SAFE AS.

TECH TO TAKE CARE OF YOU

We take your safety seriously. Which is why we've packed the Corsa with plenty of tech to keep you safe on the road.

VX_COR_22153

LET THERE BE LIGHT

Night driving? Bad weather? Poor visibility? Whatever it is, our lighting systems will make sure you're always seen, and always safe.

Bi-xenon headlights* with cornering lights offer better visibility at night and on sharp turns. LED daytime running lights improve visibility during daytime and make your car easier to see.

VX_COR_22276

IT'S GONNA BE A SMOOTH RIDE

The electronic stability programme ESP[®]Plus keeps you firmly in control on slippery, slick or dirty roads.

Corsa's advanced suspension gives you a phenomenal level of handling while reducing noise, vibration and harshness on those bumpy city streets.

*Standard on Elite models. Optional at extra cost on Limited Edition, Red Edition, White Edition, Black Edition, SRi VX Line and SE models (includes cornering light function).

PARK SMART.

GAIN PARKING SUPERPOWERS WITH CORSA DRIVING ASSISTANCE

Did you know we spend more hours a year looking for a parking space than we do laughing? (It's true, the internet says so). Well, it's time to put that smile back on your face. The clever little Corsa comes with all the driver assistance systems you need to spend less time faffing, more time having fun.

TRICKY THREE-POINT TURN OR TIGHT PARKING SPACE?

City Mode helps you out with lighter steering for easier handling.

VX_COR_22165

VX_COR_25504

YOU'VE GOT EYES IN THE BACK OF YOUR HEAD (SORT OF)

The rear-view camera** makes it easy to avoid pedestrians, bumps and scratches when you back in and out of tight spaces. And when you're on the go again, side blind spot detection† will warn you of cars you can't see, so you can change in and out of lanes without a problem.

*The driver works the pedals and gears, while advanced park assist steers the car. Optional at extra cost on all models except Sting and Design.

**Standard on Elite models. Optional on most other models in conjunction with parking sensors or advanced park assist.

†Optional together with advanced park assist

LET YOUR CAR DO THE PARKING

Advanced park assist* not only finds you a suitable parking spot but it'll even steer into it. How cool is that?

THIS IS YOUR JAM.

PLAY IT YOUR WAY WITH BLUETOOTH®, USB AND INTELLILINK INFOTAINMENT

Whether you're riding solo or with your mates, there's nothing quite like a long drive blasting your favourite tunes. And in the Corsa, all the songs you love, and so much more are just a button or voice command away. How handy is that?

It'll have you thinking – what can't it do?

Every Corsa is kitted out with a USB connection and Bluetooth®* connectivity as standard whilst Sting models boast an aux-in socket – perfect for connecting all your devices.

And on most models, you'll get the IntelliLink infotainment system** which uses Apple CarPlay™ or Android Auto™ to wirelessly connect and project your phone onto the high-resolution 7-inch touchscreen display.

That means you can play songs, use apps and make calls on the go – without having to take your eyes off the road or hands off the wheel.

Upgrade to the Navi 4.0 IntelliLink and you'll get an integrated sat nav system too.

VX_COR_27580

*The majority of phones, MP3 players and tablets can be connected by either Bluetooth®, USB connection or aux-in. Please note you may need to change your connection method (i.e. from Bluetooth® to USB cable) if you want to access another function on your device.

**Compatibility and certain functions may be different depending on the type of device and operating system you're using with the IntelliLink systems.

Apple CarPlay™ is a trademark of Apple Inc., registered in the U.S. and other countries. Android is a trademark of Google Inc., also registered in the U.S. and other countries.

THIS COULD BE THE IDEAL TRAVEL COMPANION.

Journeys go faster with great company. It's just a good feeling to have someone with you along the way. Which is why your Corsa* comes with OnStar¹, a personal connectivity and service assistant who's always there for you, 24/7, 365 days a year.

At the push of a button, it puts you in touch with someone to help you – could be help to find or unlock your car or immediate help in an emergency – whatever happens, it's there.

Oh yes, and how could we forget it also has a super-handly 4G Wi-Fi Hotspot². Perfect for hooking up to seven devices (I want to be at that party).

Isn't this just the kind of mate you'd like on your next road trip? And we guarantee it won't complain about the music you play.

*Standard on Limited Edition, Red Edition, Black Edition, White Edition, SE and Elite models, optional on all other Corsa models except Sting. **1** OnStar services require activation and an account with OnStar Europe Ltd., a GM company. All OnStar services and Wi-Fi services will cease to be available on 31 December 2020. No trial or paid subscriptions or services, including emergency response services, will be available after that date. Charges apply after applicable trial period. All services subject to mobile network coverage and availability. The OnStar subscription packages could be different from the services included in the free trial package. Check vauxhall.co.uk/onstar for details of availability, coverage and charges. Terms and conditions apply. Vauxhall is not responsible for the provision of OnStar or Wi-Fi services. **2** Wi-Fi Hotspot services require an account with OnStar Europe Ltd. and nominated network operator. Wi-Fi trial has a time limit and capped data allowance. Charges apply thereafter. All services subject to mobile network coverage and availability. **3** OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data.

