Combo-e Dynamic

VX_COMV_e_31985

First up is the Combo-e Dynamic, loaded with features and future-proofed technology to match.

Combo-e Sportive

VX_COMV_e_31987

The Combo-e Sportive is a fully-electric van with an edge, offering low running costs and even more practicality.

Dynamic

VX_COMV_31997

Boasting superb value for money the Dynamic diesel model is an entry-level to new van ownership.

Sportive

VX_COMV_31983

The Combo Sportive diesel offers an edge with low running costs, good looks and even more practicality.

Elite

VX_COMV_32804

Our range-topping and extra impressive safety-orientated Combo Elite completes the range.

Combo-e Range Highlights

Dynamic

Standard features include:

- Radio
 - 5-inch touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
- Four speakers
- Vauxhall Connect
- Air conditioning
- 16-inch steel wheels with centre caps
- Cruise control with speed limiter
- Steering column adjustable for reach and rake
- Electrically adjustable/heated door mirrors
- Electrically operated front windows
- Nearside sliding side-access door (L1 models only)
- Nearside and offside sliding side-access doors (L2 models only)
- Twin solid rear doors
- Rear parking distance sensors
- Remote control security alarm system
- Emergency tyre inflation kit
- Side-protection mouldings
- Driver's airbag
- Electronic stability programme with traction control
- Anti-lock braking system
- Hill start assist
- Full-height steel bulkhead
- Daytime running lights

- Automatic lighting control
- Remote control central deadlocking
- Steering wheel mounted audio controls
- Engine deadlock immobiliser
- Electronically protected audio equipment
- Full-width overhead storage shelf
- Height-adjustable driver's seat with manual lumbar adjustment
- Four-way adjustable passenger's seat with underseat storage
- Driver's top-lidded glovebox

Crew Van Dynamic

Additionally feature:

- Two-position moveable ladder frame bulkhead
- Three-seat second-row bench
- Rear lap and diagonal inertia-reel seatbelts
- Nearside and offside sliding side-access doors
- Front passenger's airbag
- Driver and front passenger's side-impact airbags

Sportive

Features over Dynamic models:

- Multimedia audio system
 - 8-inch colour touchscreen
- FlexCargo Pack
 - Dual front passengers' fixed bench seat
 - Fold-flat centre seat backrest with table
 - Two-way foldable outer seat
 - Load-through bulkhead
- Electronic parking brake
- Body-colour door mirrors
- Body-colour front and rear bumpers
- Metallic paint
- 16-inch steel wheels with full-diameter wheel trims
- Front fog lights

Combo Range Highlights

Dynamic

Standard features include:

- Radio
 - 5-inch touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
- Four speakers
- Vauxhall Connect
- Air conditioning
- 15-inch steel wheels with centre caps (2000 models)
- 16-inch steel wheels with centre caps (2300 models)
- Cruise control with speed limiter
- Steering column adjustable for reach and rake
- Electrically adjustable/heated door mirrors
- Electrically operated front windows
- Nearside sliding side-access door (L1 models only)
- Nearside and offside sliding side-access doors (L2 models only)
- Twin solid rear doors
- Rear parking distance sensors
- Remote control security alarm system
- Emergency tyre inflation kit
- Side-protection mouldings
- Driver's airbag
- Electronic stability programme with traction control
- Anti-lock braking system
- Hill start assist
- Full-height steel bulkhead
- Daytime running lights

- Automatic lighting control
- Remote control central deadlocking
- Steering wheel mounted audio controls
- Engine deadlock immobiliser
- Electronically protected audio equipment
- Full-width overhead storage shelf
- Height-adjustable driver's seat with manual lumbar adjustment
- Four-way adjustable passenger's seat with underseat storage
- Driver's top-lidded glovebox

Dynamic 4x4*

Additionally feature:

- Selectable 4x4 drive system with viscous-coupling
- ECO front-wheel drive mode
- Increased ground clearance 185mm
- Underbody protection for engine, gearbox and fuel tank

Crew Van Dynamic

Additionally feature:

- Two-position moveable ladder frame bulkhead
- Three-seat second-row bench
- Rear lap and diagonal inertia-reel seatbelts
- Nearside and offside sliding side-access doors
- Front passenger's airbag
- Driver and front passenger's side-impact airbags

Sportive

Features over Dynamic models:

- Multimedia audio system
 - 8-inch colour touchscreen
- FlexCargo Pack
 - Dual front passengers' fixed bench seat
 - Fold-flat centre seat backrest with table
 - Two-way foldable outer seat
 - Load-through bulkhead
- Electronic parking brake
- Body-colour door mirrors
- Body-colour front and rear bumpers
- Metallic paint
- 16-inch steel wheels with full-diameter wheel trims
- Front fog lights

Elite

Features over Sportive models:

- Multimedia Navi Pro system
 - Satellite navigation
 - Voice control
- Sight and Light Pack
- Surround rear vision
- 16-inch alloy wheels
- Front and rear parking distance sensors
- Body-colour door handles
- Body-colour sliding side-access door rail cover
- Onyx black door mirrors
- Full-height steel bulkhead
- Four-way adjustable passenger's seat with underseat storage
- Traffic sign recognition
- Lane departure warning with lane keep assist
- Driver drowsiness system
- Forward collision alert
- Automatic emergency braking with pedestrian detection
- Leather-covered steering wheel
- Front passenger's airbag
- Driver and front passenger's side-impact airbags
- LED daytime running lights

Combo-e Dynamic

VX_COMV_e_31988

Dynamic OTR £25,848.33*

Infotainment:

- Radio
 - 5-inch touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
- Four speakers
- Vauxhall Connect

Interior convenience/styling:

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 exc. VAT (£700.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £3,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded.

*Provisional data. **Minimum Mass for standard vehicles will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

Combo-e is not covered by our Price Protection Guarantee. See 'Further Information' page for details.

VAT reclaimable status requires a minimum 1-tonne payload for Crew Vans in accordance with HMRC guidance. Crew Vans with a payload of less than 1-tonne may be eligible for VAT reclaimable status, subject to further HMRC assessment. Customers are advised to consult their local HMRC office or visit www.gov.uk/government/organisations/hm-revenue-customs for further details in relation to VAT reclaimable status. Payload calculations should take into consideration local UK Specification and Trim Level. Ordered options may also impact payload.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 600kg – all models.

*Minimum Mass for standard vehicles include coolant, oil and 90% full fuel tank. They will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

The Dangel 4x4 system

The Dangel 4x4 system features 4x4 on demand via an On/Off mode selector (default on start-up is FWD). It adapts to varying roads and weather conditions and can easily change into two modes.

ECO 2WD mode: In this mode the 4x4 driveline is disengaged by a jaw clutch in the front transfer case. The vehicle works in FWD and this improves fuel economy and reduces tyre wear when 4x4 is not necessary.

AUTO 4WD mode: In conditions of normal surface grip, the vehicle works in standard FWD. If the front axle loses traction, the viscous-coupling unit transfers a part of the available torque to the rear axle. This intervention is automatic, smooth and only when necessary. The vehicle returns to FWD as soon as the front axle retains sufficient traction.

Advantages...

- 4X4 with viscous-coupling and ECO 2WD position
- Standard ground clearance 180mm (+90 mm with further increase available with 4x4 Plus Pack)
- Underbody protection for engine, gearbox and fuel tank
- Dangel 4x4 system adds just 110kg

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33, 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 600kg – all models.

*Minimum Mass for standard vehicles include coolant, oil and 90% full fuel tank. They will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

[#]Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Safety

Standard Features – The following features are standard across the entire Combo range.

Airbags

- Driver's airbag
- Front passenger's airbag (Automatic and Elite models only)
- Driver and front passenger's side-impact airbags (Elite models)

Braking

- Anti-lock braking system (ABS)
- Electronic stability programme
- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel
- Emergency brake assist
- Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

Bulkhead

- Full-height steel bulkhead – Sportive models include load-through facility

Driver/passenger safety

- Energy-absorbing steering column
- Side-impact protection beams
- Reinforced passenger safety cell
- Deformation zones front and rear
- Height-adjustable front seatbelts

Stability

- Electronic Stability Programme (ESP) – ESP monitors many different inputs to determine when the car starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

Additional ESP features

- Traction control
- Corner stability control
- Engine drag torque control – Improves directional stability by preventing the driven wheels from locking on slippery surfaces under the influence of engine braking

Additionally Crew Van models feature

- Rear lap and diagonal seatbelts
- Two-position moveable ladder frame bulkhead
- Front passenger's airbag
- Driver and front passenger's side-impact airbags

VX_COMV_28938

Full-height steel bulkhead.

Requires cruise control or adaptive cruise control. Not available on 4x4 models	B26	£805	£805	£805	£805	£805	●	£805

*Optional at extra cost excluding VAT. **Only available when passenger's airbag options are specified.

Driver Assistance

Standard Features – The following features are standard across the entire Combo range.
 Specific features by model are outlined in the separate tabular information.

Parking sensors

- Rear parking distance sensors

Cruise control with speed limiter

With steering wheel mounted controls. Enables you to maintain a constant speed, making it ideal for economical motorway driving.

