220	£210
Н	131 – 150	£270	£260
I	151 – 170	£680	£670
J	171 – 190	£1,095	£1,085
K	191 – 225	£1,650	£1,640
L	226 - 255	£2,340	£2,330
М	Over 255	£2,745	£2,735

#### Fleet Toolbox

The Fleet Toolbox has a host of useful calculators. comparators, interactive listings and information.

#### **Special Vehicles (Police, Fire and Ambulance)** Email: psvo@stellantis.com

<sup>†</sup>Correct at time of issue.

# **Further Information**

#### **On-the-road prices**

To eliminate uncertainty about hidden costs when buying a new car, Vauxhall publishes on-the-road recommended retail prices (RRP) and these are shown in the pricing tables within this price guide. These prices include VAT, number plates and delivery to Retailer of £900.00 (including £150.00 VAT), 12 months' Government Vehicle Excise Duty and the DVLA new vehicle first registration fee of £55.00.\*

Please note: The on-the-road recommended retail price (RRP) does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and the customer.

#### **Price protection**

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available. Please note: Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

#### **Customer Care Commitment**

For added peace of mind, Vauxhall has an innovative Customer Care Commitment that offers the following:

• Three-year vehicle warranty consisting of a one year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation

- Vauxhall Assistance for 12 months from first registration
- Six years' body panel anti-perforation warranty

Please note: Warranty is only available on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

#### Vauxhall Assistance

Vauxhall Assistance is provided automatically with every new Vauxhall for 12 months from first registration and covers everything from accident assistance, roadside recovery and 'at home' service to flat tyres. For even more peace of mind, on fully electric models, the cover is extended\*\* to 3 years. Even more reason for you to stay calm and let us take care of everything should the need arise. With Vauxhall Assistance help is literally just a free<sup>†</sup> phone call away, 24 hours a day, 365 days a year!

# LEASYS