YOU'RE SAFE

With OnStar you have emergency assistance at your fingertips, available 24 hours a day, 365 days a year.

- **Automatic Crash Response^{1,3:}**

in case of a crash and an airbag deploys, our advisors automatically connect to your car. If needed, they immediately brief the emergency services with key car information and can send them to your exact location.

- **24-Hour Emergency Call Service^{1:}**

you or a passenger are not feeling well? Push the red SOS button and our advisors make sure to send help right away.

- **Roadside Assistance^{1,4:}**

if you have a flat tyre or a warning light in the dashboard goes on, just contact our advisors and they will send Roadside Assistance to your location, if required. This is even more valuable in areas with weaker mobile phone coverage or if your smartphone has run out of battery.

- **Stolen Vehicle Assistance^{1:}**

in case your car gets stolen, report it to the police and get a crime reference number. Once the car stops and is turned off, OnStar blocks the ignition so the car can't be restarted again and provides the police with the exact vehicle location to help retrieve your car safely.

YOU'RE WELL CONNECTED

Nowadays, we're pretty used to having Wi-Fi on tap almost everywhere. So why not your car? And you can use the smartphone app to view the status of some functions, locate your car, and lock or unlock it if needs be.

- **Wi-Fi Hotspot^{1,2:}**

a fast and stable Internet connection enables you and your passengers to work, surf or just stream movies on up to 7 devices – thanks to the powerful OnStar roof antenna.

- **Remote Control^{1,5:}**

if you forgot to lock your car, you can use your smartphone to remotely lock or unlock it, even from afar, thanks to the **My Vauxhall Smartphone App**.

- **Car Locator^{1,5:}**

forgot where you've parked? Pinpoint your car's location on the app. If you are close and still do not see it, just blink the headlights or honk the horn to see where you've parked.

YOU'RE LOOKED AFTER

Who wouldn't want a personal assistant?

At the touch of a button, you'll be connected to an assistant who's at your service – 24 hours a day, 7 days a week.

- **Hotel Booking^{1,6:}**

plans changed? Or too tired to keep driving? Let our advisors take care of your hotel booking en route, powered by Booking.com. Just press the blue Service Button.

- **Destination Download^{1,7:}**

no more address typing! Our advisors assist you in finding an alternative route, a restaurant or a petrol station. They will remotely download the address onto your in-built navigation system, too.

- **Parking Service^{1,8:}**

never search for a car park space again! Using Parkopedia.com, OnStar can find the nearest car park to your destination. That way, before you even get there, you'll already know the availability and parking fee. With destination download⁶, OnStar can send the information direct to your sat nav, making it even easier. How's that for personal service? All without leaving your new Corsa.

⁴ OnStar will direct a professional breakdown recovery team to your location. If your car is within the Vauxhall New Vehicle Roadside Assistance coverage period, OnStar will connect with the Vauxhall roadside assistance service, who will send help free of charge, subject to the Vauxhall roadside assistance terms and conditions. If your vehicle is outside the coverage of the Vauxhall New Vehicle Roadside Assistance service, the provider of the breakdown recovery service may apply charges for the services provided. ⁵ Some elements of Smartphone App may not be available for all cars/trim levels. Check vauxhall.co.uk/onstar or service limitations and charges. ⁶ An OnStar advisor can help you to book a hotel room using Booking.com, subject to Booking.com user terms and privacy statement, which can be found on the Booking.com website, and the applicable terms and conditions for your hotel. OnStar assists you to make a booking and is not responsible for the services provided by Booking.com or the applicable hotel. Email address and credit card required. ⁷ Some elements of Smartphone App and Destination Download may not be available for all cars/trim levels. An embedded Vauxhall navigation unit and map data are requirements for the Destination Download service. Check vauxhall.co.uk/onstar for service limitations and charges. ⁸ Only available for car parks which are listed in Parkopedia. Availability applies only to the moment of contact with OnStar.

CORSA STRIPES AND VXR STYLING KIT

The Corsa is already a looker, but you can ramp up its attention-grabbing good looks even further with a little extra styling.

LOOK SHARP! WITH CORSA ACCESSORY STRIPES

Add some distinctive stripes along your bonnet, roof and tailgate. Or make a splash with the Bubbles decal foil design.

You can take it even further with contrasting door mirror and alloy wheel designs. It's all about making a statement.

GO ALL-OUT WITH VXR STYLING

Make your Corsa bigger, badder and bolder than ever by adding VXR styling accessories.

- // Tone up with front and rear spoilers
- // The straight chrome-sleeved exhaust rounds off a road-hugging rear
- // Rear spoiler and side sills add a streamlined side profile