Driver drowsiness system

The system monitors driving time and driving behaviour to help prevent accidents caused by tiredness.
 (Automatic Dynamic models only)

Wipers

- Two-speed windscreen wipers with variable intermittent wipe
- Rain-sensitive windscreen wipers
 (Automatic Dynamic models only)

Speed sign recognition (Automatic Dynamic models only)

Detects and then displays speed limits, reducing uncertainty and the risk of speeding.

- Recognises different speed signs, including temporary speed restrictions
- Displays reminder in the instrument cluster
- Works in conjunction with the cruise control/speed limiter to help the driver adapt to the recognised speed limit

Driver Information and Security

Standard Features – The following features are standard across the entire Combo range.
 Specific features by model are outlined in the separate tabular information.

Driver Information

Instrumentation

- Speedometer and rev counter
- Fuel gauge with low fuel level warning light
- Water temperature gauge with warning light
- Shift-up indication light (manual models only) – Indicates when to change gear for optimum fuel economy

Driver information display

(centrally located in instrument cluster)

- 3.5-inch colour display (Standard on automatic Dynamic models only)
- Trip computer data
- Total mileage
- Service-due indicator

Multi-function trip computer (displayed on driver information display)

- Trip mileage
- Vehicle range based on remaining fuel
- Average speed
- Average fuel economy
- Instantaneous fuel economy

Central facia display (format dependent on infotainment unit)

- Audio information
- Digital clock with automatic RDS time adjustment
- Outside air temperature with ice warning function
- Additional features dependent on infotainment unit (see infotainment for details)

Security

- Electronically protected audio equipment
- Engine deadlock immobiliser
- Visible Vehicle Identification Number (VIN)
- Locking wheel bolts for alloy wheels

Remote control central locking

- Operates on doors and fuel filler/EV charging flap
- Deadlocking
- Central locking activation switch on driver's door
- Two folding keys

Model Specific Features

Convenience

Standard Features – The following features are standard across the entire Combo range.
 Specific features by model are outlined in the separate tabular information.

Interior Convenience

- 12v accessory socket
- Driver's and front passenger's sun visors.
 Vanity mirror on rear of driver's sunvisor
- Dipping rear-view mirror
- Reach and rake-adjustable steering
- USB connection
- Steering wheel mounted audio controls

Interior Storage

- Two facia-mounted drinks holders
- Two drinks holders in centre console
- Large open storage pocket behind infotainment screen
- Small open storage compartment behind gear lever
- Two large and two small open door pockets
- Open storage compartment below glovebox
- Full-width overhead storage shelf with ambient lighting

Heating and Ventilation

- Air conditioning • Cab heating with six-speed fan
- Illuminated controls • Four adjustable facia vents
- Windscreen demist vents • Side window demist vents

Exterior Convenience

Door mirrors

- Twin electrically adjustable/heated door mirrors

Windows

- Solar heat-absorbing windscreen
- Electrically operated windows with safety autoreverse and one-touch up/down facility
- Glazed tailgate with heated window and wash/wipe facility
- Tinted windows

Model Specific Features/Options

Infotainment

Standard Features

Radio with 5-inch mono touchscreen

Standard on Combo-e Dynamic

Standard on Dynamic

Onboard features:

- AM/FM stereo radio • DAB Digital radio
- RDS with Traffic Programme • Four speakers

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls

Additional features:

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Vauxhall Connect*

e-Call and b-Call:

Help when you need it, 24/7, 365 days a year, that's what you get with new Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with a trained advisor, with just the touch of a button.

Live Navigation Plus and more:

You can also access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.

Multimedia with 8-inch touchscreen (IO5)

Standard on Combo-e Sportive. Optional at extra cost on Combo-e Dynamic at £400 excluding VAT

Standard on Sportive and optional at extra cost on Dynamic at £400 excluding VAT

Features as Radio, with the addition of:

- 8-inch colour touchscreen
- Phone book access

Smartphone interface:

- Apple CarPlay • Android Auto™
- Smartphone projection

Multimedia Navi Pro with 8-inch touchscreen (IO6)

Optional at extra cost on Combo-e Dynamic at £550 excluding VAT and Sportive at £150 excluding VAT

Standard on Elite and optional at extra cost on Dynamic at £550 excluding VAT and Sportive at £150 excluding VAT

Features as Multimedia, with the addition of:

- Satellite navigation system

- **Peace of mind:** emergency call, breakdown call and regular vehicle status and information
- **Convenience:** remote functions (e.g. lock/unlock the door).
- **Our additional services for electric vehicles:** trip planning, remote settings or public charging solutions – we keep you going!
- **Smart driving:** enjoy a relaxed ride thanks to live navigation and trip management
- **Traffic alerts:** Live Navigation Plus introduces speed camera, traffic light camera and accident hotspot alerts

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. *Services may require a subscription/fee and are subject to mobile network coverage and availability. Live navigation services are included for 3 years and thereafter are subject to an additional subscription fee. Only available on models with satellite navigation.

Seating and Comfort

All models

Steering wheel:

- Three-spoke flat-bottomed design
- Satin chrome-effect bezel

Seat trim:

- Mistral/Lama grey fabric seat trim inserts
- Mistral grey fabric side bolsters

Front seating:

- Driver's seat (six-way adjustable):
 - Height – Reach – Backrest
 - Manual lumbar adjustment
 - Armrest – Head restraint
- Passenger's seat:
 - Single fixed – Head restraint

Additional Sportive features:

- Passenger's bench seat:
 - Dual front passengers' fixed bench seat
 - Fold-flat centre seat backrest with table
 - Two-way foldable outer seat
 - Head restraints

Additional Elite features:

- Four-way adjustable passenger's seat with underseat storage
- Leather-covered steering wheel

Additional Crew Van features:

- Four-way adjustable passenger's seat with underseat storage
- Three-seat second-row split-folding bench
- Vinyl load floor covering

*Provisional data.

Combo-e Specifications*

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the shifter lets the driver select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power:** with high power reserves for the highest top speed and torque. Recommended at full capacity.
- **Normal:** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode.
- **ECO:** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance.

Braking

Energy recuperation

The regenerative braking system works when the vehicle is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

VX_COMV_e_32786

Drivetrain	Combo-e
CO ₂ emissions	0g/km
Maximum power kW/PS	100/136
Maximum torque Nm/lb. ft.	260/192
Acceleration 0-62mph (sec)	11.7
Maximum speed mph	81
Transmission	Automatic electric drive with fixed gear ratio
Service interval	Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner)

The Combo-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data.

Combo-e Specifications*

Charging

Combo-e comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Combo-e models or with optional Navi Pro).

Charging				
Supply	AC Current			DC Current
	Domestic 13amp	Wallbox 32amp Single-phase	Wallbox 16amp Three-phase	Rapid charge** 0-80%
	1.8kWh	7.4kWh	11.kWh [†]	100kWh

Battery	7.4kW on-board charger
Battery energy kWh	50
EV range (WLTP combined)	171 miles
Battery consumption (Combined low/high)	17.5-19.4kWh/100km
Battery warranty	8 years/100,000 miles/70% capacity

The Combo-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data. **You can obtain 15-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. You can obtain 15-80% of the vehicle charge in 45 minutes from a 50kW rapid charging station. Rapid charging stations are widely available across the UK at various locations and their power rating varies, typically from 50kW and sometimes up to 350kW. The charging time may vary according to the type and power of the charging station, the outside temperature at the charging point and the battery temperature. [†]With optional 11kW on-board charger.

Specifications

Transmission

- Front-wheel drive
- Five-speed manual gearbox 1.5 (100PS) Turbo D models
– Euro 6D TEMP (6.2)
- Six-speed manual gearbox 1.5 (100PS) Turbo D models
– Euro 6D (6.3)
- Six-speed manual gearbox – 1.5 (130PS)
Turbo D models
- Eight-speed Automatic transmission
– available on 1.5 (130PS) Turbo D models

Replacing the traditional lever, the Automatic transmission selection-mode dial/drive wheel is an innovative solution that is both elegant and intuitive. By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for Automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for Automatic backward motion

For an extra experience of dynamism, the shift paddles for Automatic transmissions are located behind the steering wheel, offering drivers an extra level of control that is highly ergonomic and intuitive. The shift paddles function in the following way:

- To go up a gear, the driver must pull the right lever towards themselves
- To go down a gear, the driver must pull the left lever towards themselves*

Steering

- Speed-sensitive electric power-assisted system
- Turning circle (kerb-to-kerb) –
11.0m (36 ft) L1 models, 11.8m (38.7 ft) L2 models

Suspension

Front: Independent. MacPherson struts with gas-pressure dampers and linear-rate coil springs. Anti-roll bar

Rear: Torsion beam with gas-pressure dampers and constant-rate coil springs (variable-rate on 2300 models)

Fuel tank capacity

- 50 litres (10.9 gallons)

AdBlue® tank capacity

- 17 litres (3.7 gallons)

¹A dedicated T-Track adapter (Thule 697-4 or Thule 697-6) is required for the installation of specific roof boxes, contact your local Vauxhall Retailer for details.

Glossary of Terms

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

- Combo roof load should not exceed 100kg including the weight of the roof rack/carrier

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Conversions

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders, and converters: converters-and-groupe-psa.com This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (K9), Vivaro (K0) and Movano (X62). All vital and fundamental information is now located in one place:

- Conversion Guidelines
- Technical Data
- 3D CAD (coming)
- WLTP guidance
- Body shell ordering

Additionally there is a new Q&A service for technical questions, and the new conversion approval process will also be managed through this portal.

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Glossary of Terms

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

Conversions – WLTP

There is a mandatory CO₂ target that comes into effect in 2020. There are specific targets for both cars and light commercial vehicles. With respect to LCVs, Vauxhall will be responsible for the CO₂ of complete converted vehicle, and defined Maxi-Pollutant Values must be respected.

These values are:

- Mass in Running Order (kg)
- Frontal Surface (m²)
- Rolling Resistance Coefficient of tyres (kg/t)
- Air Inlet Surface to cool the engine (dm²)

Conversion Guidelines; Maxi-Pollutant Values and links to CO₂ calculator can all be found on the converter portal at converters-and-groupe-psa.com

Second-stage conversions based on a Euro 6D TEMP engine cannot be registered unless they have passed the CO₂ calculator. If Maxi-Pollutant values are not followed, then CO₂ calculation will fail and converted vehicle cannot be registered. It would be necessary then to change the conversion.

Further Information

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to electric/hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£275.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free[†] phone call away, 24 hours a day, 365 days a year!

[†]Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical

and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see vauxhall.co.uk/recycling

Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

^{††}A radius of five miles/20 minutes from your Vauxhall Retailer.

Choose Your Trim Level

Vivaro-e Dynamic

VX_VIV_e_32018

First up is the Vivaro-e Dynamic, loaded with features and future-proofed technology to match.

Vivaro-e Elite

VX_VIV_32762

The Vivaro-e Elite is the superbly-equipped fully-electric van, offering low running costs with style to match.

Dynamic

VX_VIV_32017

Boasting superb value for money the Dynamic diesel model is an entry-level to new van ownership.

Sportive

VX_VIV_32763

The Vivaro Sportive diesel offers an edge with low running costs, good looks and even more practicality.

Elite

VX_VIV_32764

Our range-topping and extra impressive safety-orientated Vivaro Elite completes the range.

Vivaro-e Range Highlights

Dynamic

Standard features include:

- Automatic transmission with e-toggle shift
- Electronic parking brake
- Electronic stability programme
- Traction control
- ABS with electronic brakeforce distribution
- Hill start assist
- Driver and front passengers' airbag
- Remote control central deadlocking
- Selective door locking
- Full-height steel bulkhead (Panel Van only)
- Six-way adjustable driver's seat with lumbar adjustment and armrest
- Dual front passengers' bench seat with underseat storage
- Multi-function trip computer
- 3.5-inch digital instrument cluster
- Cruise control with speed limiter
- Vauxhall Connect
- Multimedia infotainment unit
- 7-inch colour touchscreen
- Digital radio/AM/FM stereo radio
- Bluetooth® connectivity
- Steering wheel mounted audio and phone controls
- Nearside and offside sliding side-access doors
- Twin solid rear doors
- Electrically operated front windows with one-touch facility
- Electrically adjustable/heated door mirrors
- Remote control security alarm system
- Driver drowsiness alert (based on driving time)
- Cab soundproofing
- Laminated acoustic windscreen
- Front fog lights
- Rear parking distance sensors
- Rain-sensitive windscreen wipers
- Automatic lighting control
- 16-inch steel wheels
- Steel spare wheel

Elite

Features over Dynamic models:

- FlexCargo load-through bulkhead (Panel Van only)
- Fold-flat centre seat backrest providing flat work surface
- Multimedia Navi Pro satellite navigation system
- 7-inch colour touchscreen
- 3.5-inch colour information display
- Head-up display
- Panoramic rear-view camera
- Body-colour front bumpers
- Body-colour rear bumpers (L1)
- Body-colour rear corner bumper with black centre section (L2)
- Chrome-effect front grille
- Front fog lights
- Rain-sensitive windscreen wipers
- Automatic lighting control
- LED daytime running lights
- Lane departure warning
- Speed sign recognition with intelligent speed adaptation
- Side blind spot alert
- Semi-adaptive cruise control
- Forward collision alert with Automatic emergency braking and pedestrian detection
- Electrically folding door mirrors
- Front and rear parking distance sensors
- 17-inch silver alloy wheels
- Two-coat metallic paint

Doublecab Elite

Additionally feature:

- Driver and front passengers' curtain and side-impact airbags
- Three-individually contoured rear seats
- Full-height ABS plastic bulkhead with window

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 exc. VAT (£700.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £6,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 750kg – all models.

*Minimum Mass for standard vehicles will vary according to the vehicle specification (including trim, options and accessories) with a corresponding variation in payload.

**VAT reclaimable status requires a minimum 1-tonne payload for Doublecabs in accordance with HMRC guidance. Doublecabs with a payload of less than 1-tonne may be eligible for VAT reclaimable status, subject to further HMRC assessment. Customers are advised to consult their local HMRC office or visit <https://www.gov.uk/government/organisations/hm-revenue-customs> for further details in relation to VAT reclaimable status. Payload calculations should take into consideration local UK Specification and Trim Level. Ordered options may also impact payload.

†Current incomplete e-LCV are not eligible for PiVG.

[#]Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

Safety and Security

Standard Features – The following features are standard across the entire Vivaro range.

Full-height steel bulkhead.

Safety

Airbags

- Driver's and front passengers' airbag
- Front passengers' airbag with deactivation switch

Braking

- Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering
- Emergency brake assist – When emergency braking is detected the vehicle automatically applies the maximum possible braking assistance
- Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel
- Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline

Bulkhead

- Full-height steel bulkhead without window – Standard on Panel Van
- Full-height ABS plastic bulkhead with window – Doublecab only

Stability

- Electronic Stability Programme-plus (ESP-plus) with traction control – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability

Security

- Electronic engine deadlock immobiliser
- Steering column lock
- Lockable fuel filler/Electric charge flap
- Anti-theft spare wheel cradle

Remote control door locking (features depending on body type)

- Remote control door locking
- Two keys with integral remote
- Door deadlocks
- Selective door locking

Security alarm system

- System monitors doors, tailgate, bonnet and the passenger compartment

Infotainment

Standard Features

Multimedia with 7-inch touchscreen (IO5)

Standard on Dynamic/Sportive models

Onboard features:

- 7-inch colour touchscreen
- AM/FM stereo radio
- DAB Digital radio
- RDS with Traffic Programme
- Four speakers

Media connections:

- USB connection
- Bluetooth® A2DP audio streaming (Advanced Audio Distribution Profile)

Mobile phone portal:

- Bluetooth® connectivity
- Vehicle microphone
- Handsfree calls via steering wheel controls
- Phone book access – Contacts/last calls/missed calls etc. are mirrored on the display and are easily navigated using the touchscreen (features dependent on mobile phone)
- Smartphone interface – Apple CarPlay/Android Auto™

Additional features:

- Steering wheel mounted audio controls
- Flexible roof-mounted aerial

Please note that compatibility and certain functions may be different depending on the type of device and operating system you're using with the Multimedia systems. Apple CarPlay is a trademark of Apple Inc. Apple and iPhone are trademarks of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc, also registered in the U.S. and other countries. *Additional terms and conditions apply to connected services, including customer acceptance of location sharing prior to activation. **Services may require a subscription/fee and are subject to mobile network coverage and availability. Standard on Nav models only. Live navigation services are included for 3 years and thereafter are subject to an additional subscription fee.

Multimedia Navi Pro with 7-inch touchscreen (IO6)

Standard on Elite models and optional at extra cost on Dynamic models at £350 excluding VAT

Features as Multimedia, with the addition of:

- Satellite navigation system • 2D/3D street level mapping
- European coverage • Points-of-interest search
- Eco routing • Map updates via USB
- Second USB connection
- Three years subscription to TomTom Live*
- On-line navigation services provided by TomTom®
- Vivaro-e shortcut key – Energy flow visualization
 - Energy stats visualization
 - Deferred charging options
 - Thermal pre-conditioning
 - Battery/range check
- Ten speakers

Vauxhall Connect**

e-Call and b-Call:

Help when you need it, 24/7, 365 days a year, that's what you get with new Vauxhall Connect. In an emergency or breakdown, you'll be put in touch with a trained advisor, with just the touch of a button.

Live Navigation Plus and more:

You can also access live navigation services, receive regular vehicle diagnostic info plus there's a host of remote convenience features available through the MyVauxhall app.

- **Peace of mind:** emergency call, breakdown call and regular vehicle status and information
- **Convenience:** remote functions (e.g. lock/unlock the door).
- **Our additional services for electric vehicles:** trip planning, remote settings or public charging solutions – we keep you going!
- **Smart driving:** enjoy a relaxed ride thanks to live navigation and trip management
- **Traffic alerts:** Live Navigation Plus introduces speed camera, traffic light camera and accident hotspot alerts

Seating and Comfort

Panel Van

Steering wheel:

- Three-spoke design
- Satin chrome-effect bezel

Seat trim:

- Curitiba Tritone Grey cloth inert with Carla black vinyl side bolsters

Facia and door trim:

- Mistral Black/Grey

Front seating:

- Driver's seat
 - Height – Reach – Backrest recline
 - Lumbar adjustment
 - Driver's seat armrest
 - Padded head restraint

- Dual front passengers' seat with underseat storage
 - Fixed position bench seat and backrest
 - Height-adjustable padded head restraints

No-cost option – Elite models only:

- Single front passenger's seat (AQR)
 - Reach – Backrest recline
 - Padded head restraint
 - Folding backrest
 - Passenger's seat armrest

Doublecab

Steering wheel:

- Three-spoke design
- Satin chrome-effect bezel

Seat trim:

- Curitiba Tritone Grey cloth

Facia and door trim:

- Mistral Black/Grey

Front seating:

- Driver's seat
 - Height – Reach – Backrest recline
 - Lumbar adjustment
 - Driver's seat armrest
 - Padded head restraint

- Dual front passengers' seat with underseat storage
 - Fixed position bench seat and backrest
 - Height-adjustable padded head restraints

Rear seating – Doublecab:

- Second-row seating
 - Three-individually contoured rear seats
 - Inertia-reel lap and diagonal seatbelts
 - Height-adjustable padded head restraints

Please note: Doublecab rear seating is not equipped with ISOFIX child seat mountings.

Vivaro-e Specifications*

Single-speed electronic drive selector

All-electric single speed drive means there is no need for multiple gears. Instead the e-toggle enables the driver to select from the following:

- Park
- Reverse
- Neutral
- Drive
- Braking (for increased regenerative braking)

Drive Mode Selector

The driver can determine the driving style through selecting one of the following modes:

- **Power (136PS):** with high power reserves for the highest top speed and torque. Recommended at full capacity.
- **Normal (107PS):** for a balanced drive that offers a compromise between performance and energy efficiency. WLTP range is validated in this mode.
- **ECO (80PS):** for maximum range and energy efficiency. The ECO mode deactivates all unnecessary energy-consuming features and reduces the top speed, torque and overall performance.

Braking

Energy recuperation

The regenerative braking system works when the van is in motion, energy created by the resistance of the brakes against the drivetrain is converted into DC voltage to partially recharge the battery. The driver can also engage braking mode through the drive selector to increase the level of energy recuperation.

Single foot driving experience

The system not only utilises the energy when the brakes are being used, but also engages when the vehicle is coasting, recovering more energy and enabling single foot driving as the brakes automatically engage when the throttle pedal is released.

Opel_511696

Drivetrain	50kWh	75kWh
CO ₂ emissions	0g/km	0g/km
Maximum power kW/PS	100/136	100/136
Maximum torque Nm/lb. ft.	260/192	260/192
Acceleration 0-62mph (sec)	13.1	14.3
Maximum speed mph	81	81
Transmission	Automatic electric drive with fixed gear ratio	
Service interval	Every 25,000 miles or 2 years (whichever comes sooner). Initial inspection at 12,500 miles or 1 year (whichever comes sooner)	

The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data.

Vivaro-e Specifications*

Charging

Vivaro-e comes fitted with an 7.4kW on-board charger and mode 3 cable. An 11kW on-board charger is available as an extra cost option.

The charging flap's Padlock LED lights up when the cable is correctly plugged in and locked and then acts as a user interface to show the charging status via coloured LED lights:

- **White:** welcome light that helps to light up the area, especially useful in dark conditions
- **Flashing green:** charging in progress
- **Solid green:** charging complete
- **Solid blue:** delayed charging toggled; changes to flashing green when charging commences
- **Solid red:** malfunction

The driver may also choose from two settings:

- **Immediate charging (the standard setting):** Starts charging as soon as the vehicle is docked for charging
- **Delayed charging:** This is especially useful for when cheaper electric rates are desired, e.g. charging at night. Simply enter a charging start time.

Please note, EV range assumes that vehicle has been pre-conditioned prior to journey. This function can be accessed either via MyVauxhall App (standard with all Vivaro-e models or with optional Navi Pro).

Charging				
Supply	AC Current			DC Current
	Domestic 8amp	Wallbox 32amp Single-phase	Wallbox 16amp Three-phase	Rapid charge** 0-80%
	1.8kWh	7.4kWh	11.kWh†	100kWh

Battery warranty	8 years/100,000 miles/70% capacity	

The Vivaro-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other cars tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning; pre-conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data. **You can obtain 15-80% of the vehicle charge in 30 minutes from a 100kW rapid charging station. You can obtain 15-80% of the vehicle charge in 45 minutes from a 50kW rapid charging station. Rapid charging stations are widely available across the UK at various locations and their power rating varies, typically from 50kW and sometimes up to 350kW. The charging time may vary according to the type and power of the charging station, the outside temperature at the charging point and the battery temperature. †With optional 11kW on-board charger.

Specifications

Transmission

Six-speed manual gearbox:

- Front-wheel drive
- Transverse engine/gearbox

Eight-speed automatic transmission:

- Front-wheel drive
- Transverse engine/gearbox

By simply twisting the dial, the following modes can be selected:

- Park, for when the vehicle is stationary and the wheels are locked
- Drive, for automatic forward motion
- Neutral, for when the vehicle is stationary, wheels are free
- Reverse, for automatic backward motion

For an extra experience of dynamism, the shift paddles for automatic transmissions are located behind the steering wheel, offering drivers an extra level of control that is highly ergonomic and intuitive. The shift paddles function in the following way:

- To go up a gear, the driver must pull the right lever towards themselves
- To go down a gear, the driver must pull the left lever towards themselves – Please note: only consecutive gear changes are possible

Steering

- Hydraulic power-assisted rack and pinion system
- Energy absorbing steering column
- Turning circle (kerb-to-kerb): 12.4m (40.7ft.)

Brakes

Front ventilated disc brakes: 304mm x 28mm
Rear disc brakes: 290mm x 12mm

Fuel tank capacity

- 70 litres (15.4 gallons)

AdBlue® tank capacity

- 22.5 litres (4.95 gallons)

Start/Stop technology

Vivaro Start/Stop system, fitted as standard to all models offers real benefits by improving fuel economy and reducing CO₂ emissions, particularly in town. It does this by automatically stopping the engine when you come to a standstill, and then restarting as you prepare to move off.

Before automatically stopping the engine a number of system checks are carried out to ensure that it is both safe and practical to do so. To ensure safety, the driver must depress the clutch pedal, shift in to neutral, and then release the clutch pedal. System checks carried out before Auto Stop activates include:

- Start/Stop system is not manually deactivated via the facia button
- Sufficient brake vacuum is available to prevent the car rolling down an incline
- Battery is in good condition and charged
- Outside air temperature and engine temperature are above specified minima
- Electronic climate control (where fitted) is not in maximum heating or maximum cooling mode
- Self-cleaning function of the diesel particulate filter is not active

If all of these conditions are satisfied then the vehicle will Auto Stop.

When you are ready to pull away from standstill, Auto Restart is activated by depressing the clutch pedal.

Whilst at a standstill the vehicle is continually monitored. If necessary, the engine will automatically be restarted.

Conditions that would initiate an Auto Restart include:

- Low battery level
- Brake vacuum below specified minimum
- Start/Stop system is manually deactivated
- Stationary for 5.5 minutes

Dimensions and Capacities

All measurements in mm (inches) unless stated otherwise. Heights shown unladen.

Loadspace Dimensions	L1	L2
Maximum length at load floor – Panel Van*	2512 (98.9)	2862 (112.7)
Mid-height load length – Panel Van	2185 (86.0)	2535 (99.8)
Maximum length with load-through facility maximum length to front footwell – Panel Van	3674 (144.6)	4024 (158.4)
Maximum length at load floor – Doublecab	2017 (79.4)	2365 (93.1)
Mid-height load length behind rear seats – Doublecab	1352 (53.3)	1700 (66.9)
Maximum length at load floor – Doublecab with folding bulkhead (bench seat down)	2018 (79.5)	2367 (93.2)
Maximum length at load floor – Doublecab with folding bulkhead (bench seat folded up)	2029 (79.9)	2376 (93.5)
Maximum width	1636 (64.4)	1636 (64.4)
Width between wheel arches	1258 (49.5)	1258 (49.5)
Maximum height	1397 (55.0)	1397 (55.0)
Loadspace Access		
Side door aperture height	1241 (48.8)	1241 (48.8)
Side door aperture width	935 (36.8)	935 (36.8)
Rear door aperture height	1220 (48.0)	1220 (48.0)
Rear door aperture width	1282 (50.5)	1282 (50.5)
Loading height – Maximum	613 (24.1)	633 (24.9)
Loading height – Minimum	544 (21.4)	600 (23.6)
Loadspace Volumes cu.m (cu.ft.)		
Panel Van	5.3 (187.2)	6.1 (215.4)
Panel Van with load-through facility	5.8 (204.8)	6.6 (233.1)
Doublecab	3.2 (113.0)	4.0 (141.3)
Doublecab with folding bulkhead	4.7 (166.0)	5.5 (194.2)

Vivaro-e is the same dimensions as Vivaro with following differences only:

- Ground clearance + 20 mm versus diesel models
- Loading sill height @ kerbweight is similar to diesel models
- Loading sill height @ GVW + 20 mm versus diesel models

*Maximum load floor length along centre can be impacted by rear door locking mechanism – approximately 50mm.

		– L3	£452				
		Polypro wheel arch protection					
		– L1/L2/L3	£98				

Please note: Prices shown are fully fitted and painted, where applicable and exclude VAT. Please check with your local Vauxhall Retailer for details. It is advisable to ensure your insurance policy is adequate to cover additional fitted accessories. Prices correct at time of publication.

¹Additional parts may be required for fitting alarm system dependent on model. Please consult your local Vauxhall Retailer for details. ²Excludes L1. ³Additional fixing kit required for Platform Cab vehicles.

Glossary of Terms

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

- Vivaro roof load should not exceed 170kg including the weight of the roof rack/carrier

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Conversions

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders, and converters: converters-and-groupe-psa.com This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (K9), Vivaro (K0) and Movano (X62). All vital and fundamental information is now located in one place:

- Conversion Guidelines
- Technical Data
- 3D CAD (coming)
- WLTP guidance
- Body shell ordering

Additionally there is a new Q&A service for technical questions, and the new conversion approval process will also be managed through this portal.

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Glossary of Terms

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

Conversions – WLTP

There is a mandatory CO₂ target that comes into effect in 2020. There are specific targets for both cars and light commercial vehicles. With respect to LCVs, Vauxhall will be responsible for the CO₂ of complete converted vehicle, and defined Maxi-Pollutant Values must be respected.

These values are:

- Mass in Running Order (kg)
- Frontal Surface (m²)
- Rolling Resistance Coefficient of tyres (kg/t)
- Air Inlet Surface to cool the engine (dm²)

Conversion Guidelines; Maxi-Pollutant Values and links to CO₂ calculator can all be found on the converter portal at converters-and-groupe-psa.com

Second-stage conversions based on a Euro 6D TEMP engine cannot be registered unless they have passed the CO₂ calculator. If Maxi-Pollutant values are not followed, then CO₂ calculation will fail and converted vehicle cannot be registered. It would be necessary then to change the conversion.

Further Information

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to electric/hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£275.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free[†] phone call away, 24 hours a day, 365 days a year!

[†]Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical

and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see vauxhall.co.uk/recycling

Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

New Movano Range Highlights

Edition

Standard features include:

- Radio
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
 - Roof mounted aerial
- Vauxhall Connect
- 15-inch steel wheels with centre caps (3500 models)
- 16-inch steel wheels with centre caps (3500 Heavy/4000 models)
- Full-size spare wheel
- Side-repeat indicators
- Steering wheel mounted controls
- Steering column adjustable for reach
- Electronic cruise control with speed limiter
- Electrically adjustable/heated door mirrors with twin lenses
- Manually foldable door mirrors
- Electrically operated front windows
- Nearside sliding side-access door
- Twin unglazed rear doors
- Driver's airbag
- Electronic stability programme
- Remote control security alarm system
- Hill start assist
- Full-height steel bulkhead
- Daytime running lights
- Remote control central deadlocking
- Six-way adjustable driver's seat
- Dual passenger's bench seat
- Seatbelt unfastened warning
- Two cupholders/phone storage
- 12-volt accessory socket in cabin

New Movano-e Dynamic/Dynamic

Features over Edition models:

- Satellite Navigation system
 - 5-inch colour touchscreen
 - USB charger
- Air conditioning
- Rear parking distance sensors
- Glovebox including air-conditioning cooling functionality
- Document holder

Please note: Movano-e Dynamic models do not include Vauxhall Connect.

Edition Chassis/Chassis Crew Cab

Chassis Cab and Chassis Crew Cab models provide the perfect base for the forthcoming factory-backed conversions due to be announced in Q4: Tipper, Dropside, Luton Van and Curtainsider. They also provide an excellent base for a wide variety of specialist body conversions

Chassis Crew Cabs additionally feature:

- Four passenger rear bench seat with underseat storage

New Movano-e Dynamic

Dynamic OTR from £55,723.33*

Infotainment:

- Satellite Navigation system
 - 5-inch colour touchscreen
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection/charger
 - Roof mounted aerial

Interior convenience/styling:

- Air conditioning
- Six-way driver's seat with lumbar adjustment
- Driver's seat armrest
- Dual passenger's bench seat
- Glovebox including air-conditioning cooling functionality
- Document holder
- Electronic cruise control
- Speed limiter
- Steering wheel mounted controls
- Steering column adjustable for reach
- 12-volt accessory socket in cabin

Exterior convenience/styling:

- Rear parking distance sensors
- Electrically adjustable/heated door mirrors with twin lenses
- Manually foldable door mirrors
- Electrically operated front windows
- Nearside sliding side-access door
- Twin unglazed rear doors
- 16-inch steel wheels with centre caps
- Full-size spare wheel
- Side-repeat indicators

Safety/security:

- Remote control security alarm system
- Driver's airbag
- Electronic stability programme
- Hill start assist
- Full-height steel bulkhead
- Daytime running lights
- Remote control central deadlocking
- Seatbelt unfastened warning

New Movano Edition

VX_MOV_32200

Edition OTR from £32,388.33*

Infotainment:

- Radio
 - AM/FM/DAB digital radio
 - Bluetooth®
 - USB connection
 - Roof mounted aerial
- Vauxhall Connect

Interior convenience/styling:

- Six-way adjustable driver's seat
- Dual passenger's bench seat
- Electronic cruise control

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33 exc. VAT (£700.00 inc. VAT) and new vehicle first registration fee of £55.00 (correct at time of publication). Excludes fuel and insurance. Price has been calculated using manufacturer estimates and includes an OZEV grant of up to £6,000.00 which has been deducted from the price of the vehicle (OZEV Grant not available in the Isle of Man). New Movano-e is expected to be a qualifying model for this grant subject to acceptance by OZEV. Please check with your Retailer for latest status. The grant is a government incentive and is subject to withdrawal prior to delivery of your vehicle. Retailers may be required to carry out more than one credit check during the course of the order process. You may be required to place a deposit when placing your order with your supplying Retailer. In the event of a price change, deposit refunds will be governed by your supplying Retailer's policy and as such must be discussed with the supplying Retailer.

*For definitions please refer to Glossary of Terms. Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded.

Movano-e is not covered by our Price Protection Guarantee. See 'Further Information' page for details.

[#]Figures shown are for comparison purposes and should only be compared to the fuel consumption and CO₂ values of other vehicles tested to the same technical standard. The fuel consumption achieved, and CO₂ produced, in real world conditions will depend upon a number of factors including, but not limited to: the accessories fitted (pre and post registration); variations in weather; driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption and CO₂ figures. The CO₂ figures display a range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.

New Movano-e Specifications*

Single-speed electronic drive selector

As the motor is an all-electric single-speed drive unit, there is no need for multiple gears. Instead, the driver selects from the facia-mounted buttons the following:

- **D:** Drive
- **N:** Neutral
- **R:** Reverse

Digital display shown in rear-view mirror:

- Charge level of the drive battery in percentage
- The current (A), voltage (V) level on the drive battery
- 'Go green' on display screen at the start-up

Drivetrain	Movano-e
CO ₂ emissions	0g/km
Maximum power kW/PS	90/120
Maximum torque Nm/lb. ft.	350/258
Maximum speed mph	75
Transmission	Automatic electric drive with fixed gear ratio
Service interval	12,500 miles/1 year (whichever comes sooner)

The Movano-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other vehicles tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

New Movano-e Specifications*

Charging

Movano-e comes fitted with an 7.4kW on-board charger and mode 3 cable. An 22kW on-board charger will be available as an extra-cost option, timings to be advised.

Charging			
Supply	AC Current		DC Current
	Wallbox 32amp Single-phase	Wallbox 16amp Three-phase	Rapid charge** 0-80%
	7.4kWh	22kWh [†]	50kWh
70kWh battery	12h	9h	1h

Battery	7.4kW on-board charger
Battery energy kWh	70
EV range (WLTP high)	139 miles
Battery consumption (Combined low/high)	tba
Battery warranty	8 years/100,000 miles/70% capacity

The Movano-e is a battery electric vehicle requiring mains electricity for charging. Range data given has been determined according to WLTP test procedure methodology. The figures shown are intended for comparability purposes only and should only be compared to other vehicles tested to the same technical standard. The range you achieve under real world driving conditions will depend upon a number of factors, including but not limited to: the accessories fitted (pre and post registration); charging frequency; personal driving style; vehicle load and route characteristics; variations in weather; heating/air conditioning and battery condition. For more information, contact your local Vauxhall Retailer.

*Provisional data. **Rapid charging stations are widely available across the UK at various locations and their power rating varies, typically from 50kW and sometimes up to 350kW. The charging time may vary according to the type and power of the charging station, the outside temperature at the charging point and the battery temperature. [†]With optional 22kWh on-board charger.

Glossary of Terms

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

- Movano roof load should not exceed 150kg including the weight of the roof rack/carrier.

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Conversions

A new conversion portal has been introduced. This significantly improves the transparency and response of all communication with body-builders, and converters: converters-and-groupe-psa.com This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (K9), Vivaro (K0) and Movano (X62). All vital and fundamental information is now located in one place:

- Conversion Guidelines
- Technical Data
- 3D CAD (coming)
- WLTP guidance
- Body shell ordering

Additionally there is a new Q&A service for technical questions, and the new conversion approval process will also be managed through this portal.

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

Glossary of Terms

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

Conversions – WLTP

There is a mandatory CO₂ target that comes into effect in 2020. There are specific targets for both cars and light commercial vehicles. With respect to LCVs, Vauxhall will be responsible for the CO₂ of complete converted vehicle, and defined Maxi-Pollutant Values must be respected.

These values are:

- Mass in Running Order (kg)
- Frontal Surface (m²)
- Rolling Resistance Coefficient of tyres (kg/t)
- Air Inlet Surface to cool the engine (dm²)

Conversion Guidelines; Maxi-Pollutant Values and links to CO₂ calculator can all be found on the converter portal at converters-and-groupe-psa.com

Second-stage conversions based on a Euro 6D TEMP engine cannot be registered unless they have passed the CO₂ calculator. If Maxi-Pollutant values are not followed, then CO₂ calculation will fail and converted vehicle cannot be registered. It would be necessary then to change the conversion.

Further Information

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new car, but you must take delivery as soon as the car is available.

Please note: Price protection does not apply to electric/hybrid models. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit vauxhall.co.uk/AccidentManagement

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£275.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 100,000 miles limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free[†] phone call away, 24 hours a day, 365 days a year!

[†]Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical

and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see vauxhall.co.uk/recycling

Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

^{††}A radius of five miles/20 minutes from your Vauxhall Retailer.

MOVANO RANGE HIGHLIGHTS

EDITION PANEL VAN

Standard features include:

Infotainment:

- AM/FM/DAB digital radio • CD/MP3 Player
- Bluetooth® connectivity
- USB audio connection with iPod control
- Two 15-watt speakers
- RDS with Traffic Programme

Safety/security:

- Driver's airbag
- Height-adjustable outer front seatbelts
- Nearside blind spot/junction mirror (in front passenger sunvisor)
- Wide-angle mirror on driver's side
- Electronic stability programme with traction control
- Side wind assist
- Anti-lock braking system
- Full-height steel bulkhead
- Electronic engine deadlock immobiliser
- Remote control central door deadlocking with selective door locking
- Automatic lighting control with tunnel detection
- Internal lockable cargo doors
- Under-floor spare wheel storage – Wind down only when rear doors opened

Interior convenience/styling:

- Height-adjustable steering wheel
- Adjustable driver's seat with armrest
- Dual front passengers' bench seat
- 12-volt accessory socket
- Overhead storage shelf and 11L lidded glovebox
- Floor-mounted, load-securing eyes

Exterior convenience/styling:

- Rain-sensitive windscreen wipers
- Electrically operated front windows
- Foldable electrically adjustable/heated mirrors
- Easy access nearside sliding side-access door
- Unglazed rear doors

Mechanical:

- 80-litre fuel tank
- 26-litre AdBlue® tank
- 95Ah maintenance-free battery (105Ah on Tecshift models)
- 185A alternator

EDITION DOUBLECAB

Features over Edition Panel Van:

- Fixed windows to standard nearside sliding side-access door and opposite body panel
- Dual front passengers' multi-function office bench seat, featuring flat-folding backrest with twin drinks holders, flat work surface, swivelling tray and underseat storage
- Four-individually contoured rear seats
- Inertia-reel lap and diagonal seatbelts
- Padded head restraints
- Full-length tray under rear seat cushion
- Full-height ABS plastic bulkhead with window

CHASSIS/CREW/ PLATFORM CAB MODELS

Chassis Cab, Crew Cab and Platform Cab models provide the perfect base for one of three factory-built conversions: Tipper, Dropside or Box Van. They also provide an excellent base for a wide variety of specialist body conversions.

Chassis/Crew Cab:

- Box section chassis rails
- Wide top sections with built-in mounting points
- Rear under-run bar (4500 models only)
- Crew Cab models additionally feature a four passenger rear bench seat with underseat storage

Platform Cab:

Ideal for those conversions requiring a low floor and walk-through access from the cab.

Please note: On-the-road recommended retail prices (RRP) include number plates and delivery to Retailer of £583.33, 12 months' Vehicle Excise Duty and new vehicle first registration fee of £55.00. Excludes fuel and insurance.

All conversions must follow 'Vauxhall Converter Requirements' including recommended dimensional data, detailed within Part 1, available at: www.converters-and-groupe-psa.com. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval - for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

Gross plated weights (including axle weights) quoted on the vehicle plate are to UK plated weight specification and must never be exceeded. Unbraked towing weight 750kg - all models.

*For definitions please refer to Glossary of Terms.

For fuel economy and CO₂ two sets of data are provided. All engines are validated to emissions standard Euro 6D Temp (6.2) which uses the newer WLTP cycle. This cycle is intended to be a closer representation to economy achieved in the real world and is included for this transparency. NEDC figures are not from the older cycle but in fact are a derived back-correlation calculation from the WLTP test data. Some systems and protocols such as the 2020 CO₂ target will use this figure, and hence it is included for this, and also to enable comparison to outgoing models.

[#]Fuel consumption data and CO₂ emission data are determined using the Worldwide harmonized Light vehicles Test Procedure (WLTP), and the relevant values are translated back to allow the comparability into NEDC, according to regulations R (EC) No. 715/2007, R (EU) No. 2017/1153 and R (EU) No. 2017/1151. The values do not take into account in particular use and driving conditions, equipment or options and may vary depending on the format of tyres. For more information on official fuel consumption and CO₂ emission values, please read the guidelines at <http://vanfueldata.dft.gov.uk/>

^{##}Fuel consumption and CO₂ emission data are determined according to the WLTP test cycle. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

For fuel economy and CO₂ two sets of data are provided. All engines are validated to emissions standard Euro 6D Temp (6.2) which uses the newer WLTP cycle. This cycle is intended to be a closer representation to economy achieved in the real world and is included for this transparency. NEDC figures are not from the older cycle but in fact are a derived back-correlation calculation from the WLTP test data. Some systems and protocols such as the 2020 CO₂ target will use this figure, and hence it is included for this, and also to enable comparison to outgoing models.

[#]Fuel consumption data and CO₂ emission data are determined using the Worldwide harmonized Light vehicles Test Procedure (WLTP), and the relevant values are translated back to allow the comparability into NEDC, according to regulations R (EC) No. 715/2007, R (EU) No. 2017/1153 and R (EU) No. 2017/1151. The values do not take into account in particular use and driving conditions, equipment or options and may vary depending on the format of tyres. For more information on official fuel consumption and CO₂ emission values, please read the guidelines at <http://vanfueldata.dft.gov.uk/>

^{##}Fuel consumption and CO₂ emission data are determined according to the WLTP test cycle. Full data relating to WLTP test cycles can be found at: www.vauxhall.co.uk/wltp

FEATURES/OPTIONS

SAFETY

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Driver/passenger airbags		●		
• Driver's airbag				
• Front passengers' airbag with deactivation switch – Not available with Convenience Pack option.	AK5	○	260.00	312.00
Stability		●		
• Electronic Stability Programme-plus (ESP-plus) with traction control and side wind assist – Works in conjunction with the vehicle's electronic braking and engine systems to keep the vehicle stable in many different situations. ESP monitors a variety of inputs to determine when the vehicle starts to lose traction, it can then immediately respond by varying the brake pressure between up to three wheels and adjust the engine output to help correct the loss of traction and improve stability.				
Braking		●		
• Four-channel Anti-lock Braking System (ABS) – Prevents the vehicle's wheels from locking up under heavy braking by momentarily reducing brake pressure at the appropriate wheel, ensuring that you can maintain control of the steering.				
• Emergency brake assist – When emergency braking is detected the vehicle Automatically applies the maximum possible braking assistance.				
• Electronic brakeforce distribution – Automatically apportions the optimum braking force to each wheel.				
• Hill start assist – Briefly maintains rear brake pressure to stop the vehicle rolling back on an incline.				
Advanced emergency brake assist		●		
– Standard on RWD DRW 4500 models.				
Advanced Safety Assist Pack	XiFJ	○	550.00	660.00
• High beam headlight assist • Lane departure warning • Side blind spot alert				
Bulkhead		○		
• Full-height steel bulkhead without window – Standard on Panel Van/optional on Platform Cab models.	AX6	○	135.00	162.00
• Full-height ABS plastic bulkhead with window – Doublecab only.		●		
• Full-height steel bulkhead with window – Standard on Chassis/Crew Cab models. Optional on Panel Van/Platform Cab models.	AX9	○	50.00	60.00

● = Standard equipment. ○ = Optional at extra cost.

FEATURES/OPTIONS

SECURITY

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Standard security features • Electronic engine deadlock immobiliser • Steering column lock • Secure fuel filler flap		●		
• Internal lockable rear and sliding side-access doors • Under-floor spare wheel storage – Wind down only when rear doors opened. Standard on Panel Van/Doublecab.		●		
Remote control door locking (features depending on body type) • Selective door locking • Two keys with integral remote • Door deadlocks		●		
• Third key with integral remote	K69	○	60.00	72.00
Security alarm system • Engine compartment protection • Ultrasonic detectors in load area • Siren • Thatcham Category 1 approved (TCL1-101/1103) – Not available on Platform Cab models.	UA6	○	370.00	444.00

● = Standard equipment. ○ = Optional at extra cost.

FEATURES/OPTIONS

HEATING AND VENTILATION

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Cab heating • Four-speed fan • Illuminated controls • Four adjustable facia vents • Windscreen demist vents • Side window demist vents		●		
Air conditioning • Air recirculation facility • Pollen filter • Illuminated controls • Chilled glovebox facility	C60	○	700.00	840.00

CABIN STORAGE

Accessory sockets • 12-volt accessory socket beside gear lever		●		
Facia storage • Driver's coin, ticket and card holder • Driver's oddments storage • Lidded glovebox (11-litre capacity) • Central drinks holder • Front passenger semi-covered document tray		●		
Front door pockets • Large door pocket with capacity for a 2-litre drink bottle • Oddments pocket		●		
Additional storage • Overhead storage shelf		●		

Please note: The air conditioning in vehicles with N1, N2 or M2 type approval relies upon fluorinated greenhouse gases (R134a) for its functioning. The front system contains a quantity of overall 580g of R 134a, which corresponds to a CO₂ equivalent of 0.83 tons. The front and rear system in versions with up to 9-seats contains a quantity of overall 1,100g of R 134a, which corresponds to a CO₂ equivalent of 1.57 tons. The front and rear system in versions with more than 16-seats contains a quantity of overall 1,700g of R 134a, which corresponds to a CO₂ equivalent of 2.43 tons. The global warming potential amounts to 1430. Information acc. to R (EU) No. 517/2014.

● = Standard equipment. ○ = Optional at extra cost.

FEATURES/OPTIONS

COMFORT AND SEATING

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Comfort <ul style="list-style-type: none"> • Height-adjustable steering wheel • Facia-mounted gear lever • Floor-mounted handbrake lever • Pulse cloth seat trim • Vinyl floor covering • Inertia-reel lap and diagonal seatbelts • Height-adjustable outer front seatbelts 		●		
Vinyl seat trim <ul style="list-style-type: none"> • Grey vinyl seat trim – Not available on Doublecab models or with Convenience Pack/air-suspended driver's seat options/ dual front passengers' multi-function office bench seat. 	TAVX	○	50.00	60.00
Driver's seat <ul style="list-style-type: none"> • Height • Reach • Backrest recline • Height-adjustable padded head restraint • Driver's seat armrest 		●		
'Comfort' driver's seat <ul style="list-style-type: none"> • Lumbar adjustment • Height • Reach • Backrest recline • Height-adjustable padded head restraint • Centre fold-away armrest – Not available on L4 R3500 DRW Dropside models. 	B21	○	135.00	162.00
Dual front passengers' bench seat (standard on Panel Van models) <ul style="list-style-type: none"> • Fixed position bench seat and backrest • Height-adjustable outer front padded head restraint • Fixed centre seat padded head restraint – Not available on L3 H1 F3500 Crew Cab Tipper models. 		●		
Dual front passengers' multi-function office bench seat (standard on Doublecab models) <ul style="list-style-type: none"> • Dual front passengers' bench seat • Centre seat features flat-folding backrest with twin drinks holders, flat work surface and swivelling tray • Underseat storage – Not available on L3 H1 F3500 Crew Cab Tipper models. 		●		

● = Standard equipment. ○ = Optional at extra cost.

FEATURES/OPTIONS

COMFORT AND SEATING CONTINUED

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Single front passenger's seat (standard on L3H1 F3500 Crew Cab Tipper models) • Reach • Backrest recline • Height-adjustable padded head restraint – Not available with Convenience Pack option.	AE1	○	60.00	72.00
Convenience Pack (Panel Van) • 'Comfort' driver's seat with armrest and lumbar support • Multi-function office bench seat with folding seat back on centre passenger seat including swivelling work tray and tilt forward seat cushions with underseat storage • Retractable A4 facia document clip • 'One-touch down' facility for driver's electrically operated window • Bulkhead soundproofing – Not available when single front passenger's seat, front passengers' airbag or vinyl seat trim are specified.	XHIA	○	450.00	540.00
Doublecab rear seating • Four-individually contoured rear seats • Inertia-reel lap and diagonal seatbelts • Padded head restraints • Integrated storage nets and cup holders • Full-length tray under rear seat cushion		●		

● = Standard equipment. ○ = Optional at extra cost.

FEATURES/OPTIONS

DRIVER ASSISTANCE

	Option code	Edition	Price (£) exc. VAT	Price (£) inc. VAT
Windscreen wipers • Rain-sensitive windscreen wipers • Electric screenwash		●		
Parking assistance • Surround rear vision – Panel Van/Doublecab models.	5J6	○	850.00	1,020.00
• Front and rear parking distance sensors – Not available on Chassis/Crew/Platform Cab models or derivatives.	UD5	○	300.00	360.00
• Rear-view camera • Front and rear parking distance sensors – Not available on Chassis/Crew/Platform Cab models or derivatives.	UE5	○	450.00	540.00
• Rear parking distance sensors – Not available on Chassis/Crew/Platform Cab models or derivatives.	UD7	○	275.00	330.00
• Nearside blind spot/junction mirror located in front passenger sunvisor		●		
Cruise control, speed limiter and multi-function trip computer • Cruise control • Trip odometer • Vehicle range based on remaining fuel • Average speed • Average fuel economy • Instantaneous fuel economy • Driving time	K34	○	260.00	312.00
Speed limiter – These are factory-fitted speed limiters that cannot be adjusted by driver. • Choice of three speeds: 56mph/62mph/68mph – 56mph speed limiter standard on RWD DRW 4500 models.	KYJ (56mph) KYK (62mph) KYL (68mph)	○	85.00	102.00

● = Standard equipment. ○ = Optional at extra cost.

MOVANO CHASSIS CAB SPECIFICATIONS

Movano chassis cab models feature rugged box section chassis rails, featuring wide top sections with built-in mounting points. The bolted rear under-run bar on 4.5T variants provides additional in-built safety, as well as ample margins for additional bodywork while retaining outstanding payloads.

L2 FWD

L3 RWD

All conversions must follow 'Vauxhall Convertor Requirements' including recommended dimensional data, detailed within Part 1, available at: www.converters-and-groupe-psa.com. The weight of any fitted conversion body will have to be deducted from these figures to establish actual payload and is subject to correct weight distribution. Variations from the recommended dimensions or weights may affect the vehicle's overall centre of gravity and stability. From 29 April 2013 conversion of N1 vehicles was affected by changes to type approval – for further information refer to the VCA website (N2 vehicles were affected from 29 October 2014). For further information please contact conversions@vauxhall.co.uk

All measurements are in mm (inches) unless stated otherwise. Heights shown unladen.

Thule ratchet tie down strap	£14
Thule fold down load stop 315	£52
Thule square bar adapter	£17

GLOSSARY OF TERMS

Plated weight

The maximum weight to which a vehicle or an axle may be loaded, determined either by the design of the components or by legislation. All commercial vehicles must carry a manufacturer's 'plate' showing the vehicle and axle gross 'plated weights'. It is an offence to drive a vehicle in a condition where any of these weights are exceeded.

Minimum Mass

Minimum Mass ('Mass in running order' on Certificate of Conformity and 'Mass in Service' on V5C form) is defined according to European Type Approval and include all fluids, tools and 90% fuel load. It is minimum mass for this variant and does not consider local specification/trim or deletable options (specific to Movano). Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance).

Gross Vehicle Weight (GVW)

The total permissible weight of a vehicle including payload and passengers, as shown on the manufacturer's plate.

Gross Combination Weight (GCW)

The maximum permissible weight of a vehicle, including payload and passengers, combined with the total weight of any trailer it is towing. The maximum GCW weight limit is quoted on the vehicle plate and must not be exceeded.

Payload

The total permissible weight that can be carried without exceeding the vehicle's plated weight. Payload do not include driver but do take into consideration specification/trim level:

Weights are also subject to manufacturing tolerances (EU Legislation allows 5% tolerance). Payload does not consider any additional options that a customer may order.

Roof loads

- Combo roof load should not exceed 100kg including the weight of the roof rack/carrier
- Vivaro roof load should not exceed 170kg including the weight of the roof rack/carrier
- Movano roof load should not exceed 200kg (150kg on H1 models) including the weight of the roof rack/carrier. H3 are not permitted to carry roof loads

Maximum towing weight

The maximum weight of any trailer and its load which may be towed within the limit of the vehicle's plated Gross Combination Weight (GCW). It is based on the ability of the vehicle – at full GCW – to restart on a 12% gradient, which is approximately 1 in 8.3, at sea level. At altitudes above 1500 metres, the engine output may drop with a corresponding reduction in towing capability. It is the operator's responsibility to ensure that the trailer noseweight does not cause the rear axle plated weight of the towing vehicle to be exceeded.

Always fit Vauxhall towing attachments and accessories available from your Vauxhall Commercial Vehicle Retailer. They are designed specifically for Vauxhall models and carry a 12-month warranty.

Light Duty and Heavy Duty cycles

For a Light Duty cycle (EC regulation 715/2007 with designation 'Euro 6') the emissions of the whole vehicle are evaluated whereas for Heavy Duty cycle (EC regulation 595/2009 with designation 'Euro VI') only the engine is bench tested. The requirement of which cycle is necessary is determined by the reference mass of the vehicle. In the case of Movano, reference mass calculations dictate that:

- N1 FWD and M1 FWD are approved as Light Duty
- N1 RWD, N2 RWD and M2 FWD are approved as Heavy Duty

Conversions

With Vivaro a new conversion portal is introduced. This significantly improves the transparency and response of all communication with body-builders, and converters:

www.converters-and-groupe-psa.com

This website contains complete technical guidelines necessary to convert Vauxhall commercial vehicles – Combo (K9), Vivaro (K0) and Movano (X62). All vital and fundamental information is now located in one place:

- Conversion Guidelines
- Technical Data
- 3D CAD (coming)
- WLTP guidance
- Body shell ordering

Additionally there is a new Q&A service for technical questions, and the new conversion approval process will also be managed through this portal.

Any converter of Vauxhall product should create an account on this portal including those using IVA as approval process. In fact WLTP will make this necessary.

Commercial Vehicle Categories

Differences between M1/N1 and M2/N2 (Vehicles with GVW above 3500kg)

Category M: Passenger carriers

Category M1: Vehicles designed and constructed for the carriage of passengers and comprising no more than eight seats in addition to the driver's seat.

Category M2: Vehicles designed and constructed for the carriage of passengers, comprising more than eight seats in addition to the driver's seat, and having a maximum mass not exceeding 5 tonnes.

Category N: Goods vehicles

Category N1: Vehicles designed and constructed for the carriage of goods and having a maximum mass not exceeding 3.5 tonnes.

Category N2: Vehicles designed and constructed for the carriage of goods and having a maximum mass exceeding 3.5 tonnes but not exceeding 12 tonnes.

Specific differences, all M2/N2 require the following:

Speed limiter: All M2/N2 vehicles are legally required to be speed limited. M2 to 62mph and N2 to 56mph.

GLOSSARY OF TERMS

Driver licence: Commercial vehicles with GVW greater than 3.5 tonnes have different license requirements. For any new drivers C1 category is necessary. Under some circumstances (social purposes for a non-commercial body) it is possible to drive a minibus without a D1 entitlement (Minibus) however eligibility for this exemption should be confirmed with DVSA.

Driver CPC: Driver Certificate of Professional Competence mandates 35 hours of periodic training every 5 years to maintain licence (from September 2014).

Tachograph: It is a legal requirement to administer the activities of drivers subject to the EU or AETR drivers' hours rules, and also record the vehicle's speed, distance and time. A Smart Card is required for digital tachograph and these are available from the DVLA. The tachograph of a new vehicle must be calibrated within two weeks of first registration.

Operator's Licence: This may also be required to ensure that vehicles are kept safe and in good condition at all times. Specifically for M2, PSV (public service vehicle) operator's licence is required. Exemptions in some circumstances may be permitted but this should always be confirmed with DVSA.

MOT Testing: M2/N2 must be tested each year, and vehicle presented with a completed Certificate of Conformity (CoC). This is available from Vauxhall (regdata@gm.com) or from converter in case of second-stage conversion.

Conversions - WLTP

There is a mandatory CO₂ target that comes into effect in 2020. There are specific targets for both cars and light commercial vehicles. With respect to LCVs, Vauxhall will be responsible for the CO₂ of complete converted vehicle, and defined Maxi-Pollutant Values must be respected. These values are:

- Mass in Running Order (kg)
- Frontal Surface (m²)
- Rolling Resistance Coefficient of tyres (kg/t)
- Air Inlet Surface to cool the engine (dm²)

Conversion Guidelines; Maxi-Pollutant Values and links to CO₂ calculator can all be found on the converter portal at www.converters-and-groupe-psa.com

Second-stage conversions based on a Euro 6D TEMP engine cannot be registered unless they have passed the CO₂ calculator. If Maxi-Pollutant values are not followed, then CO₂ calculation will fail and converted vehicle cannot be registered. It would be necessary then to change the conversion.

Process change: All vehicles with heavy duty engines to be ordered with WLTP (QYI/QXI/QWI)

- If RM>2610kg, CoC will reflect NEDC automatically
- In case of incomplete versions, at 2nd stage approval NEDC to be assumed if RM >2610kg

Movano engine selection

	Euro 6D Temp Road Load Matrix (RLM) FWD only	Euro 6D Temp Default Road Load FWD only	Euro VID WLTP RWD or FWD
	-	-	XYEP
Low - Manual	QJI 135	QMI 135	QWI 130
Middle - Manual	Q96 150	QZI 150	QXI 145
High - Manual	QVI 180	QUI 180	QYI 165
High - MTA	QBF 180	QFF 180	N/A
Minimum Reference Mass	-	-	2380
Maximum Reference Mass	2610	2840	2610
Maximum Front Area	No change allowed	7.48m ²	8.23m ²
Minimum air-intake area	0.155m ²	0.155m ²	0.155m ²
Rolling Resistance	6.68 Kg/t	6.68 Kg/t	6.68 Kg/t

Reference Mass = unladen vehicle (90% fuel; all fluids; no driver) + conversion + 100kg.

FURTHER INFORMATION

Vauxhall on-the-road recommended retail prices (RRP)

To eliminate uncertainty about hidden costs incurred when buying a new commercial vehicle, Vauxhall publishes on-the-road prices and these are shown in the pricing tables within this price guide. The prices shown are manufacturer's recommended retail prices (RRP) unless otherwise stated, exclusive of VAT (currently at a rate of 20% which may be payable). These prices include the recommended cost of number plates, delivery to a Vauxhall Retailer of £583.33 (£700.00 including VAT), 12 months' Government Vehicle Excise Duty* and the DVLA new vehicle first registration fee of £55.00*.

Please note: The RRP does not include fuel supplied by the Retailer, motor insurance or any other goods or services supplied by agreement between the Retailer and customer.

Price protection for all Vauxhalls

Order a new Vauxhall for build in the current model year (as confirmed by your Retailer) for delivery no more than three months in advance and the price you are quoted is the price you pay. This is irrespective of any subsequent price rises between placing your order and delivery of your new commercial vehicle, but you must take delivery as soon as the commercial vehicle is available. Vauxhall Motors Limited is not liable for price adjustments caused by Government changes in the rate of VAT (currently 20%), Vehicle Excise Duty, DVLA new vehicle first registration fee or by any other applicable legislation or regulations.

In the event of an accident...

Vauxhall Accident Management helps keep you mobile following an accident. Benefits include vehicle recovery, Vauxhall-approved repairs and contacting your insurer. For more details, visit www.vauxhall.co.uk/AccidentManagement

Vehicle Excise Duty

The amount of Vehicle Excise Duty (road fund licence) payable on new commercial vehicles varies depending on gross vehicle weight (GVW) and European standard emissions compliance, as shown below*.

Up to 3500kg GVW	£275.00
Over 3500kg GVW	£165.00

*Correct at time of publication.

Customer Care Commitment

For added peace of mind, Vauxhall has an innovative Customer Care Commitment** that offers the following:

- Three-year vehicle warranty consisting of a one-year/unlimited mileage manufacturer's warranty and a second and third year manufacturer's warranty with a 60,000 miles (Combo) and 100,000 miles (Vivaro and Movano) limitation
- Vauxhall Assistance for 12 months from first registration
- Five years' body panel anti-perforation warranty

**Warranty is only on vehicles sourced from Vauxhall Motors Limited. Terms and conditions apply – please see your Vauxhall Retailer for details.

Vauxhall Assistance

Vauxhall Assistance is provided Automatically with every new Vauxhall Commercial Vehicle for 12 months from first registration and covers everything from accidents, mechanical breakdown to flat tyres. With Vauxhall Assistance help is literally just a free[†] phone call away, 24 hours a day, 365 days a year!

[†]Mobile phone users will be charged at their standard tariff.

Vauxhall Extended Warranty

For complete peace of mind Vauxhall offers an extended warranty that can be purchased on an annual basis following the expiry of the original new vehicle warranty. It covers most mechanical

and electrical components. Terms and conditions apply, for further details please contact your local Vauxhall Retailer.

Protecting the environment

Our products are increasingly winning environmental awards, both through the use of more recycled materials and by becoming cleaner and more efficient. For information on Vauxhall's efforts to achieve an environmentally sustainable future, including information on Design for Recycling, take-back of End-of-Life Vehicles (ELVs), and the recycling of ELVs, see www.vauxhall.co.uk/recycling

Van Business Centres

Keeping your van on the road. We know how important your van is to you, that's why we're geared up to minimise your downtime.

Our nationwide Van Business Centres provide fast, convenient value for money servicing, repairs and MOTs.

- All work is carried out by Vauxhall trained technicians using only genuine parts
- No appointments are required for diagnosis and we offer a 'while you wait' service

We have all the expertise required and will spare no effort to get you back in business as soon as possible.

Vauxhall Service Plan

Vauxhall Retailers offer a great service for owners of all Vauxhall vehicles. Value for money, regular offers and free check-ups, combined with the peace of mind that comes from using Vauxhall-trained technicians and genuine parts, help keep your vehicle in peak condition at all times. Every Vauxhall Retailer supports our customer promise:

We are Vauxhall experts

- Fully Vauxhall-trained technicians
- We use Vauxhall approved diagnostic equipment and specialist tools
- Full access to Vauxhall repair databases and technical centres

We are transparent

- Our invoicing will clearly set out the work at the price agreed with no hidden extras

We are never beaten on price

- We will match any written like for like service/repair quote from a local^{††} competitor using genuine repair methods and parts

We are convenient

- Flexible booking times to suit you
- 'One-stop shop' for every type of Vauxhall service
- While you wait facility on stocked tyres, batteries and exhausts
- Free courtesy vehicle or local collection with annual services and warranty work

We are thorough

- 25 point safety check with any workshop visit
- No obligation advice on essential and non-essential work
- Free check for safety enhancements and upgrades to your vehicle and software
- Free 'Wash and Vac' with every annual service
- Free fitting of wipers and external bulbs with annual services

^{††}A radius of five miles/20 minutes from your Vauxhall Retailer.
